How you can help

For a victim survivor, disclosing that they were sexually assaulted can be very difficult. If someone shares their story with you, below are examples of what you can say to express your non-judgmental support.

- **I believe you.**
- **It wasn't your fault.**
- **You are not alone.**
- **Thank you for telling me.**
- **How can I help?**

Victims are never at fault.

It doesn't matter what someone is wearing, what he or she is drinking, or how he or she is acting.

Support may also include providing resources such as:
