

*Transforming People
and Communities*

***We've expanded our Mental Health
Navigation Program to Waupaca County!***

Mental Health Navigation is a free and confidential service available to all residents of Waupaca County. The program aims to provide participants with the resources needed to improve their mental health and functioning by connecting them to local mental health and community resources. Mental Health Navigation attempts to remove barriers to services that enhance resiliency and self-advocacy which in turn supports well-being.
