

NEW LONDON POLICE DEPARTMENT 2015 REPORT

MISSION STATEMENT/WELCOME

"It is the mission of the New London Police Department to deliver the highest quality of law enforcement services to the people it serves, in the most efficient manner possible, to provide protection of life and property, and to give our community the quality of life it deserves to be and feel safe."

Chief's Welcome Statement

I am very excited to have the opportunity to serve the citizens of New London as the Chief of Police for the past 6 1/2 years. I was born and raised in the City of New London and graduated from New London Senior High School. I left for a few years while I attended and graduated from the University of Minnesota Minneapolis with a double major in Law, Criminology, and Deviance and Political Science. After graduating from college I was offered a police officer position with the New London Police Department and started my career here in January of 1996.

The New London Police Department is a progressive agency committed to serving the citizens of New London. The officers of the New London Police Department work hard for the citizens and have a very high clearance rate on major crimes. The New London Police Department has 17 sworn officers. The officers fill positions that include Supervisory Staff, Detective, SWAT, Police School Liaison, Drug Unit Investigator, Field Training Officers, Firearms Instructor, DAAT Instructor, and ICAC Investigator. Our new hires are required to complete a 3 month Field Training Program before they are allowed to patrol on their own.

I hope our annual report is able to answer questions and provides you a better insight to the New London Police Department. If you have any suggestions as to how we can improve, or how we can better serve the community of New London, please let us know.

Thanks,

Chief Jeffrey A. Schlueter

Police Administration

The Administration Division consists of the Chief of Police, Captain, 4 Staff Sergeants. This division is responsible for the coordination and direction of the department. A large task of this division is budgeting, fiscal management, developing and managing department policy, and creating and maintaining city ordinances involving public safety. The Administrative Division also coordinates the management of personnel from recruitment to promotions and internal investigations. Training, scheduling, and purchasing is also a function of this division. The 4 Staff Sergeants work a patrol shift and are typically on duty between 6am-5pm, 5pm-4am, or 7pm-6am: 7 days a week. The Chief of Police, and Captain typically work Monday-Friday.

Patrol

The patrol division is the heart of the New London Police Department. The patrol division is responsible for handling the majority of emergency and non-emergency calls, along with enforcing traffic laws throughout the City of New London. Our patrol division is also responsible for investigating and following up on complaints assigned to them.

The New London Police Department currently has 8 officers and 4 Staff Sergeants assigned to this division. This division works 11 hour shifts, on a 5 day on-5 day off schedule, and provides 24 hour coverage. At any given time there are between 2 and 4 officers patrolling the City of New London.

The New London Police Department Patrol Fleet is comprised of 2 marked squads, 1 marked SUV and 1 unmarked squad.

Investigations

Criminal investigations are an important aspect of the New London Police Department. Each New London Police Officer is trained to conduct thorough and complete investigations. Officers in the patrol division routinely conduct investigations and frequently resolve issues without assistance from an investigator. Those investigations that require additional assistance are forwarded to an investigator. The investigators report directly to the Captain.

The New London Police Department Investigative Division consists of 1 Detective assigned to major crimes and 1 Detective assigned to the Lake Winnebago Drug Unit.

In 2015, the New London Police Department arrested John Brush for the death of a 3 year old child and Anthony Trentlage for the armed robbery at Jernegan's Health Mart. In these cases our agency posted information on Facebook. The information and tips from the citizens helped us in our investigations.

SWAT TEAM

The New London Police Department is part of the Waupaca County Emergency Response Unit. The New London Police Department has 5 members on the Waupaca County SWAT Team.

In 1985 the Waupaca County Sheriff's Department, in cooperation with all Law Enforcement agencies within the County, formed the first Tactical Team in Waupaca County history. The team was named: the Waupaca County Emergency Response Unit (ERU).

The team is multi-jurisdictional and comprised of members from the Sheriff's Department and officers from various agencies within Waupaca County.

All members are FBI trained and are members of the Wisconsin Association of SWAT personnel.

The SWAT Team possess state of the art equipment including a Command Post, Armored Vehicle, Equipment Vehicle, various entry tools and weapon delivery systems. The primary goal of this team is to contain, control and resolve situations as effectively and efficiently as possible while protecting life and minimizing the risk of injuries to all persons involved.

LAKE WINNEBAGO MEG UNIT

The New London Police Department has 1 officer assigned to working drugs. The officer is assigned to the Lake Winnebago Area Metropolitan Enforcement Group which is a collection of investigators from local law enforcement agencies within Outagamie, Winnebago, Fond du Lac, and Calumet Counties, dedicated to helping maintain a drug free environment in which our citizens can thrive.

DISPATCH

The New London Police Department Dispatch Center is open from 8am to midnight 365 days a year. From midnight to 8am the Waupaca County Sheriff's Department dispatches for the New London Police Department.

Dispatchers are generally the first point of contact for the public when they come in to our lobby or phone into the New London Police Department. Dispatchers dispatch officers to calls of service and provide support for the patrol officers by searching data bases and providing the information to the officers out on the road. Dispatchers also maintain report and citation records by adding the information into our computer system and by archiving old reports into Laserfiche.

The New London Police Department Dispatch Center also acts as the back up facility for Waupaca County in the event that the Waupaca County Communications Center has to close down.

The New London Police Department Dispatch Center can also issue license plates.
