Board of Trustees Northfield Township 8350 Main Street Whitmore Lake, Michigan 48189

INDEPENDENT AUDITORS' REPORT

Honorable Board of Trustees:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Northfield Township, as of and for the year ended June 30, 2012, which collectively comprise the Northfield Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Northfield Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Northfield Township, as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 8 through 12 and 47 through 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operations, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Northfield Township's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information, such as the combining and individual fund statements, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management Discussion and Analysis June 30, 2012

Within this section of Northfield Township's annual financial report, the Township's management is providing a narrative discussion and analysis of the financial activities of the Township for the fiscal year ended June 30, 2012. This narrative discusses and analyzes the activity within the context of the accompanying financial statements and disclosures following this section. The discussion focuses on the Township's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the Township's basic financial statements. The basic financial statements include government-wide financial statements, fund financial statements, and notes to the financial statements. The Township also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The Township's annual reports include two government-wide financial statements. These statements provide both long-term and short-term information about the Township's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the Statement of Net Assets. This is the Township-wide statement of position presenting information that includes all the Township's assets and liabilities, with the difference reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Township as a whole is improving or deteriorating. Evaluation of the overall health of the Township may extend to various non-financial factors as well.

The second government-wide statement is the Statement of Activities which reports how the Township's net assets changed during the current fiscal year. The design of this statement is to show the financial reliance of the Township's distinct activities or functions on the revenues generated by the Township.

Both government-wide financial statements distinguish governmental activities of the Township that are principally supported by taxes and revenue sharing from the business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include such activities as general government, public safety, and planning and zoning departments. Business-type activities include water & sewer system operations. Fiduciary activities such as tax collection are not included in the government-wide statements since these assets are not available to fund Township programs.

The Township's financial reporting includes all the funds of the Township (primary government) and, additionally, organizations for which the Township is accountable (component units).

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Township uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Township's most significant funds rather than the Township as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the combining statements later in this report as other supplementary information.

The Township has three kinds of funds:

Governmental funds are reported in the financial statements and encompass essentially the same functions as governmental activities in the government-wide financial statements except with a different focus on the financial activity. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of these resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term. Since the focus of the government-wide financial statements includes a long-term view, a reconciliation of these fund balances has been completed to detail it's relation to net assets.

Proprietary funds are reported in the fund financial statements and are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Fiduciary funds are reported in the fiduciary fund financial statements, but are excluded from the government-wide statements. Fiduciary fund financial statements report resources that are not available to fund Township activities.

Notes to the financial statements

The accompanying notes to the financial statements provide information essential to a full understanding of both the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Other supplementary information includes detail by fund for receivables, payables, transfers, and payments within the reporting entity.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report.

Financial Analysis of the Township as a Whole

The Township's net assets at the end of the fiscal year were \$15,089,785. This is a \$644,191 increase over last year's net assets of \$14,445,594. This increase is typical for the Township.

The following tables provide a summary of the Township's financial activities and changes in net assets:

Financial Analysis of the Township's Funds

The Township's General Fund had revenues over expenditures totaling \$132,172. This is primarily due to significant less legal fees.

The other major governmental funds of the Township are the Law Enforcement and the Fire funds. The revenues exceeded expenditures for the Fire Fund like last year. The Law Enforcement Fund had revenues over expenditures primarily due to inspection fees charged.

The Township's sole proprietary fund, the Sewage Disposal System Fund, reported net income of \$49,436. The increases are due to similar operating costs and lower sewer revenues.

General Fund Budgetary Highlights

The General Fund adopted its budget prior to the fiscal year in accordance with Public Act 493 of 2000. Total actual expenditures were less than budgeted appropriations by \$32,138. The budget was amended during the year to account for immaterial amounts in order to bring it closer to economic reality.

Capital Asset and Debt Administration

The governmental funds purchased \$140,028 of capital assets. Acquisitions included one new police cruiser and project costs incurred on the non-motorized path.

The governmental funds issued no new debt during the year while retiring \$418,353 of previously outstanding debt. Total debt of \$4,991,835 was outstanding as of June 30, 2012.

The business-type fund issued no new debt during the year, but has retired \$565,000 of previously existing debt. Total debt of \$3,385,000 was outstanding as of June 30, 2012.

Economic Conditions and Future Activities

After several years of decreases in which the Township experienced a drop from \$590,000 in 2007 to a low of \$524,000 in 2010 the Township has experienced two years of continued growth in state revenue sharing bringing them back to 2007 levels and anticipates the trend to continue into the next year where projections exceed \$600,000.

Contacting the Township's Financial Management

This report is designed to provide a general overview of the Township's financial position and comply with finance-related regulations. If you have any further questions about this report or request additional information please contact Northfield Township at 8350 Main Street, Whitmore Lake, MI 48189.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 20102

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Township relating to the funds and account groups included in the accompanying combined financial statements conform to generally accepted accounting principles applicable to state and local governments. The more significant accounting policies of the Township are described below.

A. BASIC FINANCIAL STATEMENTS

In accordance with GASB Statement No. 34 - Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, the basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (Statement of Net Assets and Statement of Activities) report on the Township as a whole, excluding fiduciary activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All activities, both governmental and business-type, are reported in the government-wide financial statements using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets and receivables as well as long-term debt and obligations. The government-wide financial statements focus more on the sustainability of the Township as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

The government-wide Statement of Net Assets reports all financial and capital resources of the Township (excluding fiduciary funds). It is displayed in a format of assets less liabilities equals net assets, with the assets and liabilities shown in order of their relative liquidity. Net assets are required to be displayed in three components: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted. Invested in capital assets, net of related debt is capital assets net of accumulated depreciation and reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net assets are those with constraints placed on their use by either: 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations or other governments, or 2) imposed by law through constitutional provisions or enabling legislation. All net assets not otherwise classified as restricted, are shown as unrestricted. Generally the Township would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The Government-Wide Statement of Activities demonstrates the degree to which both direct and indirect expenses of the various functions and programs of the Township are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Indirect expenses for administrative overhead are allocated among the functions and activities using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Interest on general long-term debt is not allocated to the various functions. Program revenues include: 1) charges to customers or users who purchase, use or directly benefit from goods, services or privileges provided by a particular function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, unrestricted investment income and other revenues not identifiable with particular functions or programs are included as general revenues. The general revenues support the net costs of the functions and programs not covered by program revenues.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Also, part of the basic financial statements are fund financial statements for governmental funds and proprietary funds. The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Although this reporting model sets forth minimum criteria for determination of major funds (a percentage of assets, liabilities, revenues, or expenditures/expenses of fund category and of the governmental and enterprise funds combined), it also gives governments the option of displaying other funds as major funds. Other non-major funds are combined in a single column on the fund financial statements.

The Township reports the following major governmental funds:

The General Fund is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Law Enforcement Fund accounts for all the activity associated with providing police protection services. This fund is primarily supported through the collection of property taxes.

The Fire Fund accounts for all the activity associated with providing fire and medical rescue services. This fund is primarily supported through the collection of property taxes.

The Township reports the following major enterprise fund:

The Sewage Disposal System Fund accounts for all the activity associated with the operations and maintenance of a sewage treatment system.

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The governmental fund financial statements are prepared on a current financial resources measurement focus and modified accrual basis of accounting. To conform to the modified accrual basis of accounting, certain modifications must be made to the accrual method. These modifications are outlined below:

- A. Revenue is recorded when it becomes both measurable and available (received within 60 days after year-end). Revenue considered susceptible to accrual includes: property taxes, sales and use taxes, transient occupancy taxes, licenses, fees and permits, intergovernmental revenues, charges for services, fines, forfeits and penalties, and interest.
- B. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.
- C. Disbursements for the purchase of capital assets providing future benefits are considered expenditures. Bond proceeds are reported as another financing source. The former being a decrease in fund balances and the later being an increase in fund balances.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available resources.

This is the traditional basis of accounting for governmental funds and also is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to: 1) demonstrate legal and covenant compliance, 2) demonstrate the sources and uses of liquid resources, and 3) demonstrate how the Township's actual revenues and expenditures conform to the annual budget. Since the governmental funds financial statements are presented on a different basis than the governmental activities column of the government-wide financial statements, reconciliation is provided immediately following each fund statement. These reconciliations briefly explain the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statements.

The proprietary funds financial statements are prepared on the same basis (economic resources measurement focus and accrual basis of accounting) as the government-wide financial statements. Therefore, most lines for the total proprietary funds on the proprietary funds financial statements will directly reconcile to the business-type activities column on the government-wide financial statements. Because the proprietary funds are combined into a single business-type activities column on the government-wide financial statements, certain interfund activities between these funds are eliminated in the consolidation for the government-wide financial statements, but are included in the fund columns in the proprietary funds financial statements.

Proprietary funds account for operations where the intent of the Township is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Under GASB Statement No. 34, proprietary funds are also required for any activity whose principal revenue sources meet any of the following criteria: 1) any activity that has issued debt backed solely by the fees and charges of the activity, 2) if the cost of providing services for any activity, including capital costs such as depreciation or debt service, must legally be recovered through fees and charges of the activity, or 3) it is the policy of the Township to establish activity fees or charges to recover the cost of providing services, including capital costs.

On the proprietary funds financial statements, operating revenues are those that flow directly from the operations of the activity, i.e. charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity.

Under GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, the Township has elected for proprietary funds not to apply Financial Accounting Standards Board statements issued after November 30, 1989.

Fiduciary funds account for assets held by the Township in a trustee or agency capacity on behalf of others and, therefore, are not available to support Township programs. Fiduciary funds are not included in the government-wide financial statements as they are not an asset of the Township available to support Township programs. The Township currently maintains two agency funds. One accounts for the collection and disbursement of property taxes and the other accounts for monies held in escrow for certain development projects.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

C. CAPITAL ASSETS

Under GASB Statement No. 34, all capital assets, whether owned by governmental activities or business-type activities are recorded and depreciated in the government-wide financial statements. No long-term capital assets or depreciation are shown in the governmental funds financial statements.

Capital assets, including public domain infrastructure (e.g., roads, bridges, sidewalks and other assets that are immovable and of value only to the Township) are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation. Real property is considered a capital asset regardless of initial cost.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings, structures and improvements5 to 50 yearsUtility plant5 to 50 yearsMachinery and equipment2 to 40 yearsInfrastructure25 to 75 years

Capital assets transferred between funds are transferred at their net book value (cost less accumulated depreciation), as of the date of the transfer.

D. ACCRUED COMPENSATED ABSENCES

The Township has recorded a liability for compensated absences. The policies regarding compensated absences are outlined in the Township's "Rules of Employment".

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

E. BUDGETARY DATA

The board of trustees follows the procedures as outlined in the Uniform Budgeting Manual for Local Units of Government in Michigan in the establishment of the various annual budgets.

The supervisor prepares the annual budgets through information received by the clerk. The proposed budget is then submitted for discussion and approved by the entire Township board. The budget is approved by activity rather than line item. If and when it becomes necessary to amend certain amounts in the budget, a proposal outlining the desired changes is made to and approved by the Township board at any of their regular meetings. Budget appropriations made, but not expended by year end, will lapse with the fiscal year end.

For the year ended June 30, 2012, expenditures exceeded appropriations in five functional activities.

F. PROPERTY TAXES

Property tax revenues are recognized in the fiscal year for which the taxes are levied. Property taxes are levied on December 1 each year. These taxes become liens on the property at that date. These taxes are due on February 14, with the final collection date of February 28. The delinquent real property taxes of Northfield Township are purchased by Washtenaw County. The county sold tax notes, the proceeds of which will be used to pay the Township for these property taxes. The 2011 adjusted taxable value of the Township totaled \$323,287,721. The Township levied the following millages during the current fiscal year ended June 30, 2012:

General Township	.7997
Fire	1.9240
Police	4.3022
Public safety building	<u>.9754</u>
Total millage	8.0013

G. OTHER FINANCING SOURCES (USES)

The transfers of cash between the various funds are budgeted but reported separate from revenues and expenditures as transfers in or (out) unless they represent temporary advances that are to be repaid, in which case they are carried as assets or liabilities of the advancing or borrowing fund.

H. INVESTMENTS

Investments are stated at cost.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

I. CASH EQUIVALENTS

For purposes of the statement of cash flows, demand deposits and short-term investments with a maturity date of three months or less when acquired are considered to be cash equivalents.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The Township maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

L. RECEIVABLES

When necessary the Township utilizes an allowance for uncollectable accounts to value its receivables. The Township considers all of its trade and special assessment receivables to be collectable.

M. EQUITY

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the Township Board through approval of resolutions. Assigned fund balances is a limitation imposed by a designee of the Township Board. Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes. Proprietary fund equity is classified the same as in the government-wide statements.

When both restricted and unrestricted fund balances are available for use, it is the Township policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

For the government-wide financial statements, net assets are reported as restricted when constraints placed on net assets are either: (1) Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 2 - DESCRIPTION OF REPORTING ENTITY

In accordance with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 39, certain other governmental organizations are considered to be part of the reporting entity for financial statement purposes.

The criteria established by GASB Statement No. 39 for various governmental organizations to be included in the reporting entity's financial statements include accountability, control, and significant financial relationships.

The accompanying financial statements of Northfield Township as of June 30, 2012, include any and all boards, agencies, funds and account groups under the jurisdiction of the Northfield Township Board.

NOTE 3 - LAND CONTRACT RECEIVABLE - NORTHFIELD TOWNSHIP AREA LIBRARY

On May 15, 1989, the Township entered into a land contract with the Northfield Township Library Board for the purchase of property commonly known as the "Dodge House". This transaction, which represents monies expended from the Northfield Township general fund, was in the original amount of \$112,500, and is to be amortized over thirty-five (35) years, without interest. Annual installments of \$3,215 started on February 22, 1993. The total outstanding balance at June 30, 2012 was \$48,213.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the governmental and business-type activities for the year ended June 30, 2012 was as follows:

	Balance 7/1/2011	Additions	Deletions	Balance 6/30/2012
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 312,630	\$	\$	\$ 312,630

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 5 - LONG-TERM DEBT

The following is a summary of the Township's governmental activity long-term debt:

Capital Leases

- 1. On September 26, 2005 the Township entered into a lease agreement with Kansas State Bank of Manhattan to purchase two (2) fire trucks and refinance of a medical rescue truck. The Township is required to make annual payments in arrears of \$13,575 for the first three years and \$48,109 for the remaining seven years. At the end of the lease term title to all leased assets passes to the Township. Interest of 4.85% is being charged on the lease. The lease is scheduled to expire on October 1, 2015. The outstanding principal balance was \$171,188 at June 30, 2012.
- 2. On September 12, 2007 the Township entered into a lease agreement with Fleetwood Financial to purchase digital video equipment for police cruisers. The Township is required to make annual payments of \$8,822 until the lease expires in September of 2011. At the end of the lease term, title passes to the Township. Interest of 3.00% is being charged on the lease. This debt matured by June 30, 2012.
- 3. On October 5, 2009 the Township entered into a lease agreement with Ford Motor Credit to purchase two Crown Victoria police cars. The Township is required to make three annual payments of \$17,996 until the lease expires in October of 2012. At the end of the lease term, the Township has a \$1 bargain purchase option. Interest of 6.80% is being charged on the lease. This debt matured by June 30, 2012.

Bonds Payable

- 1. Bonds payable for the financing of the construction costs for the public safety building. Principal payments ranging from \$50,000 to \$275,000 are due annually on April 1 and maturing on April 1, 2022. Interest is charged at 6.0% to 4.0%, payable semi-annually. The outstanding balance of the note at June 30, 2012 was \$2,375,000.
- 2. Bonds payable for the financing of the construction costs for the public safety building. Principal payments ranging from \$75,000 to \$250,000 are due annually on April 1 and maturing on April 1, 2023. Interest is charged at 3.25% to 5.0%, payable semi-annually. The outstanding balance of the note at June 30, 2012 was \$2,100,000.
- 3. Bonds payable for the financing of the construction costs for the public safety building. Principal payments ranging from \$15,000 to \$50,000 are due annually on April and maturing on April 1, 2023. Interest is charged at 3.10% to 5.10%, payable semi-annually. The outstanding balance of the note at June 30, 2012 was \$340,000.

Installment Obligations

1. Installment obligation payable to Ann Arbor Township to reimburse such Township for shared costs of a road repair project. Principal payments ranging between \$10,000 and \$5,647 are due annually on July 1 and the obligation will be fully satisfied on July 1, 2013. This obligation does not accrue interest. The outstanding balance on June 30, 2012 was \$5,647.

NOTE 5 - LONG TERM DEBT - continued

The following is a summary of bonds payable debt for the business-type activities:

- 1. Loan payable to Washtenaw County to finance the sanitary sewer system expansion at Seven Mile Road. Principal payable in annual installments ranging from \$30,000 to \$45,000 starting April 2006, and maturing on April 2022. Interest is paid semi-annually charged at 3.7% to 4.5%. Outstanding balance of the bonds was \$450,000 at June 30, 2012.
- 2. Loan payable to Michigan Municipal Bond Authority to finance the refunding bonds for the 1992 junior lien bonds originally issued in 1992. A net present value savings of \$84,344 was created by issuing these refunding bonds due to decline in interest rates. Principal payable in annual installments ranging from \$30,000 to \$45,000 starting April 2006, and maturing on April 2022. Interest is paid semi-annually charged at 2.0% to 4.5%. Outstanding balance of the bonds was \$410,000 at June 30, 2012.
- 3. Loan payable to Washtenaw County to finance the refunding bonds for the various expansion project bonds. A net present value savings of \$243,781 was created by issuing these refunding bonds due to decline in interest rates. Principal payable in annual installments ranging from \$485,000 to \$555,000 starting May 2008, and maturing on May 2017. Interest is paid semi-annually charged at 4.25%. Outstanding balance of the bonds was \$2,525,000 at June 30, 2012.

The following is a schedule of changes in the long-term debt of business-type activities:

Bonds Payable	 Balance 7/1/2011	Additions	 eletions	6	Balance 5/30/2012	Within One Year

NOTE 6 - DEFINED CONTRIBUTION PENSION PLAN

The defined contribution plan of Northfield Township is a fully insured plan funded by both employer (2/3) and employee (1/3) contributions. An employee may make voluntary contributions of up to 10% of their annual compensation. All participants are vested 100% immediately. The Northfield Township Area Library participates with the Township in this plan and is included in all subsequent data regarding the plan.

A participant includes all full-time employees as of the beginning of the anniversary date or June 1st of each year. The annual contributions are based on the following formula:

Employer contributes	10% of wages
Employee contributes	5% of wages
Annual contribution	
to pension plan	15% of wages

The plan name is "Group Pension Plan" #GN 53402 through John Hancock Financial. A summary of the plan's activity for the period July 1, 2010 to June 30, 2011, is as follows:

Total contributions	\$ 111,598
Employee portion	 35,866
Township portion	\$ 75,732
Current year contributions	

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 7 - DEFINED BENEFIT PENSION PLAN

<u>Plan Description</u> - The Northfield Township Police Department elected on July 24, 2006 to participate in the Michigan Municipal Employees Retirement System (MERS) which is an agent multiple-employer, state-wide, defined benefit public employee retirement plan created under Public Act 135 of 1945 and now operates under Public Act 220 of 1996. MERS was established by the State of Michigan for purposes of providing retirement, survivor and disability benefits on a voluntary basis to the State's local government employees. Under Public Act 220, MERS became an independent public non-profit corporation independent from State government. The effective date of independence was August 15, 1996, at which time MERS ceased to be a part of the State of Michigan, Department of Management and Budget. The Township has no fiduciary responsibility for the plan. All full-time officers and supervisors of the police department are eligible to participate in the plan immediately upon employment.

As of December 31, 2010, the police department had ten (10) covered employees and twenty (20) total employees. Covered payroll for the year then ended was \$541,276.

The police department is covered under plan section 19A (B-3/V8). The plan provides for vesting of benefits after eight years of service. Participants may elect normal retirement at age 60, with 10 or more years of service. The plan also provides for early retirement at age 55, with 15 or more years of service, and at age 50 with 25 or more years of service.

Employees contribute 5% of gross wages to the plan.

The police department currently has no retirants or beneficiaries in the plan.

The following information, which is the most current available, was obtained from the Township's actuarial consultants, Gabriel, Roeder, Smith & Company. The amount disclosed as the "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is the actuarial present value of credited projected benefits and is intended to (a) help users assess the plan's funding status on a going-concern basis, (b) assess progress being made in accumulating sufficient assets to pay benefits when due, and (c) allow for comparisons among public employee retirement plans. The measure is independent of the actuarial funding method used to determine contributions to the plan.

The pension benefit obligation was determined as part of an actuarial valuation of the plan as of December 31, 2010. Significant actuarial assumptions used in determining the pension benefit obligation include (a) a rate of return on the investment of present and future assets of 8.0% per year compounded annually, (b) projected salary increases of 4.5% per year compounded annually, attributable to inflation, (c) additional projected salary increases ranging from 0.0% to 4.5% per year, depending on age, attributable to seniority/merit, and (d) the assumption that benefits will increase 2.5% per year (annually) after retirement.

At December 31, 2010, the unfunded pension benefit obligation was \$44,894, determined as follows:

Pension benefit obligation

Retirees and beneficiaries currently receiving benefits	\$
Terminated employees not yet receiving benefits	77,410
Non-vested terminated employees	
Current employees	
Accumulated employee contribution, including allocated investment income	368,051
Employer financed	 486,223
Total pension benefit obligation	931,684
Net assets available for benefits, at cost (at market)	 886,790
Unfunded actuarial accrued liability	\$ 44,894

Although no current actuarial data was available at the time of audit the total Township contributions were \$48,369.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 8 - INTERFUND RECEIVABLE AND PAYABLE BALANCES AND TRANSFERS

Interfund receivables and payables exist at June 30, 2012. These represent short-term borrowings and amounts owed for reimbursements between other funds.

The following is a summary of the outstanding borrowings between the various funds of the Township:

	nterfund eceivable		terfund ayable
General Fund	\$ 7,876	Current Tax Collection Fund	\$ 7,876
General Fund	1,590	Payroll Fund	1,590

			\$ 42,153

NOTE 9 - SEGMENT INFORMATION - BUSINESS-TYPE ACTIVITIES

Selected financial information with respect to the enterprise fund maintained by the Township for sewage disposal service is as follows:

	Sewage Disposal Fund			
Operating revenues	\$	1,122,630		
Depreciation		331,269		
Operating (loss)	(30,817)			
Net working capital	1,241,682			
Total assets	13,853,176			
Total fund equity	10,440,543			

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 10 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Michigan Compiled Laws, Section 129.91, (Public Act 20 of 1943, as amended) authorizes the Township to make deposits and invest in the accounts of federally insured banks, credit union, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal Agency obligation repurchase agreements; bankers acceptance of United States banks, commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan. The Township's deposits are in accordance with statutory authority.

As of June 30, 2012 deposits and investments consist of the following:

Cash	and	cash	equivalents:

Checking accounts	\$	2,716,529
•	Y	
Money market accounts		125,625
Money market fund		36,058
Total cash and investments		2,878,212
Investments		
Negotiable certificates of deposit		845,230
Municipal bonds		265,827
Corporate bonds		108,382
U.S. Governmental securities		1,229,384
Total investments		2,448,823
Total cash, cash equivalents and investments	\$	5,327,035

Cash and investments are presented in the financial statements in the following areas:

Statement of Net Assets:

Cash, cash equivalents and investments	\$ 3,244,356
Restricted cash, cash equivalents and investments	1,695,775
Total	4,940,131
Fiduciary Funds	
Cash and cash equivalents	279,689
Total cash, cash equivalents and investments	\$ 5,219,820

The carrying amount of cash, cash equivalents and investments is stated at \$5,219,820 as of June 30, 2012. The difference between the carrying amounts and the amounts mentioned above stem from cash on hand of \$600, outstanding checks and deposits of \$86,126, and an unrealized gain on investments of \$21,689. The Township carries all investments at cost rather than at market value.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 10 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS - continued

Custodial Credit Risk

Deposits - This is the risk that in the event of a bank failure, the Township will not be able to recover its deposits. The Township does not have a deposit policy for custodial credit risk. The Township evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Insured by FDIC	\$ 2,716,529
Insured by SIPC	161,683
Uninsured and uncollateralized	0
Total	\$ 2,878,212

Investments - This is the risk that in the event of the failure of a counterparty to a transaction, the Township will not be able to recover the value of its investments. The Township does not have a policy to cover custodial credit risk of investments. The Township evaluates each financial institution with which it invests and assesses the level of risk of each institution. Investments are made only with those institutions with an acceptable estimated risk level.

As of June 30, 2012, the Township's investments were exposed to custodial credit risk as follows:

Total	\$ 2,448,823
Excess SIPC insurance	1,265,276
Insured by SIPC	338,317
Insured by FDIC	\$ 845,230

Concentration of Credit Risk

Concentration of credit risk is the risk attributed to the magnitude of the Township's investment in a single issuer. The Township's investment policy requires diversification with a primary focus on safety. However, the policy does not place a fixed percentage limit for any one issuer, investments in any one issuer that represent 5 percent or more of total investments are:

Investment Type	Issuer	Percent of Portfolio
US Agencies	Federal Home Loan Bank	20%
US Agencies	Federal National Mortgage Association	25%
Negotiable CD	Wells Fargo Bank	10%
Negotiable CD	Byron Bank	8%
Municipal Bond	Wayne County, MI	11%

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 10 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS - continued

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates and could possibly adversely affect the fair values of investments and cash deposits. The Township's investment policy does not specifically limit investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

As of June 30, 2012 the Township had the following investment maturities:

Investment Type Value Less than 1 1 - 5 6 - 10 More than 10 667,721 (2) \$ **U.S.** Agencies \$ 1,229,384 100,189 (1) \$ 461,474 Negotiable CD's 845,230 357,592 386,568 101,070 **Municipal Bonds** 265,827 265,827

\$ 2,448,823

\$ 1,025,313

Credit Risk

Corporate Bonds

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Township investment policy limits investments to those authorized by Public Act 20 of 1943. Commercial paper must be rated within the two (2) highest classifications established by not less than two (2) standard ratings services. Ratings are not required for U.S. Treasuries and money market accounts. As of June 30, 2012, the Township's investments were exposed to credit risk as follows:

Investment Type	Rating by S & P	 Amount
Corporate Bond	AAA	\$ 62,740
Municipal Bond	BBB+	375,832
Negotiable Certificates of Deposit	Unrated	1,025,338
Money Market Funds	Unrated	11,566
Government Securities	AA+	1,003,949
		\$ 2,479,425

^{* (2) \$550,961} of securities were called prior to financial statement date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

NOTE 11 - STATEMENT OF CASH FLOWS

Pursuant to the Governmental Accounting Standards Board (GASB) statement number 9, a statement of cash flows is presented. The purpose of the statement of cash flows is to explain the change in cash and cash equivalents during the year. Cash equivalents are defined as short-term, highly liquid investments with original maturities of three months or less. The direct method was utilized to represent cash flows from operations. The following is a schedule of beginning and ending cash and cash equivalents:

	6/	6/30/2011		6/30/2012	
Current assets					
Cash and cash equivalents	\$	501,881	\$	791,187	

NOTE 12 - FEDERAL GRANT ACTIVITIES

The Township has been a recipient of several federal grant funds for law enforcement and medical rescue activities in previous fiscal years. These funds are subject to federal grant audit requirements.

NOTE 13 - ASSETS RESTRICTED FOR CAPITAL AND DEBT

Restricted assets in the Sewage Disposal System Fund as of June 30, 2012 consisted of the following:

	Sewage Disposal System Fund			
Cash, cash equivalents and investments	\$ 1,695,775			
Special assessment receivables	1,381,734			
Total	\$ 3,077,509			

NOTE 14 - SUBSEQUENT EVENTS

In August 2012 the Township issued \$5,345,000 of refunding bonds for the 3 Public Safety Building bonds and the 2004 Seven Mile Sewer bonds.

Board of Trustees Northfield Township 8350 Main Street Whitmore Lake, Michigan 48189

Dear Honorable Board of Trustees:

During our audit of the Northfield Township we came across the following matter that we would like to discuss with you as part of our audit presentation for the year ending June 30, 2012.

The matter which we would like to discuss with you is as follows:

Auditing standards require us to communicate to you significant deficiencies in your internal controls and accounting procedures. There are certain issues (deficiencies) which were previously considered general comments, but under current standards are now considered significant deficiencies.

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

We consider the following to be a material weakness of the Township.

- Historically, the Township has relied on independent external auditors in the preparation of their financial statements and required disclosures. The Township has determined that the cost/benefit of preparing the financial statements and disclosures are best served by continuing this practice.
- As in most small organizations, the Township has a lack of segregation of duties in its accounting department.

Northfield Township

The following are other comments relating to the Township's accounting and record keeping procedures:

- 1. Sewer billing administrative fees should be documented annually to determine the proper charges.
- 2. Previously, we have commented about receipts being taken offsite for various departments. If possible, receipts should be taken at the Township hall to centralize this function.
- 3. The Trust and Agency funds are not being maintained properly/regularly. There are individuals with projects in which the expenditures have exceeded escrow deposits. Un-reconciled balances have remained from previous years, and have not been addressed. This fund needs to be reconciled monthly and proper steps taken for irregularities.
- 4. During the audit process, we noted several issues with the tax collection/treasurers department process:
 - a. It was noted during the audit process that personal property taxes were not being distributed according to the statutory ten (10) business days.
 - b. There was a significant amount of delinquent personal taxes collected undistributed in the Trust and Agency Fund.
- 5. The Township has several checks that have been outstanding for over a year. These amounts should be either reissued or escheated to the State of Michigan.
- 6. Some payments were being made for Township expenses by automatic electronic withdrawal. We recommend the Township implements an ACH policy allowing this practice.
- 7. The Township may wish to continue efforts to ensure all users in the utility districts are being billed.
- 8. Sewer billings are still not being reconciled to the general ledger, and we were unable to do so as part of the audit process. There were adjustments made to the billing system in which no documentation could be provided. Any adjustments should be approved and documented by a responsible individual. The segregation of duties should be changed in order to improve internal controls.
- 9. The sewer connection fees and billing rates have not changed in several years, and this year has an operating loss for the year. The Township may wish to evaluate if these rates still reflect the cost of operations, and provide enough savings for possible future capital acquisition.

Northfield Township

10. Property liens have remained relatively unchanged, and it is unclear whether these liens have even been recorded on the various properties. The Township should put these liens on before these properties are sold or write off these uncollectible balances.

Conclusion

Thank you for your assistance and hospitality toward our firm while conducting the audit of the Northfield Township.

If you should have any questions, comments or concerns please do not hesitate to call us.

This report is intended solely for the information and use of the Board of Trustees and management of the Northfield Township and is not intended to be and should not be used by anyone other than the specified parties.
