

August 6, 2020

Ms. Laura Magaraci
Zoning & Wetlands Enforcement Officer
Town of North Haven
18 Church Street
North Haven, CT 06473

**RE: Notice of Site Plan Violation
224 Quinnipiac Avenue
North Haven, Connecticut
MMI #7250-01**

Dear Ms. Magaraci:

In reference to the above-referenced Notice provided to Mr. Nadeem Khalid and dated July 16, 2020, the following remediation steps shall be implemented upon your approval:

1. Where invasives have been removed or where fill was added within the upland review area north of the watercourse, grades shall be restored to their previous condition.
2. All debris described as "unclean fill" shall be removed from the upland review area and disposed of off site.
3. The existing tree stump shall be removed, and the area brought to grade and stabilized.
4. Where soils remain exposed due to the removal of vegetation, a Conservation Seed Mix and native shrub groupings shall be installed per the associated Supplemental Landscaping Plan. Such plantings shall occur between August 15, 2020, and October 1, 2020 (inclusive).
5. Sediment and erosion controls shall remain in place and be maintained until work has been completed and seed germination/soil stabilization has occurred.

Very truly yours,

MILONE & MACBROOM, INC.
