**Joe Solimene, Dot Logan and Melinda McKenna were in attendance.**

- EL Update- Mrs. McKenna shared our most recent EL numbers 116 to date. Using ESSER funds & Title III funds we will make our current EL Tutor into a full-time EL teaching position. We will also be replacing one of our current EL teachers who will be retiring. Additionally, we are using grant funds to cover the stipend for an EL Coordinator who will be able to provide mentoring to the two new EL teachers and be certain that we are meeting the needs of all EL students in the district.
- K -5 Math Resource Update- Additional math resources have been provided to K-5 teachers to supplement instruction.
- Textbook proposal change: U.S. History American Stories Beginning in 1877- Jill Metz has requested to change to the above textbook for grade 8. Teachers have used materials from it this year and have found it to be an excellent resource. The committee approved this textbook change.

- Technology Department Internship Opportunity- As part of our work around a Vision of a Graduate and the new graduation requirements, we would like to start introducing internship opportunities. The technology department would like to offer an internship opportunity to interested students.
