PUBLIC COMMENT: None

Election Source was supposed to have been there to set up at 1:30 pm but did not show up until 2:55 pm, so testing did not start until 4 pm.

Election Source came in to do the Public Accuracy Testing for the upcoming August 2, 2022 Primary Election. The Public Accuracy Test is conducted to determine that the program and equipment being used to tabulate the results of the election, counts the votes in the manner prescribed by law.

All testing was successful so all forms were signed.
