Rancho Simi Recreation and Park District Announces Temporary Closure of Skate Plaza at Berylwood Park

The Rancho Simi Recreation and Park District announces the temporary closure of the Skate Plaza at Berylwood Park and related areas as of Friday, August 14, 2020.

While the District is committed to providing the Skate Plaza for the enjoyment and use of the community, the Plaza is being closed due to difficulties with ensuring compliance with State and County COVID-19 Public Health Orders, as well as difficulties ensuring compliance with Park Rules and Regulations. The District is committed to providing the important amenity, but must also ensure it is safe for all to use.

District staff apologize for the temporary inconvenience that this may cause and is actively working closely with the community and park patrons to develop a plan to reopen the Plaza as soon as possible. The District appreciates the understanding and support of the community so that the Plaza continues to be available for all to enjoy.

For more information, please contact the Rancho Simi Recreation and Park District at 805-584-4400 or visit www.rsrpd.org.
