## **RANCHO SIMI RECREATION AND PARK DISTRICT PROVIDES STATUS OF OAK PARK LAGOON REHABILITATION PROJECT**

The Rancho Simi Recreation and Park District is pleased to provide an update on the status of the Oak Canyon Community Park Lagoon rehabilitation project located at 5600 Hollytree Drive in Oak Park.

Efforts to reconstruct the Lagoon began after it sustained damage from the 2018 Woolsey Fire as well as the rain and mud slide events that followed. The Lagoon will be fully restored to its original condition as it was preceding the fire with new fishing docks and replanted landscaping.

Given the nature of the project, extensive preparation is necessary prior to the start of construction to undergo the required environmental review and approval process. Pending final permits from the County of Ventura and the State of California, the Park District anticipates going out for bid for the project in February 2022. Construction is expected to begin in April 2022 with project completion by late July 2022.
