CRIMINAL JUSTICE CODE OF ETHICS

As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Sutherlin Police Department to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS

Peace officers are granted authority by Oregon Revised Statutes to prevent and deter crime; arrest offenders; issue citations in lieu of custody; take custody of evidence of a crime, contraband or recovered stolen property; control the flow of traffic and preserve the peace and safety of the public.

Sworn members of this Department are peace officers pursuant to ORS 161.015. Peace officer authority extends to any place in the State of Oregon.

100.2.1 AUTHORITY TO ARREST

Pursuant to ORS 133.235:

- (a) A peace officer may arrest a person for a crime at any hour of any day or night.
- (b) A peace officer may arrest a person for a crime, pursuant to ORS 133.310(1), whether or not such crime was committed within the geographical area of such peace officer's employment, and the peace officer may make such arrest within the state, regardless of the situs of the offense.
- (c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.
- (d) In order to make an arrest, a peace officer may use physical force as justifiable under ORS 161.235, ORS 161.239 and ORS 161.245.
- (e) In order to make an arrest, a peace officer may enter premises in which the peace officer has probable cause to believe the person to be arrested to be present.
- (f) If after giving notice of the peace officer's identity, authority and purpose, the peace officer is not admitted, the peace officer may enter the premises, and by a breaking, if necessary.
- (g) A person may not be arrested for a violation except as provided by ORS 153.039 and ORS 810.410.

100.3 CONSTITUTIONAL REQUIREMENTS

All members shall observe and comply with every person's clearly established rights under the United States and Oregon Constitutions.

Law Enforcement Authority

100.4 OUT OF STATE POLICE POWERS

Oregon police officers have no peace officer powers outside the state of Oregon. Officers must operate as private persons when out of state. Officers are allowed to carry a firearm out of state, only as allowed by laws of that state, or when on official police business.

Some officers may receive limited interstate authority under "Blue Lighting" or other cross designation programs sponsored by the US Department of Justice

100.5 POLICY

It is the policy of the Sutherlin Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.6 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

- (a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.
- (b) When an officer enters California, Idaho or Nevada in fresh pursuit of a person who the officer has probable cause to believe has committed a felony (Penal Code § 852.2 (California); Idaho Code 19-701 (Idaho); NRS 171.158 (Nevada)).
- (c) When an officer enters Washington while in pursuit of a person the pursuing officer has probable cause to believe has committed a felony; or violation related to driving while intoxicated, driving while under the influence of drugs or alcohol, driving while impaired or reckless driving (RCW 10.89.010).

Whenever an officer makes an arrest in California, Idaho, Nevada or Washington, the officer shall take the offender to a magistrate or judge in the county where the arrest occurred as soon as practicable (Penal Code § 852.3; Idaho Code 19-702; NRS 171.158; RCW 10.89.020).

106.3 CHIEF OF POLICE REQUIREMENTS

Organizational Structure and Responsibility

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order which outwardly appears to be in direct conflict with any federal or state law, or local ordinance. If the legality of an order is in doubt the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, department policy, or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the order or directive that was initially issued.

The person issuing the countermanded order shall be notified in writing by the person issuing the second command of the action taken and the reason therefore.

200.3.5 ORDERS RELAYED VIA ANOTHER EMPLOYEE OR SUPERVISOR

Supervisors may relay an order to an employee via another employee or supervisor. This includes any order relayed to a subordinate by an employee of the same or lesser rank.

200.4 SUPERVISORY AUTHORITY

Any departmental supervisor has full authority to immediately correct minor disciplinary problems informally by engaging in routine counseling and/or training.

200.5 ACCOUNTABILITY

Supervisors and managers shall be accountable for the performance of the members under their immediate control.

Special Orders

201.1 PURPOSE AND SCOPE

Special Orders establish an interdepartmental communication that may be used by the Chief of Police to make immediate changes to policy and procedure. Special Orders will immediately modify or change and supersede sections of this manual to which they pertain.

201.1.1 SPECIAL ORDER PROTOCOL

Special Orders will be incorporated into the manual as required upon approval of Staff. Special Orders will modify existing policies or create a new policy as appropriate. A Special Order will be rescinded once it has been incorporated into the manual.

All existing Special Orders have now been incorporated in the updated Policy Manual as of the below revision date.

Special Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year. For example, 08-01 signifies the first Special Order for the year 2008.

201.2 RESPONSIBILITIES

201.2.1 STAFF

The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a Special Order.

201.2.2 CHIEF OF POLICE

The Chief of Police or the authorized designee shall issue all Special Orders.

201.3 ACCEPTANCE OF SPECIAL ORDERS

All employees are required to read and obtain any necessary clarification of all Special Orders. All employees are required to acknowledge in writing the receipt and review of any new Special Order. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Training Sergeant.

Emergency Operations Plan

202.1 PURPOSE AND SCOPE

The City has prepared an Emergency Operations Plan Manual for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305).

All employees shall receive annual refresher training on the details of the Sutherlin Emergency Operations Plan.

202.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated in a number of ways. For this department, the Chief of Police or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Sutherlin Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

202.3 LOCATION OF MANUALS

The manual for the employees is available in the office of the Chief of Police. All supervisors should familiarize themselves with the Emergency Operations Plan and what roles police personnel will play when the plan is implemented.

202.4 BUILDING EVACUATION PLAN

In the event of a disaster or emergency which requires evacuation of the police building, all employees shall follow implemented evacuation plans and posted exit routes (OAR 437-002-0041). The posted exit routes shall include any special directions for physically impaired employees.

202.5 UPDATING OF MANUALS

The Chief of Police or the authorized designee should review the Emergency Operations Plan Manual annually to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS), and appropriately address any needed revisions.

Training

203.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

203.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Department will use courses certified by the Oregon Department of Public Safety Standards and Training (DPSST).

203.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public.

- (c) Provide for continued professional development of department personnel.
- (d) Enhance the safety of officers and the community.

203.4 TRAINING PLAN

A training plan will be developed and maintained by the Training Sergeant. It is the responsibility of the Training Sergeant to maintain, review and update the training plan on an annual basis. The plan will address the following areas:

- Legislative changes and changes in case law
- State-mandated training
- Prison Rape Elimination Act (PREA)
- High-liability issues training
- Training on department policies and procedures

203.5 TRAINING NEEDS ASSESSMENT

The Training Division will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

Training

203.6 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to:
 - 1. Court appearances.
 - 2. First choice vacation.
 - 3. Sick leave.
 - 4. Physical limitations preventing the employee's participation.
 - 5. Emergency situations.
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible, but no later than at least one hour prior to the start of training.
 - 2. Document his/her absence in a memorandum to his/her supervisor.
 - 3. Make arrangements through his/her supervisor and the Training Sergeant to attend an alternate date.

203.7 TRAINING COSTS

It is the responsibility of the Training Sergeant to determine when the Sutherlin Police Department may be entitled for training reimbursements when an officer has completed any portion of basic training in the last 36 months and voluntarily leaves employment and is subsequently employed by a different law enforcement agency in a position that requires the same training. If it is determined to seek reimbursement for qualifying expenses, the requests shall comply with the provisions of ORS 181A.620.

203.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a Web-accessed system that provides training on the Sutherlin Police Department policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Chief of Police.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Chief of Police. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of this agency.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed

during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this Department. Email is a communication tool available to Department employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.420. Messages transmitted over the email system must only be those that involve City business activities or contain information essential to City employees for the accomplishment of business-related tasks, and/or communication directly related to City business, administration or practices.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system. Likewise, employees are prohibited from receiving, sending or storing email messages in personal files. The Department reserves the right to access any personal folders to assure compliance with this policy.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing, or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Captain. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Oregon Public Records Law and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

The Chief of Police may issue memoranda to department personnel from time to time for the purpose of disseminating information to the members.

Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the Department's need to meet operational requirements.

206.2 MINIMUM STAFFING LEVELS

Peak activity levels in general run from 0700-1700 and 2100 to 0300. Minimum staffing levels during peak activity periods should result in the scheduling of at least one regular officer on duty whenever possible. The Chief of Police will assure that when the Chief and/or a Sergeant(s) is not on duty one of the three Command staff members can be contacted for guidance during an emergency or any other event involving high risk and liability concerns.

206.2.1 SUPERVISION DEPLOYMENTS

Only the Chief of Police or Sergeants will be deemed "Supervisors" at the Sutherlin Police Department.

Supervisors should conduct a general visual inspection of the police facilities and City Hall, in particular at least once per shift. Any discovered deficiencies should be promptly corrected.

Concealed Handgun License

208.1 PURPOSE AND SCOPE

The Sheriff of a county shall issue Oregon concealed handgun licenses to qualified applicants upon receipt of the appropriate fees and after compliance with the procedures set out in ORS 166.291 through ORS 166.295. Police Departments should refer inquiries related to concealed handgun licenses to the Sheriff's Office.

208.2 QUALIFIED APPLICANTS

To qualify for an Oregon concealed handgun license, an applicant must meet the criteria set forth in ORS 166.291 et seq.

208.3 APPLICATION PROCESS

Applicants for Oregon concealed handgun licenses must complete a written application, must submit to fingerprinting and photographing by the Sheriff, and the Sheriff shall conduct any investigation necessary to ensure that applicants meet the qualifications.

Immediately upon acceptance of an application for a concealed handgun license, the Sheriff shall enter the applicant's name into the Law Enforcement Data System (ORS 166.291).

208.3.1 WRITTEN APPLICATION

The Sheriff will provide, and the applicant must complete, a uniform application for a concealed handgun license (ORS 166.291).

208.3.2 FINGERPRINTING, PHOTOGRAPHING AND INVESTIGATION

The applicant must submit to fingerprinting and photographing by the Sheriff. The Sheriff shall fingerprint and photograph the applicant and shall conduct any investigation necessary to corroborate the qualification requirements. If a nationwide criminal check is necessary, the Sheriff shall request the Department of State Police to conduct the check, including fingerprint identification, through the Federal Bureau of Investigations (ORS 166.291).

208.4 DENIAL OF CONCEALED HANDGUN APPLICATIONS

If the application for the concealed handgun license is denied, the Sheriff shall set forth in writing the reasons for the denial. The denial shall be sent to the applicant by certified mail, restricted delivery, within 45 days after the application was made. If no decision is issued within 45 days, the person may seek review through the procedures set out in ORS 166.293(5).

A Sheriff may deny a concealed handgun license if the Sheriff has reasonable grounds to believe that the applicant has been or is reasonably likely to be a danger to self or others, or to the community at large, as a result of the applicant's mental or psychological state, as demonstrated by past pattern of behavior or participation in incidents involving unlawful violence or threats of unlawful violence (ORS 166.293).

Sutherlin PD Policy Manual

Concealed Handgun License

208.5 ISSUED CONCEALED HANDGUN LICENSES

If the application for the license is approved, the Sheriff shall issue and mail or otherwise deliver to the applicant at the address shown on the application, within 45 days of the application, a wallet sized license bearing the photograph of the licensee. The license must be signed by the licensee and carried whenever the licensee carries a concealed handgun. Failure of a person who carries a concealed handgun also to carry a concealed handgun license is prima facie evidence that the person does not have such a license (ORS 166.292).

The Sheriff shall keep a record of all the licenses that are issued or renewed.

Unless revoked, an Oregon concealed handgun license is valid for a period of four years from the date on which it is issued.

208.5.1 LICENSE RESTRICTIONS

When a Sheriff issues a concealed handgun license, the Sheriff shall provide the licensee with a list of those places where carrying concealed handguns is prohibited or restricted by state or federal law (ORS 166.292).

208.5.2 CHANGE OF LICENSEE'S ADDRESS

If a licensee changes residence, the licensee shall report the change of address and the Sheriff shall issue a new license as a duplicate for a change of address. The license shall expire upon the same date as would the original (ORS 166.295).

208.5.3 REVOCATION OF LICENSES

Any act or condition that would prevent the issuance of a license under ORS 166.291 as set out above, is cause for revoking a concealed handgun license.

A Sheriff may revoke a license by serving upon the licensee a notice of revocation. The notice must contain the grounds for the revocation and must be served either personally or by certified mail, restricted delivery. The notice and return of service shall be included in the file of the licensee. The revocation is effective upon the licensee's receipt of the notice.

Any peace officer or corrections officer may seize a concealed handgun license and return it to the issuing Sheriff when the license is held by a person who has been arrested or cited for a crime that can, or would otherwise disqualify the person from being issued a concealed handgun license. The issuing Sheriff shall hold the license for 30 days. If, after 30 days, the person is not charged with a crime the Sheriff shall return the license unless it is revoked.

A person whose license is revoked may seek review by following the procedure set forth in ORS 166.293.

208.5.4 LICENSE RENEWAL

A concealed handgun license is renewable by repeating the application process, except for the requirement to submit fingerprints and provide character references. An otherwise expired concealed handgun license continues to be valid for up to 45 days after the licensee applies for renewal if: the licensee applies for renewal before the original license expires; the licensee has

proof of the application for renewal; and the application for renewal has not been denied (ORS 166.295).

208.6 ANNUAL REPORT OF LICENSE REVOCATIONS

The Sheriff shall submit an annual report to the Department of State Police containing the number of concealed handgun licenses revoked during the reporting period and the reasons for the revocations (ORS 166.297).

209.1 PURPOSE AND SCOPE

- (a) Separated from service in good standing from this department as an officer.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

- (d) Has not entered into an agreement with this department where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

209.3.1 IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Sutherlin Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

209.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when:

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
- (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
 - (c) Not prohibited by federal law from receiving a firearm.
 - (d) Not in a location prohibited by Oregon law or by a private person or entity on his/her property if such prohibition is permitted by Oregon law.

209.4 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

209.4.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

209.5 DENIAL, SUSPENSION OR REVOCATION

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

209.6 FIREARM QUALIFICATIONS

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the

date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably

Sutherlin Police Department

Sutherlin PD Policy Manual

Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer is justified in using force upon another person only when and to the extent that the officer reasonably believes it necessary (ORS 161.235):

- (a) To make an arrest or to prevent the escape from custody of an arrested person unless the officer knows that the arrest is unlawful; or
- (b) For self-defense or to defend a third person from what the officer reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 GUNPOINT CONTROL OF SUSPECTS

An officer's action of pointing a firearm at another person for officer safety and gunpoint control is not considered a use of force incident. However, such incident may be documented in detail in a police report.

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.

Sutherlin Police Department

Sutherlin PD Policy Manual

Use of Force

- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be

Sutherlin Police Department

Sutherlin PD Policy Manual

Use of Force

restricted. Officers are encouraged to use techniques and methods taught by the Sutherlin Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

- 1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
- 2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis and related purposes, the Department also requires the completion of additional report forms, as specified in department policy, procedure or law.

Sutherlin Police Department

Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the EMDT or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges any of the above has occurred.

300.5.2 ADMINISTRATIVE LEAVE

An officer that is directly involved in a use-of-force incident that results in death or serious physical injury to another person shall be immediately placed on administrative leave with pay, pending administrative review of the incident.

The Chief of Police makes final determination to return the officer to full duty status.

300.5.3 OFFICER WELL-BEING

An officer involved in a use-of-force incident that results in death or serious physical injury to another person shall be seen by a mental health professional at the expense of the City of Sutherlin as soon as possible following the incident and a followup visit shall occur within 6 months.

Such visits to a mental health professional shall be handled confidentially and are for the benefit and well-being of the officer. Return to duty status shall not be contingent upon such visits, unless so directed by the Chief of Police.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another

Use of Force

officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.

Sutherlin Police Department

Sutherlin PD Policy Manual

Use of Force

- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 FORCE AGAINST ANIMALS

In situations where animals (domestic and wild) pose a threat to officers or other persons, or interfere in the lawful administration of justice, the appropriate level of force may be used to neutralize the threat.

300.10 USE OF FORCE ANALYSIS

At least annually, the Patrol Captain should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Board

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Sutherlin Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Sutherlin Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Chief of Police may assemble and convene a Use of Force Review Board to investigate the circumstances surrounding any use of force by a member which results in very serious injury or death to another.

The Use of Force Review Board may also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief of Police and Captain will convene the Use of Force Review Board as necessary. It will be the responsibility of the Captain or supervisor of the involved employee to notify the Chief of Police Captain of any incidents requiring board review. The involved employee's Captain or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administration Captain should select three Use of Force Review Board members from the following, as appropriate:

- Commanding officer in the involved member's chain of command

Sutherlin Police Department

Sutherlin PD Policy Manual

Use of Force Review Board

- A peer officer
- Department instructor for the type of weapon, device or technique used

The chairperson for the board shall be assigned by the Administration.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Major Incident Critiques

302.1 PURPOSE AND SCOPE

Sutherlin Police Department Supervisors and/or the Chief of Police in-charge of operations at major incidents, on a case-by-case basis will conduct a critique as soon as possible after such events. A **critique** is a detailed analysis of the components of a major event involving participation by SPD personnel who were involved in the event. The supervisor shall facilitate such critique, coordinating schedules that may impact the other supervisor's shifts to encourage all involved SPD personnel to participate.

The critique should accomplish the following:

- (a) Identify communication, training, equipment, resources, operating procedures and policy needs; and
- (b) Validate operational procedures, training, policy and equipment used

If a critique report is completed, it should be sent to the Chief of Police for review.

Control Devices and Techniques

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

304.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Sutherlin Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

304.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

304.4 RESPONSIBILITIES

304.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

304.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

304.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

304.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

All uniformed personnel shall carry a baton, and the baton must be carried in its authorized holder. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

304.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

304.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

304.6.2 INCIDENTS RESULTING IN SERIOUS PHYSICAL INJURY

An officer deploying a less-lethal weapon resulting in serious physical injury or death shall be immediately placed on administrative leave with pay, until receiving final disposition of legal proceedings as determined by the Chief of Police.

304.6.3 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Control Devices and Techniques

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

304.6.4 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

304.7 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

304.8 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy impact projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

304.8.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

Control Devices and Techniques

304.8.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

304.8.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such (orange stock and forearm).

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

As a rule, the shotguns will be stored in the assigned patrol vehicle. When it is not in use, the shotgun will be unloaded and properly stored in the rifle/shotgun rack within the department. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

Control Devices and Techniques

304.9 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

304.10 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

305.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Electro-muscular-disruption-technology-device (EMDT)s.

305.2 POLICY

The EMDT is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

305.3 ISSUANCE AND CARRYING EMDT DEVICES

Only members who have successfully completed department-approved training may be issued and carry the EMDT.

EMDTs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the EMDT and cartridges that have been issued by the Department. Uniformed officers who have been issued the EMDT shall wear the device in an approved holster on their person. Non-uniformed officers may secure the EMDT in the driver's compartment of their vehicle.

Members carrying the EMDT should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the EMDT in a weak-side holster on the side opposite the duty weapon.

- (a) All EMDTs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the EMDT.
- (c) Officers shall be responsible for ensuring that their issued EMDT is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the EMDT at the same time.

305.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the EMDT should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the EMDT may be deployed.

Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc, or the laser in a further attempt to gain compliance prior to the application of the EMDT. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the EMDT in the related report.

305.5 USE OF THE EMDT DEVICE

The EMDT has limitations and restrictions requiring consideration before its use. The EMDT should only be used when its operator can safely approach the subject within the operational range of the device. Although the EMDT is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

305.5.1 APPLICATION OF THE EMDT DEVICE

The EMDT may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the EMDT to apprehend an individual.

305.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the EMDT on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.

Conducted Energy Device

- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the EMDT in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The EMDT shall not be used to psychologically torment, elicit statements or to punish any individual.

305.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the EMDT probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

305.5.4 MULTIPLE APPLICATIONS OF THE EMDTDEVICE

Officers should apply the EMDT for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the EMDT against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the EMDT appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the EMDT, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one EMDT at a time against a single subject.

305.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all EMDT discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Sutherlin Police Department

Sutherlin PD Policy Manual

Conducted Energy Device

305.5.6 DANGEROUS ANIMALS

The EMDT may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

305.5.7 TASER® CAM™

The TASER CAM is activated any time the safety is in the off position. The safety should be in the safe position unless the officer intends to use the device. Because the TASER CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the department records retention schedule.

305.5.8 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department EMDTs while off-duty.

Officers shall ensure that EMDTs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

305.5.9 ADDITIONAL TASER GUIDELINES

Officers shall not draw a TASER outside of a Sutherlin Police Department facility, or in the presence of any person in-custody without justification, except under the following circumstances:

- (a) Testing the TASER in a discreet location if it was not tested with the police facilities;
- (b) Presentation to a supervisor or TASER instructor for inspection; or
- (c) Securing weapons at the Douglas County Jail or other custodial facility (if applicable).

Justifiable drawing of the TASER from its holster shall be thoroughly documented in an Incident or Arrest Report. TASER's record each weapon's discharge by date and time. Such information shall be made available to any supervisor for audit or administrative review of an incident.

TASER's shall be secured along with the officer's firearm at any custodial facility or other location where officers are required to secure their weapons prior to entering the facility. Such facilities include the secure booking areas of the Douglas County Jail.

305.6 DOCUMENTATION

Officers shall document all EMDT discharges in the related arrest/crime report and the EMDT report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

305.6.1 EMDTDEVICE FORM

Items that shall be included in the EMDT report form are:

- (a) The type and brand of EMDT and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.

- (d) The number of EMDT activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the EMDT was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of data downloads and reconcile EMDT report forms with recorded activations. EMDT information and statistics, with identifying information removed, should periodically be made available to the public.

305.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing EMDTs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

305.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriately trained officers or medical personnel should remove EMDT probes from a person's body. Used EMDT probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by EMDT probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.

Conducted Energy Device

- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The EMDT probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the EMDT.

305.8 QUARTERLY DOWNLOADS AND INSPECTIONS

The designated Training Sergeant (or his designee) shall conduct a complete a download and inspection with an inventory of all Department TASER's quarterly and report to the Chief of Police via chain of command. Such inventory may be conducted during monthly Department training.

The Training Sergeant (or his designee) shall inspect all TASER's and:

- (a) Conduct necessary service and maintenance;
- (b) Download the computerized history on each TASER; and
- (c) Verify all factory settings are correct in and compliance with Department policy and training guidelines.

Service and maintenance may be conducted during monthly Department training.

305.9 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the EMDT may be used. A supervisor should respond to all incidents where the EMDT was activated.

A supervisor should review each incident where a person has been exposed to an activation of the EMDT. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

305.10 TRAINING

Personnel who are authorized to carry the EMDT shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the

Sutherlin Police Department

Sutherlin PD Policy Manual

Conducted Energy Device

EMDT as a part of their assignment for a period of six months or more shall be recertified by a department-approved EMDT instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued EMDTs should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Sergeant. All training and proficiency for EMDTs will be documented in the officer's training file.

Command staff, supervisors and investigators should receive EMDT training as appropriate for the investigations they conduct and review.

Officers who do not carry EMDTs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry EMDTs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of EMDTs during training could result in injury to personnel and should not be mandatory for certification.

The Training Sergeant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the EMDT and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the EMDT.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Sutherland Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Sutherland Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

Sutherlin Police Department

Sutherlin PD Policy Manual

Handcuffing and Restraints

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Handcuffing and Restraints

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

Handcuffing and Restraints

- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

306.9 TRANSPORTING RESTRAINED PERSONS

When transporting a person who has been restrained, officers shall observe the following procedures:

- (a) Restrained persons may be transported in a patrol unit. They should be seated in an upright position and secured by a seat belt. The long lead of the restraint should be secured within the interior of the transporting vehicle. When the restrained person cannot be transported in a seated position he/she should be promptly transported to the appropriate facility. Persons in-custody that are restrained shall not be left unattended at any time.
- (b) An officer shall accompany any person in custody that is transported to a medical facility. The transporting officer should inform medical personnel that the person should remain in an upright position where practicable. If medical personnel determine that it is in the best interest of the restrained person to be transported while lying down,

Sutherlin Police Department

Sutherlin PD Policy Manual

Handcuffing and Restraints

the person should be kept on his/her side or back with appropriate adjustments to restraints so that the person's arms are not pinned beneath them.

- (c) Officers should inform the jail staff that the arrestee was subjected to being restrained by use of a restraint device instead of, or in addition to handcuffing prior to arrival at the jail.

Officer-Involved Shootings and Deaths

306.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

306.2 POLICY

The policy of the Sutherlin Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

306.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

306.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

306.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Sutherlin Police Department would control the investigation if the suspect's crime occurred in Sutherlin.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

306.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

306.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

306.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

306.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved SPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

306.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved SPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any SPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional SPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved SPD officer should be given an administrative order not to discuss the incident with other involved officers or SPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

306.5.3 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Captain.

All outside inquiries about the incident shall be directed to the Watch Commander.

306.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Patrol Captain
- Douglas County Response To Use Of Deadly Physical Force Planning Authority rollout team
- Outside agency investigators (if appropriate)
- Professional Standards Unit supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Chief of Police

306.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) Any request for legal representation will be accommodated.
 - 1. Involved SPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-SPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A mental health professional shall be provided by the Department to each involved SPD officer (ORS 181A.790). An involved officer shall attend at least one session. A mental health professional may also be provided to any other affected SPD members, upon request.
 - 1. Interviews with a mental health professional will be considered privileged.
 - 2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.
 - 3. The Department shall pay the costs of at least two sessions with a mental health professional and the sessions must take place within six months after the incident.
 - 4. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:
 - 1. Have been designated by SPD or employee assistance program to act as a peer counselor, and;
 - 2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. An officer who uses deadly force that results in the death of a person shall not be returned to a duty assignment that might place him/her in a situation in which he/she has to use deadly force until at least 72 hours immediately following the incident (ORS 181A.790). It shall

Officer-Involved Shootings and Deaths

be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

306.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) SPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of SPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

306.6.1 REPORTS BY INVOLVED SPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved SPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved SPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

Nothing in this section shall be construed to deprive an involved SPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

306.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

306.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Patrol supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Patrol supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Captain.

Officer-Involved Shootings and Deaths

306.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved SPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

306.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

306.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

306.10 DEBRIEFING

Following an officer-involved shooting or death, the Sutherlin Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

306.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Captain is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer-Involved Shootings and Deaths

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

306.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

306.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Patrol Captain and Chief of Police in the event of inquiries from the media.

No involved SPD officers shall make any comment to the media unless he/she is authorized by the Chief of Police or a Captain.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

306.12 REPORTING

If the death of an individual resulted from an officer use of deadly force and occurred in the Sutherlin Police Department jurisdiction, the Patrol Captain will ensure that the Public Safety Office Supervisor is provided with enough information to meet the reporting requirements to the Department of Justice (ORS 181A.790).

Firearms

307.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

307.2 POLICY

The Sutherland Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

307.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Captain. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

307.3.1 HANDGUNS

The authorized department-issued handgun is the Glock Model 35, 40 caliber. The following additional handguns are approved for on-duty use:

A semi-automatic pistol capable of being fired double or single action manufactured by a reputable firearms manufacturer, and approved by the Chief of Police. The semi-automatic firearm shall be a 9mm, .40 caliber, or 45 ACP with minimum 3.5 inch barrel. Additional firearms may be approved by the Chief of Police as they are developed. The purchase, maintenance, and repair of the alternate duty firearm, holster and magazine pouches, and all associated items shall be the responsibility of the officer.

307.3.2 SHOTGUNS

The authorized department-issued shotgun is the Remington 870. The following additional shotguns are approved for on-duty use:

When not deployed, the shotgun shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle.

307.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the Bushmaster AR15 .223, Olympic Arms SM .223 or STS Arms ST4 MOE, semi-automatic.

--	--	--

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.

- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured in a locking weapons rack in the patrol vehicle.

A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in a safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

307.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Police or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

- (a) The firearm shall be in good working order and on the department list of approved firearms.
- (b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

- (h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

307.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

- (a) A personally owned firearm shall be used, carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy.
 - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.

- (e) The member will successfully qualify with the firearm prior to it being carried.
- (f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.
- (g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.
- (h) Members shall only carry department-authorized ammunition.
- (i) When armed, officers shall carry their badges and Sutherlin Police Department identification cards under circumstances requiring possession of such identification.

307.3.7 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

307.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

307.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

307.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

307.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

307.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

307.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.

Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed

from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

307.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster.

Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the department armory in the racks provided.

307.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

307.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

307.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

307.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

Sutherlin Police Department

Firearms

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

307.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Captain or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

307.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, EMDT, oleoresin capicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

307.7.2 INJURED ANIMALS

A member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Firearms

307.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

307.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

307.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Sutherlin Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also

carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

- (c) The Sutherlin Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the Officer's travel. If approved, TSA will send the Sutherlin Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

307.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Sutherlin Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

308.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

308.1.1 POLICE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

308.2 OFFICER RESPONSIBILITIES

While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (ORS 820.300). This exemption only applies to emergency vehicles using emergency lights and sirens (ORS 820.300; ORS 820.320). This following policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by ORS 820.300(2).

308.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) The emergency equipment present on the vehicles used in the pursuit.
- (j) Vehicle speeds.
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (l) Availability of other resources such as helicopter assistance.
- (m) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoners in the police vehicle.

308.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects' escape.

The factors listed in WHEN TO INITIATE A PURSUIT are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term terminate shall be construed to mean discontinue or to stop chasing the fleeing vehicles.

In addition to the factors listed in the When to Initiate a Pursuit subsection of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicles is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Directed by a supervisor.

308.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Whether the pursuit speeds are unsafe for the surrounding conditions.
- (b) Whether the speeds being reached are beyond the driving ability of the officer.
- (c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.

308.2.4 VEHICLE PURSUIT DECISION FACTORS

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit: (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety; (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others; (c) Apparent nature of the fleeing suspect(s) (e.g., whether

Vehicle Pursuits

the suspect(s) represent a serious threat to public safety; (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time; (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors; (f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit; (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect; (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit; (i) The emergency equipment present on the vehicles used in the pursuit; (j) Vehicle speeds; (k) Other persons in or on the pursued vehicle (e.g., passengers, cooffenders and hostages); (l) Availability of other resources; and (m) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

308.3 PURSUIT UNITS

Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

308.3.1 VEHICLES WITHOUT OVERHEAD LIGHT BARS

Absent a reasonable alternative, and then only when human life is in immediate danger, department vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers driving units without an overhead light bar should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by ORS 820.300 do not apply to officers using vehicles which do not qualify as emergency vehicles under ORS 801.260.

308.3.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to themselves or other persons.

Notify Dispatch that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

In order to concentrate on pursuit driving the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit as soon as practical to a secondary unit or aircraft joining the pursuit, unless practical circumstances indicate otherwise.

308.3.3 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise

308.3.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 3. Requesting other units to observe exits available to the suspects.
 4. Notifying the Oregon State Police and/or other jurisdictional agency when it appears the pursuit may enter that jurisdiction.
- (d) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

308.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved, during or at the termination of the pursuit, unless directed by a supervisor.

Non-pursuing personnel assigned to assist at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

308.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

308.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

pursuit in order to ensure that the pursuit is conducted within established department guidelines.

- (b) Consider whether the pursuing officer believes that the suspect has committed, is in the act of committing, or is wanted for a violent felony person crime, domestic assault, or poses a significant threat of death or serious physical injury to another person or persons.
- (c) Consider whether the pursuing officer reported any driving that suggests the suspect represents a significant and continuing danger of death or serious physical injury to another person.
- (d) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (e) Exercising management and control of the pursuit even if not engaged in it.
- (f) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (g) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (h) Ensuring that aircraft are requested if available.
- (i) Ensuring that the proper radio channel is being used.
- (j) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (k) Control and manage SPD units when a pursuit enters another jurisdiction.
- (l) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

308.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Captain.

308.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

308.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will:

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

- (a) Clear the channel on which the pursuit is being broadcast.
- (b) Coordinate pursuit communications of the involved units and personnel.
- (c) Notify and coordinate with other involved or affected agencies as practical.
- (d) Ensure that a field supervisor is notified of the pursuit.
- (e) Assign an incident number and log all pursuit activities.
- (f) Broadcast pursuit updates as well as other pertinent information as necessary.
- (g) Notify the Watch Commander as soon as practical.

308.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

308.6 INTER-JURISDICTIONAL CONSIDERATIONS

This Interagency Pursuit Agreement for law enforcement agencies in Douglas County identifies common procedures of conducting a vehicular pursuit that may cross cooperative policing boundaries within the County. The intent of the agreement is to ensure the safety of the general public, pursuing law enforcement officers and the occupants of the fleeing vehicle. This agreement is intended to supplement each department's current pursuit policies and procedures and is not designed to replace them.

General Procedures:

When a law enforcement agency in Douglas County initiates a motor vehicle pursuit or becomes the primary or secondary unit in a pursuit originating from outside the County, the appropriate communications center will immediately notify a supervisor from the responsible agency.

The supervisor of the responsible agency will be considered to be in control of the pursuit when:

1) The primary unit in the pursuit is from the supervisor's law enforcement agency; 2) He/she officially accepts the responsibility for control of the pursuit from a supervisor or member of another law enforcement agency; and/or, 3) If no supervisor from the responsible agency is available, **the primary officer engaged in the pursuit and any supervisor from an allied agency** will be considered to be responsible for continuing or terminating the pursuit. If a supervisor is actively engaged in the pursuit, another supervisor from that agency, or if none, any allied agency supervisor should accept control of the pursuit.

Pursuits will be limited to one primary and one secondary law enforcement unit. Any additional units monitoring the pursuit will follow at a safe distance (approximately 1/4 to 1/2 mile) and maintain slower speeds behind the two pursuing units. It is recommended that the second unit in the pursuit provide the majority of radio traffic to the communications center, including direction, speed and location of the pursuit at regular intervals.

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

When the pursuit becomes multi-agency, all units in pursuit will switch to the Douglas County Communications frequency (Pursuit units will stay on the County channel Law 1 unless directed otherwise by the dispatch center or supervisor in charge of the pursuit).

If the pursuit originates in a municipality and continues outside the city limits, the municipal units should seek assistance from County and/or State units. Once there are a total of two County or State units in position to continue the pursuit, the municipal unit(s) will suspend their participation in the pursuit.

If the pursuit originates outside of the city limits and is being conducted by County and/or State units, the communications center will make every effort to notify the appropriate municipal agencies that a pursuit is in progress and may enter their jurisdiction.

If the pursuit enters a city, pursuing County or State units should seek assistance from the City law enforcement units. A law enforcement supervisor from that jurisdiction may elect to: 1) Monitor the pursuit and allow it to continue by County and/or State units; 2) Direct Municipal units into a position to assume primary or secondary responsibility for the pursuit; and/or, 3) Request County and/or State units to terminate the pursuit.

It is recommended that when a pursuit enters city limits and a City unit assumes a secondary position in the pursuit that the City unit act as an adviser to the primary unit, providing information on city streets and potential hazards.

Pursuit Termination Guidelines:

A pursuit will be terminated by everyone involved upon the following conditions: 1) The primary pursuit vehicle calls for complete termination of the pursuit; 2) The secondary pursuit vehicle calls for complete termination of the pursuit; 3) The supervisor controlling the pursuit calls for complete termination of the pursuit; 4) When the risk of the pursuit outweighs the need of immediate apprehension, the pursuit should be terminated; 5) When anyone involved in the pursuit calls for the complete termination of the pursuit.

Primary and secondary units of the supervisor in control of the pursuit must make it clear to communications and other involved law enforcement units that they are calling for complete termination of the pursuit and not just terminating their individual participation.

Supervisors from different law enforcement agencies must work together with communications to ensure the smooth transfer of supervisory control and responsibility in a multi-agency pursuit.

The use of spike strips should be considered early in the incident as a means of safely terminating the pursuit. The request for the deployment of spike strips may be made to any law enforcement agency in position to deploy them. However, it should be recognized that clear communications and coordination between the pursuing units and the law enforcement units attempting to deploy the spike strips is vital to ensure the safety of everyone involved. Note: Original Agreement July 1993/Amended February 2001/Amended June 2017.

308.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and the assistance of this agency is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this agency shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

308.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider the following additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

308.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming

Vehicle Pursuits

shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

308.7.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices. Officers shall not deploy Pursuit Intervention Technique without prior training in the use of PIT.

308.7.2 DEFINITIONS

Blocking or Vehicle Intercept - A very low speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a slow moving or stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle. This tactic is also often referred to as a roadblock, barricade or blockade.

Pursuit Intervention Technique (PIT) - is a low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit

Spikes or Tack Strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

308.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

Vehicle Pursuits

308.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

Vehicle Pursuits

If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

- (d) As with all intervention tactics, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. Any roadblock implemented should include reasonable line-of-sight distance permitting the suspect to recognize, react to and stop before striking the roadblock.

308.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit . Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

308.8 REPORTING REQUIREMENTS

The following reports should be completed to comply with appropriate local and state regulations:

- (a) The primary officer shall complete appropriate crime/arrest reports

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Pursuits

- (b) A field supervisor shall complete a Supervisor's Log summarizing the pursuit to his/her department manager to evaluate the pursuit in terms of Department policy. The memo shall minimally contain the following information:
1. Date and time of pursuit.
 2. Length of pursuit.
 3. Involved units and officers.
 4. Initial reason for pursuit.
 5. Starting and termination points.
 6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable.
 7. Injuries and/or property damage.
 8. Medical treatment.
 9. Name of supervisor at scene.
 10. A preliminary determination, simply stating whether or not the pursuit appears to be in compliance with this policy.
 11. Determine the need for any additional review and/or follow up.

308.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

308.8.2 POLICY REVIEW

Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

308.8.3 ANNUAL REVIEW

During the first calendar quarter of each year, Patrol Captain will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

309.1.1 DEFINITIONS

(a) EMERGENCY RESPONSE Situations justifying emergency response include, but are not limited to:

1. Officer needs assistance;
2. Lifethreatening emergencies;
3. Violent crimes in progress; and,
4. Vehicle pursuits.

(b) IMMEDIATE RESPONSE Situation justifying immediate response include, but are not limited to:

1. Crimes in progress;
2. Disturbance calls;
3. Noninjury traffic accidents;
4. Officer requesting backup;
5. Calls involving a pending arrest;
6. Urgent situation where use of emergency lights and / or siren may be detrimental to the apprehension of the violator; and,
7. Any other nonlifethreatening situation where a prompt response is necessary.

(c) OVERTAKING VIOLATORS Officers may overtake violators in compliance with ORS 820.300. However, in doing so officers shall drive with due regard for the safety of all persons and must weigh risk versus benefit at all times.

(d) PURSUIT DRIVING Pursuit driving involves the pursuit and apprehension of fleeing violators who are attempting to avoid arrest as demonstrated by evasive driving tactics.

(e) ROUTINE RESPONSE Normal or routine vehicle operation that is consistent with the normal flow of traffic; obedience to all vehicle laws under Oregon Revised Statutes; and, adherence to reasonably acceptable common courtesy and rules of the road where response time is not a factor.

Officer Response to Calls

309.2 RESPONSE TO CALLS

Officers shall proceed immediately to calls that are of an emergency nature. A Code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

(a) Situations justifying emergency response include, but are not limited to: 1. Officer needs assistance; 2. Lifethreatening emergencies; 3. Violent crimes in progress; and, 4. Vehicle Pursuits.

Officers' decisions in emergency responses are based on these guidelines, coupled with road, weather, distance, traffic, and the necessity for expedient response.

309.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Officer Response to Calls

309.3.1 NUMBER OF UNITS ASSIGNED

Normally, only the unit(s) assigned by Dispatch to respond to the emergency call should do so Code-3, unless the field supervisor authorizes an additional unit(s).

309.4 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

309.5 SUPERVISORY RESPONSIBILITIES

Upon being notified or hearing that a Code-3 response has been initiated, the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

Sutherlin Police Department

Sutherlin PD Policy Manual

Officer Response to Calls

309.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the on duty field supervisor and Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

High Risk Vehicle Stops

310.1 PURPOSE AND SCOPE

This policy will establish this Department's use of high risk vehicle stop techniques.

310.1.1 POLICY

Sutherlin Police Department conducts highrisk vehicle stops on vehicles that are driven by individuals believed to be armed or potentially armed, or believed to be dangerous to officers and / or the public where such tactics are justifiable, pursuant to Oregon Revised Statutes 810.410 (3f.).

Techniques for procedures are developed to minimize the threat to the officers and the public and to maximize safety for the officers, the public and the vehicle occupants, themselves.

310.2 HIGH RISK STOP TRAINING

Sutherlin Police Department trains all field personnel regularly on procedures involving high risk vehicle stops.

Domestic Violence

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

311.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

311.2 POLICY

The Sutherlin Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

311.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

311.3.1 MANDATORY ARRESTS

Police officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in Oregon Revised Statutes 107.705, or to believe that one such person has placed the other in fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant. In responding to domestic violence incidents, officers are not required to arrest both parties (Oregon Revised Statutes 133.055).

Police officers shall make reasonable efforts to identify who is the assailant or potential assailant in any incident. In identifying the assailant or potential assailant, an officer shall consider:

- (a) The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury;
- (b) If reasonably ascertainable, the history of domestic violence between the persons involved;

Sutherlin Police Department

Sutherlin PD Policy Manual

Domestic Violence

- (c) Whether any alleged crime was committed in selfdefense; and,
- (d) The potential for future assaults.

311.3.2 RELEASE

Once a suspect has been arrested under the provisions of Oregon Revised Statutes 133.055 the suspect shall be taken to jail. Officers have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

311.3.3 PRIVATE PERSON'S ARREST

A private person cannot make an arrest of a person for violating the terms of restraining or protective orders: Pursuant to

Oregon Revised Statutes

133.225, a private person may

arrest another person for any other crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime.

311.3.4 INCIDENTS INVOLVING LAW ENFORCEMENT EMPLOYEES

Upon arrival at the scene of a domestic violence incident involving any law enforcement officer or other department employee as the suspect or victim, the handling officer shall immediately notify Dispatch and request a supervisor be sent to the scene, regardless of the involved employee's jurisdiction.

The investigation shall be conducted as any other domestic violence incident as detailed by department policy. If there is a question about whether an incident falls under this policy, contact a supervisor.

311.3.5 ON-SCENE SUPERVISOR RESPONSE

A supervisor shall, whenever possible, report to the scene of all domestic violence incidents that occur within this jurisdiction where an employee of this or any other law enforcement agency is identified as a suspect or victim, regardless of the involved individual's agency jurisdiction.

- (a) The supervisor will ensure that a thorough investigation is conducted and the reports are forwarded to the District Attorney's Office.
- (b) When an employee of the Sutherlin Police Department is a suspect in domestic violence, and this department is investigating, the onscene supervisor will affirmatively give the victim an option to request investigation by an outside agency.
- (c) Whenever a law enforcement employee domestic violence call does not result in an arrest, the onscene supervisor shall submit a written report explaining any and all reasons why an arrest was not made or a warrant was not sought.

Sutherlin Police Department

Sutherlin PD Policy Manual

Domestic Violence

- (d) When the employee of the Sutherlin Police Department is a supervisor, the Chief of Police shall be called to investigate. The Chief of Police may request an outside agency to investigate the case and will affirmatively give the victim an option to request investigation by an outside agency.

311.3.6 ARREST OF A LAW ENFORCEMENT OFFICER

- (a) Whenever a sworn employee of the Sutherlin Police Department is arrested, the supervisor shall relieve the accused of any department issued duty weapon(s).
- (b) If an armed law enforcement officer from another agency or jurisdiction is arrested, that individual's department will be immediately contacted by the Chief of Police or a designated supervisor and authorization to seize that individual's duty weapon(s) will be requested.
- (c) The investigating officer or supervisor will also request permission to take any other firearms on scene for safekeeping.
- (d) If the arrested employee is in uniform, he/she should be allowed to change to civilian clothes prior to transport to the jail, if feasible.
- (e) The transporting officer shall ensure that corrections personnel are notified of the person's employee status, to ensure the safety of the employee while he/she is in custody.

311.3.7 ADDITIONAL CONSIDERATIONS

When responding to a domestic violence complaint involving an employee from another law enforcement agency, all responding officers and supervisors shall, as close as possible, follow the same procedures established herein.

The responding supervisor shall notify the Chief of Police, or designee, of the accused officer's jurisdiction verbally as soon as possible and in writing within 24 hours. In the event the reported incident involves a Sheriff, Chief of Police, Commissioner, or other law enforcement department head, the supervisor shall immediately notify the individual in government who has direct oversight of the individual.

311.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

Sutherlin Police Department

Sutherlin PD Policy Manual

Domestic Violence

- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Patrol in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).

Sutherlin Police Department

Sutherlin PD Policy Manual

Domestic Violence

10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

311.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

311.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

311.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

Domestic Violence

- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

311.5.1 WRITTEN NOTICE TO VICTIMS

Officers must provide each person who has been a victim of domestic violence with a copy of the department Domestic Violence Information Card containing information relating to shelters or other services available in the community and notice of the legal rights and remedies available to victims (Oregon Revised Statutes 133.055).

Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence pamphlet provided to the victim. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

311.6 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

311.7 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

Domestic Violence

311.7.1 SERVICE OF COURT ORDERS

Officers should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any officer serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).

311.7.2 RESTRAINING ORDER ENFORCEMENT PROCEDURES

Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order has been issued, a true copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (Oregon Revised Statutes 133.310). Officers with probable cause to believe that a valid foreign (issued by another county, state or tribal court) restraining order exists shall enforce such order as if issued in this state. Violation of a restraining order issued under the Family Abuse Prevention Act constitutes Contempt of Court. Proof of service may be established by any one of the following:

- (a) The officer has been advised by dispatch the order is listed in LEDS as valid and has been served on the suspect.
- (b) The complainant produces a valid copy of the order bearing a file stamp of a court and proof of service on the suspect.
- (c) The officer has verified the existence of the order and the order reflects that the suspect was personally present in court when the order was made which removes the proof of service requirements.
- (d) The existence of the order has been verified and there is proof that an officer has previously informed the suspect of its terms.

311.7.3 PROOF OF SERVICE NOT VERIFIED

When the officer verifies that a restraining order exists but cannot verify proof of service or prior knowledge of the order by the suspect, the officer shall perform the following:

- (a) At the request of the complainant and upon presentation of an endorsed copy of the restraining order and a proof of service form, serve a copy of the order on the suspect. Submit the completed proof of service form to the court, regardless of whether or not the suspect is taken into custody.
- (b) Immediately inform the suspect of the terms of the order and place the suspect on notice that violation of the order will result in arrest.
- (c) Obtain the suspect's address.
- (d) Enforce the order but do not make an arrest for any violation of the order occurring prior to verified proof of service or before an officer's admonition of the terms of the order. If the suspect continues to violate the order after being advised of the terms, an arrest should be made. If the suspect complies with the order the officer shall complete

Domestic Violence

a report detailing the specific terms of the order and advisement, the name of the advising officer, and the date and time of the advisement.

- (e) The officer serving the order on the suspect must obtain a Proof of Service form from the Sheriff's Office, complete, sign and submit it to the issuing court.

311.7.4 WHEN ORDERS ARE NOT VERIFIABLE

If the victim is not in possession of the restraining order and/or for any reason the officer cannot verify the validity of the order the following action shall be taken:

- (a) Write a report and provide the report number to the victim.
- (b) Inform the victim of how to contact the appropriate detective or investigation unit for further action.
- (c) Inform the victim of the right to make a private person's arrest for an appropriate criminal offense other than for violating the restraining order.

In domestic violence cases where the suspect has left the scene an investigation should be conducted to determine if a crime has been committed. A written report should be completed and the victim informed of the case number and the followup criminal procedure.

311.7.5 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

311.8 STANDARDS FOR ARREST

- (a) Officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).
- (b) Dual arrests are not required (ORS 133.055). Officers shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, an officer shall consider:

Domestic Violence

1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
 2. If reasonably ascertainable, the history of domestic violence between the persons involved.
 3. Whether any alleged crime was committed in self-defense.
 4. The potential for future assaults.
- (c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Officers have no authority to release the arrested person.
- (d) Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

311.9 REPORTS AND NOTIFICATIONS

Officers should document in their report that they provided each domestic violence victim with a copy of the department's domestic violence victim information handout (ORS 133.055).

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

311.9.1 EMERGENCY PROTECTIVE ORDERS

The Public Safety Office Supervisor shall ensure that a system is in place that provides officers at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

311.10 EVIDENCE

The following guidelines should be considered by officers investigating domestic violence cases:

311.10.1 RECORDING INJURIES AND STATEMENTS

All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired. When permitted by law, officers may make a video recording of the injuries and victim statements.

Victims whose injuries are not visible at the time of the incident should be advised to contact the department, in the event the injuries later become visible. An officer may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

Domestic Violence

311.11 REPORTING OF DOMESTIC VIOLENCE

All incidents of domestic violence or alleged violations of restraining orders should be documented in a written report under the appropriate crime classification, the heading of which indicates the incident pertains to the Abuse Prevention Act.

311.12 FIREARMS

Pursuant to the Federal Domestic Violence Gun Control Act (18 USC §§921(a) and 922(d)), any person who has been convicted of a misdemeanor domestic violence offense is prohibited from possessing any firearm or ammunition. Additionally, any person convicted of a felony is prohibited from possessing a firearm (Oregon Revised Statutes 166.270).

Oregon and Federal law also prohibit firearm possession by any individual who is the subject of a domestic violence restraining order (this federal restriction does not apply to temporary restraining orders) (18 USC § 922(d)(8)) and Oregon Revised Statutes 107.718).

Officers may take temporary custody, for safekeeping, of any weapons upon the request of someone in lawful possession of them. In the event a person has been taken into custody and is found to own, have in his or her possession or under his or her control, any firearms or other deadly weapons, the weapons should be taken into temporary custody for safekeeping by the handling officer if the officer reasonably believes the weapons represent a danger to the person or others if the person is released. Any weapons seized will be transported to the police department to be stored as any other evidence for a minimum of 30 days. The 30day period provides:

A coolingoff period for the weapons' owner¹/₂³/₄ Immediate protection for those persons that would potentially be harmed by the person in possession of the weapons and for them to obtain legal protections against those potential threats¹/₂³/₄ For justice system to be established to begin a safe resolution to the case at hand¹/₂³/₄ and For the mental health system to begin evaluation and treatment, if appropriate.

The 30-day period may be shortened and weapons return in less than 30 days at the discretion of the Chief of Police, based on extenuating circumstances.

The 30-day period may be lengthened, pending judicial review, based on extenuating circumstances.

Whenever the handling officer or the assigned detective has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the officer shall detail those facts and circumstances in a report and direct the Property and Evidence Officer to hold the weapons pursuant to the 30-day holding period. The handling officer shall further advise the person of the procedure outlined in Policy Manual§ 320.8.1 for the return of any firearm or other deadly weapon that has been confiscated.

311.12.1 RETURN OF FIREARMS

Weapons taken into custody for safekeeping under §320.8 will be returned to the lawful owner following the 30-day waiting period unless the seizing officer or his supervisor has placed a hold

Sutherlin Police Department

on the weapons pending judicial review. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property personnel shall conduct the background checklist to ensure the person receiving the weapons is in fact eligible to legally possess them. Upon successful completion of the background checklist by Property personnel, the weapons shall be returned to the owner. Such background investigation shall include:

(a) District Attorney's disposition^{1/2 3/4} (b) Municipal Court disposition^{1/2 3/4} (c) LEDS (wants / corrections client)^{1/2 3/4} (d) NCIC wants^{1/2 3/4} (e) Driving record^{1/2 3/4} (f) FBI^{1/2 3/4} (g) CCH^{1/2 3/4} (h) Mental Health check^{1/2 3/4} and (i) Supervisor's approval.

Search and Seizure

312.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Sutherlin Police Department personnel to consider when dealing with search and seizure issues.

312.2 POLICY

It is the policy of the Sutherlin Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

312.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Sutherlin Police Department

Sutherlin PD Policy Manual

Search and Seizure

312.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

312.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

313.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Sutherlin Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody when conditions or surroundings reasonably appear to jeopardize the juvenile's welfare or when it reasonably appears that the child has run away from home (ORS 419B.150). This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

Sutherlin Police Department

Sutherlin PD Policy Manual

Temporary Custody of Juveniles

- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

313.2 POLICY

The Sutherlin Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Sutherlin Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

313.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Sutherlin Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Sutherlin Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

313.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Sutherlin Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

Sutherlin Police Department

Sutherlin PD Policy Manual

Temporary Custody of Juveniles

No juvenile should be held in temporary custody at the Sutherlin Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Sutherlin Police Department (ORS 419B.160; ORS 419C.130).

313.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Sutherlin Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

313.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

313.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Sutherlin Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Temporary Custody of Juveniles

313.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

- (a) The court has issued a warrant of arrest for the juvenile.
- (b) The officer has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
- (c) When the officer has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the officer shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

313.5 NOTIFICATION TO PARENT OR GUARDIAN

As soon as practicable after a juvenile is taken into custody, the officer taking the juvenile into custody shall notify the juvenile's parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

- (a) Reason the juvenile was taken into custody
- (b) Location where the juvenile is being temporarily detained
- (c) Intended disposition
- (d) Time and place of any hearing

313.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Sutherlin Police Department.
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (e) Any changes in status.
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure custody.

Temporary Custody of Juveniles

- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

313.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Sutherlin Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

313.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Sutherlin Police Department shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Sutherlin Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Sutherlin Police Department more than five hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

Temporary Custody of Juveniles

- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

313.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Sutherlin Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

313.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Sutherlin Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Sutherlin Police Department.

313.11 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Watch Commander approval is required before placing a juvenile offender in secure custody.

Sutherlin Police Department

Sutherlin PD Policy Manual

Temporary Custody of Juveniles

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

313.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire time in custody.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

313.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Sutherlin Police Department. The procedures will address:

Temporary Custody of Juveniles

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Patrol supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City Attorney.
- (e) Evidence preservation.

313.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. (See the Investigation and Prosecution Policy.)

313.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

Other juveniles taken into custody may only be fingerprinted or photographed (ORS 419A.250(1)):

- (a) Pursuant to a search warrant.
- (b) According to laws concerning adults if the juvenile has been transferred to criminal court for prosecution.
- (c) Upon consent of both the juvenile and the juvenile's parent after being advised that they are not required to give such consent.
- (d) By order of the juvenile court.

Fingerprints and photographs of juveniles must be kept separate from those of adults. Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

313.15 RECORDS

Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Reports and other material relating to juveniles is generally considered privileged and may not be disclosed directly or indirectly except as provided in the Records Maintenance and Release Policy.

Interview Rooms

314.1 PURPOSE AND SCOPE

Officers may utilize the Department's two interview rooms for private interviews of victims, witnesses, suspects (custodial and noncustodial) and other persons.

Both interview rooms are equipped with audiovisual equipment and television monitors. Officers may record interviews of any persons in either interview room. Officers recording interviews shall notify persons being interviewed that the interview is being recorded prior to any questioning.

Adult Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Sutherlin Police Department members as required by law.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

315.2 POLICY

The Sutherlin Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

315.3 MANDATORY NOTIFICATION

Members of the Sutherlin Police Department shall notify the Department of Human Services (DHS) when there is reasonable cause to believe that an elderly adult (age 65 years or older), dependent adult or resident of a long-term care facility with whom the member comes in contact has suffered abuse, or when a person with whom the member comes in contact has abused an elderly adult, dependent adult or resident of a long-term care facility (ORS 124.060; ORS 430.743; ORS 441.640).

For purposes of notification, abuse includes physical injury, neglect, abandonment, verbal abuse, financial exploitation, sexual abuse, sexual offenses, involuntary seclusion and wrongful use of physical or chemical restraints as provided in ORS 124.050, ORS 430.735 and ORS 441.630.

Dependent adult means a person 18 years or older with (ORS 430.735):

- (a) A developmental disability who is currently receiving services from a community program or facility or was previously determined eligible to receive such services as an adult.
- (b) A mental illness who is receiving services from a community program or facility.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (ORS 124.065; ORS 430.743; ORS 441.645):

- (a) All notifications to DHS shall be made as soon as practicable by telephone.
- (b) Information provided to DHS shall include, if known:
 - 1. Name, age and address of the person abused
 - 2. Present location of the adult

Sutherlin Police Department

Sutherlin PD Policy Manual

Adult Abuse

3. Name and address of the person responsible for the adult
 4. Identity of the perpetrator
 5. Nature and extent of the abuse and any evidence of previous abuse
 6. Any explanation given for the abuse
 7. Date of the incident
 8. Any other information that may be helpful in establishing the cause of the abuse
- (c) In cases where DHS has notified the Department of a possible crime relating to elder or dependent adult abuse, confirmation of receipt of notification shall be made to DHS.
- (d) DHS shall also be notified whether (ORS 124.070(3); ORS 430.745(7)):
1. There will be no criminal investigation and the explanation of why there will be no such investigation.
 2. The investigative findings have been forwarded to the District Attorney for review.
 3. A criminal investigation will take place.
- (e) In investigations that substantiate elderly abuse or abuse of a resident in a long-term care facility, DHS shall be notified in writing (ORS 124.070(2); ORS 441.650(2)).
- (f) Upon completion of investigations for dependent adult abuse, DHS shall be provided a written report of the findings and supporting evidence (ORS 430.745(4)).

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 430.739).

315.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. The Department must begin investigations of abuse in a long-term care facility (ORS 441.650):

Sutherlin Police Department

Sutherlin PD Policy Manual

Adult Abuse

- Within two hours where a resident's health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.
- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident's health or safety in imminent danger.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All investigations into suspected cases of adult abuse shall include a personal visit to the elderly person suspected of being abused (ORS 124.070).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

315.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact DHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult

Adult Abuse

to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

315.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists which requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

315.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

Adult Abuse

315.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

315.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Patrol supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Patrol supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

315.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Patrol supervisor so an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

Sutherlin Police Department

Sutherlin PD Policy Manual

Adult Abuse

315.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

316.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discrimination or sexual harassment. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

316.2 POLICY

The Sutherlin Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive, corrective and disciplinary action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

316.3 DISCRIMINATION PROHIBITED

316.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department commitment to a discrimination free work environment.

316.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sutherlin Police Department

Sutherlin PD Policy Manual

Discriminatory Harassment

316.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and the member.

316.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

316.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Human Resources Director or the City Manager.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

316.4.1 SUPERVISOR RESPONSIBILITY

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.

Sutherlin Police Department

Sutherlin PD Policy Manual

Discriminatory Harassment

- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

316.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of our Department and professional law enforcement standards
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegations based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

316.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

316.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not solve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

Discriminatory Harassment

316.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Human Resources Director or the City Manager.

316.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed or discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

316.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

316.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police or the City Manager or the Human Resources Director if more appropriate.
- Maintained for the period established in the department's records retention schedule.

316.8 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

317.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

317.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator is

Child Abuse

a subject of the investigation. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

317.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When the child's condition or surroundings reasonably appear to jeopardize the child's welfare
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

317.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

Child Abuse

317.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this department, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this department, members of the Sutherlin Police Department shall follow the provisions set forth in ORS 418.017.

317.7 INTERVIEWS

317.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

317.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

317.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

Child Abuse

317.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

317.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

317.9.1 SUPERVISOR RESPONSIBILITIES

The Patrol supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Patrol supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

317.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Patrol supervisor so an interagency response can begin.

317.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

317.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 419B.035).

Information may be shared to the appropriate military authorities regarding a child who is the subject of a report of child abuse when the parent or guardian of the child is in the military (ORS 419B.015).

Missing Persons

319.2 POLICY

The Sutherlin Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Sutherlin Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

319.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Patrol Supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation

- Medical records release form
- Biological sample collection kits

319.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

Public Alerts

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for alerting the public to important information and soliciting public aid when appropriate.

320.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

320.3 RESPONSIBILITIES

320.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Sutherlin Police Department should notify their supervisor as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

320.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. The supervisor shall promptly notify the Chief of Police.

The supervisor in charge of the investigation to which the alert relates is responsible for the following:

An AMBER Alert should not be used if the child is a runaway or has been abducted as a result of a child custody situation, unless the child may be in danger of serious bodily harm or death.

320.4.2 PROCEDURE

The AMBER Alert Web Portal is used to post the appropriate alert information.

Prior to posting the AMBER Alert message, consideration should be given to ensuring adequate staffing for the tip line, 9-1-1 lines and any media line. AMBER Alerts generate significant public and media interest. It is likely that a high volume of calls from the public and media will be received. Reassigning personnel from other units or requesting mutual aid from other agencies should be considered.

 - 1. The child's identity, age, physical and clothing description, including any distinguishing characteristics.
 - 2. Photograph, if available.
 - 3. The location where the abduction occurred or where the child was last seen.

- (b) Information on the abducted child, suspect vehicle and suspect should be entered into the Law Enforcement Data System (LEDS) and NCIC as soon as feasible. The suspect's name, if known, should be entered in the "AKA" moniker field. The child's name and other critical data elements, including the child abduction (CA) and AMBER Alert (AA) flags, must be entered into the NCIC system in order to trigger the resources of the National Center for Missing and Exploited Children (NCMEC) and the FBI.

Sutherlin Police Department

Sutherlin PD Policy Manual

Public Alerts

- (e) Consideration should be given to whether to utilize the following resources:
 - 1. Federal Bureau of Investigation (FBI Local Office)
 - 2. National Center for Missing and Exploited Children 800-843-5678

The FBI and NCMEC will have received notification of the AMBER Alert via the NCIC computer entries. If needed, the Oregon State Police Missing Children Clearinghouse is available to assist agencies with any additional notifications or to serve as the liaison with NCMEC.

The personal representative may only be excluded if there is a belief that the representative would compromise the process (ORS 147.425).

The Administration Supervisor shall ensure that victim information handouts are available and current. These should include as appropriate:

- (a) Shelters and other community resources for victims including domestic violence and sexual assault victims.

321.5 WITNESSES

Officers should never guarantee a witness' safety from future harm or that his/her identity will always remain confidential. Officers may make practical safety suggestions to witnesses who express fear of future harm or retaliation.

Officers should investigate allegations of witness intimidation and take enforcement action when lawful and reasonable.

Blight Housing

322.1 PURPOSE AND SCOPE

The Sutherlin Police Department actively abates houses that denigrate the livability of their neighborhoods based on drug activity in violation of ORS 105.555 to 105.580, or blight in violation of Sutherlin Municipal Code 8.16, or combination of both.

A **"blight house"** is a residence that has fallen below a normal, acceptable level of habitation, due to garbage accumulation, abandoned vehicles, unacceptable health standards, dysfunctional plumbing, or structural deterioration.

Sutherlin Police Department utilizes both traditional police enforcement and non-traditional techniques using all available resources in Douglas County to abate drug and blight houses.

The program uses a coordinated code enforcement technique and negotiates with property owners to improve their properties and obtain law-abiding tenants.

The code enforcement technique insists that property owners comply with housing, safety and health codes. Properties are refurbished by the owners to become code compliant habitable housing, or face abatement or closure.

Tenants may be evicted in the process if necessary by legal means.

Standards of Conduct

324.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Sutherlin Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

324.1.1 MISCONDUCT DEFINED

MISCONDUCT - The commission of a crime or any violation of policy, rule, procedure; or, any conduct that may tend to cause embarrassment to the Sutherlin Police Department, the City of Sutherlin, or the accused employee.

324.2 POLICY

The continued employment or appointment of every member of the Sutherlin Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

324.2.1 CHIEF'S FILE

The Chief of Police maintains a Confidential Performance File, which is a working personnel file for each subordinate employee supervised. It is a file kept separate from the personnel files maintained in the Office of the Human Resources Department. Each file contains information for evaluation purposes during the current rating period. Such file may contain any of the following performance related documents:

- (a) Commendations,
- (b) Reprimands,
- (c) Significant case work,
- (d) Threshold incidents,
- (e) Memorandums, and

Standards of Conduct

324.2.2 POSSIBLE DISCIPLINARY ACTIONS

Upon a finding of a sustained complaint, the following possible disciplinary actions are administered as follows:

- (a) **Counseling / Training** " In the event of minor employee misconduct involving a minor procedural mistake or judgment error, an employee will generally be counseled and / or provided with training appropriate to the situation. Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Report Preparation

326.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

326.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

326.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

326.2.1 CRIMINAL ACTIVITY REPORTING

Media Relations

327.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

327.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Captains, Watch Commanders and designated Chief of Police(s) may prepare and release information to the media in accordance with this policy and the applicable law.

327.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

Media Relations

be coordinated through the department Chief of Police or other designated spokesperson.

2. Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the Watch Commander. The TFR should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

327.3.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). It should be requested through the appropriate control tower. If

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of this policy.

327.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and Personnel Records policies). When in doubt, authorized and available legal counsel should be obtained.

327.4.2 SPECIAL CONSIDERATION IN CRIMINAL MATTERS

This may include closer access of personnel and equipment than available to the general public if it does not interfere with the police mission or movement of vehicle or pedestrian traffic.

Registered Offender Information

332.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Sutherlin Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

332.2 POLICY

It is the policy of the Sutherlin Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

332.3 REGISTRATION

The Patrol Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process (OAR 257-070-0100).

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 163A.035 and OAR 257-070-0100.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

332.3.1 CONTENTS OF REGISTRATION

Registrants shall (ORS 163A.010; OAR 257-070-0110):

- (a) Provide the information to complete the sex offender registration form and sign it.
- (b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
- (c) Submit to fingerprinting, if required.

332.4 MONITORING OF REGISTERED OFFENDERS

The Patrol supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

Sutherlin Police Department

Sutherlin PD Policy Manual

Registered Offender Information

- (b) Review of information on the State of Oregon Sex Offender Inquiry System.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to Oregon State Police.

The Patrol supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Sutherlin Police Department personnel, including timely updates regarding new or relocated registrants.

332.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the Sutherlin Police Department's website.

The Police Office Supervisor shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 181.835; ORS 181.837; ORS 192.410 to ORS 192.505).

332.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The information on this website may not reflect the entire criminal history of a registered offender.
- (e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.

Major Incident Notification

333.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

333.2 POLICY

The Sutherland Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

333.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Captain. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Traffic accidents with fatalities
- Officer-involved shooting on- or off-duty (see the Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to an employee on- or off-duty
- Death of a prominent official
- Arrest of department employee or prominent official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths
- Any other event likely to attract media attention

333.4 WATCH COMMANDER RESPONSIBILITY

The Watch Commander is responsible for making the appropriate notifications. The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Watch Commander shall attempt to make the notifications as soon as practicable. Notification should be made during off-duty hours by calling the home telephone number first and then by cellular telephone.

333.4.1 STAFF NOTIFICATION

In the event an incident occurs described in Policy Manual § 358.2, the Chief of Police shall be notified along with the affected Captain .

Sutherlin Police Department

333.4.2 CHIEF OF POLICE (PIO)

The Chief of Police shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Death Investigation

334.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

334.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations.

Upon summoning emergency personnel, the officer responsible for the crime scene shall carefully direct responding personnel into the crime scene to minimize destruction of physical evidence, other than during emergent lifesaving efforts.

334.2.1 MEDICAL EXAMINER NOTIFICATION

Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances. Any death:

- (a) Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
- (b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
- (c) Occurring while incarcerated in any jail, correction facility, or in police custody
- (d) Apparently accidental or following an injury
- (e) By disease, injury or toxic agent during or arising from employment
- (f) While not under the care of a physician during the period immediately previous to death
- (g) Related to disease which might constitute a threat to the public health
- (h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner, medical-legal death investigator or the District Attorney (ORS 146.103).

A Medical Examiner, medical-legal death investigator or District Attorney, in conjunction with the Sutherlin Police Department and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death (ORS 146.103).

Sutherlin Police Department

Sutherlin PD Policy Manual

Death Investigation

The members of the Sutherlin Police Department will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

334.2.2 SEARCHING DEAD BODIES

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Officers must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Officers must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

334.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

334.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

334.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

334.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Shift Supervisor and Chief of Police shall be notified to determine if the Douglas County Major Crimes Team and additional Sutherlin police resources need to be called out.

Identity Theft

335.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

335.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) Following supervisory review and departmental processing, the initial report should be forwarded to appropriate other agencies and prosecution as circumstances dictate.
- (f) A Records Specialist may enter the identity theft victim's information into the Oregon Law Enforcement Data System (LEDS) following receipt of a completed Identity Theft System Entry Consent Form and a selected password from the victim.

Bar Checks

336.1 PURPOSE AND SCOPE

Sutherlin Police Department conducts routine checks of bars, taverns and restaurants where alcoholic beverages are served and similarly licensed establishments for violations of Sutherlin Municipal Ordinances, Oregon Liquor Control Commission (OLCC) regulation violations, and other violations of state laws.

336.2 LOITERING IN BARS

In conducting bar checks and checks of other licensed establishments, officers shall promptly exit the business upon completion of their business. No Sutherlin Police Department employees shall conduct any personal business nor loiter in a bar or licensed establishment while either on duty or in uniform.

Private Persons Arrests

337.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

337.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

337.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person's escape.

337.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

Sutherlin Police Department

Sutherlin PD Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
 - 1. Take the individual into physical custody for booking.
 - 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

337.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

337.6 SHOPLIFT REQUIREMENTS

In shoplifting arrests where the victim, store proprietor or other responsible person can ensure the maintenance of a proper chain of evidence, the recovered property shall remain in the possession of the person or facility making the arrest. In such case the investigating officer shall obtain a written report on the event from the victim, store proprietor or other responsible person.

Limited English Proficiency Services

338.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

338.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Sutherlin Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

338.2 POLICY

It is the policy of the Sutherlin Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

338.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Captain or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Sutherlin Police Department

Sutherlin PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Sutherlin Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

338.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Sutherlin Police Department

Sutherlin PD Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

338.5 TYPES OF LEP ASSISTANCE AVAILABLE

Sutherlin Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

338.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

338.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

338.7.1 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Sutherlin Police Department

Sutherlin PD Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

338.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

338.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Sutherlin Police Department

Limited English Proficiency Services

338.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

338.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

338.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Sutherlin Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

338.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Sutherlin Police Department

Sutherlin PD Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

338.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

338.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Limited English Proficiency Services

338.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

338.13.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

338.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

338.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

338.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Sutherlin Police Department

Sutherlin PD Policy Manual

Limited English Proficiency Services

338.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

338.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

339.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

339.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

339.2 POLICY

It is the policy of the Sutherlin Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

339.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Captain or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Sutherlin Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Sutherlin Police Department

Sutherlin PD Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

339.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Communications with Persons with Disabilities

339.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Sutherlin Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

339.6 TYPES OF ASSISTANCE AVAILABLE

Sutherlin Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Sutherlin Police Department

Sutherlin PD Policy Manual

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

339.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

339.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

339.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Sutherlin Police Department

Sutherlin PD Policy Manual

Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

339.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

339.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

339.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Communications with Persons with Disabilities

339.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

339.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

339.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

Sutherlin Police Department

Sutherlin PD Policy Manual

Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

339.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

339.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

339.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

Sutherlin Police Department

Sutherlin PD Policy Manual

Communications with Persons with Disabilities

339.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

339.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Sergeant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

339.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Stalking

340.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

340.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Sutherlin Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

340.3 UNIFORM STALKING COMPLAINT

The Department will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

340.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the officer has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the officer shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

340.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Officers should:

- (a) Advise the respondent of the following:
 - 1. The court date and time and location of appearance
 - 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 - 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 - 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.
- (c) If there is probable cause to issue a citation, but the citation is not served, officers should:
 - 1. Document attempts to serve the respondent.
 - 2. Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 - A private attorney
 - Legal Aid
 - The District Attorney's Office Victim's Assistance Unit

340.5 ARREST

Officers may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

340.5.1 STALKING PROTECTIVE ORDERS

Once the court issues a Stalking Protective Order and it is served on the respondent, officers may arrest the respondent for violating the terms of the order (ORS 163.750).

340.6 RESTRAINING ORDERS

Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

Restraining Orders

341.1 PURPOSE AND SCOPE

Sutherlin Police Department enforces violations of restraining orders issued by a judge. This policy establishes this Department's actions in response to violations of restraining orders.

REFERENCES: 377.01 REF Federal Firearms Prohibitions Involving Protection Orders

341.2 OFFICER'S RESPONSE TO RESTRAINING ORDER VIOLATIONS

Officers should assist the petitioner or respondent as directed, when requested and reasonable to do so, by terms of the restraining order (ORS 107.718 & 107.719). Such assistance may include:

- (a) A civil standby to facilitate removal of personal effects from the residence for no more than a 20 minute duration.
- (b) Recovering custody of children, and
- (c) Removing and seizing firearms for safekeeping or as evidence to further determine if a federal firearms prohibition violation exists.

341.3 NO CONTACT ORDERS

In the event of a No Contact Order, which should not be confused with a Restraining Order, Sutherlin Police Department shall not provide a civil standby to anyone who is the subject of a No Contact Order. In such case, the suspect would have to obtain a written release from the judge who issued the order, or advise the suspect to have an uninvolved third party retrieve belongings.

Child and Dependent Adult Safety

342.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

342.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Sutherland Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

342.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Sutherlin Police Department

Sutherlin PD Policy Manual

Child and Dependent Adult Safety

342.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

342.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Sutherlin Police Department

Sutherlin PD Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

342.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

342.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

342.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Sutherlin Police Department

Sutherlin PD Policy Manual

Child and Dependent Adult Safety

342.5 TRAINING

The Training Sergeant is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

343.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Sutherlin Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

343.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

343.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (2013 Oregon Laws c. 530 § 2).

343.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Service Animals

343.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Sutherlin Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Public Safety Video Surveillance System

344.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

344.2 POLICY

The Sutherlin Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

344.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

344.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.

Sutherlin Police Department

- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Commander's office and Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

344.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

344.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

344.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

344.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

344.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

344.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Sutherlin Police Department.

Sutherlin Police Department

Sutherlin PD Policy Manual

Public Safety Video Surveillance System

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

344.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

344.8 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Volunteer Program

345.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

345.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, Dial A Ride service providers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

345.2 VOLUNTEER MANAGEMENT

345.2.1 VOLUNTEER COORDINATOR

The Sutherlin Police Department currently has two volunteer programs; Police Reserve Officer program and the Dial A Ride/Douglas Rides Program.

The Police Office Supervisor (or designee) is assigned as the Dial A Ride/Douglas Rides Coordinator.

A Sergeant (or designee) is assigned as the Police Officer Reserve Coordinator.

The function of the Volunteer Coordinators is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinators should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinators, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbooks and outlining expectations, policies and responsibilities for all volunteers.

Sutherlin Police Department

Sutherlin PD Policy Manual

Volunteer Program

- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.
- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

345.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

345.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the Oregon State Police Clearinghouse Unit.
- (b) Employment.
- (c) References.
- (d) Credit check.

A polygraph exam may be required of each applicant depending on the type of assignment.

345.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required

screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

345.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

345.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver's license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

345.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except

Sutherlin Police Department

Sutherlin PD Policy Manual

Volunteer Program

volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

345.2.8 LIABILITY COVERAGE

Liability coverage for covered volunteers will be pursuant to City provisions.

345.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

345.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

Volunteer Program

345.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

345.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid Oregon Driver's License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and volunteers are not authorized to operate a Department vehicle Code-3.

345.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete the Law Enforcement Data System (LEDS) and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and LEDS training is provided for volunteers whenever necessary.

345.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police . Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

345.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the

Sutherlin Police Department

Sutherlin PD Policy Manual

Volunteer Program

volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

345.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Off-Duty Law Enforcement Actions

346.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Sutherlin Police Department with respect to taking law enforcement action while off-duty.

346.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

346.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

346.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Sutherlin Police Department

Sutherlin PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

346.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Sutherlin Police Department officer until acknowledged. Official identification should also be displayed.

346.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

346.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

346.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

346.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify as soon as practicable the on duty Sergeant to determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Department Use of Social Media

349.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

349.4.1 INCIDENT-SPECIFIC USE

In instances of active incidents where speed, accuracy and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Chief of Police or the authorized designee will be responsible for the compilation of information to be released, subject to the approval of the Incident Commander.

349.5 PROHIBITED CONTENT

Content that is prohibited from posting includes, but is not limited to:

- (a) Content that is abusive, discriminatory, inflammatory or sexually explicit.
- (b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal or local laws.

- (e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects or the public.
- (f) Any content posted for personal use.
- (g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

349.5.1 PUBLIC POSTING PROHIBITED

Department social media sites shall be designed and maintained to prevent posting of content by the public.

Sutherlin Police Department

Sutherlin PD Policy Manual

Department Use of Social Media

The Department may provide a method for members of the public to contact department members directly.

349.6 MONITORING CONTENT

The Chief of Police will appoint a supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

349.7 RETENTION OF RECORDS

The Administration Captain should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

349.8 TRAINING

Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.

Combat Application Tourniquet (C.A.T.) and QuikClot® Combat Gauze

351.1 PURPOSE AND SCOPE

To enhance effectiveness of medical aid to first responders and victims of traumatic wounds.

351.2 POLICY

Personnel who have completed Sutherlin Police Department approved training will be issued a Combat Application Tourniquet (C.A.T.) and one QuikClot Gauze dressing.

Personnel shall only use the C.A.T. tourniquets, and QuikClot products that have been issued by the Sutherlin Police Department.

Personnel issued C.A.T. Tourniquets and QuikClot products shall carry these items on their person while on duty.

351.3 APPLICATION

QuikClot is a sterile, traumatic wound treatment that rapidly arrests high-volume blood loss and achieves homeostasis in large wounds, arresting the hemorrhage. QuikClot products affect coagulation in moderate-to-severe wounds, including high-volume venous and arterial bleeding.

Directions for use can be found on the outside of the product package. Always use universal precautions when exposed to blood.

The C.A.T. Tourniquet is a true one-handed tourniquet proven to be 100% effective by the U.S. Army's Institute of Surgical Research. Tests proved that the C.A.T. Tourniquet completely occluded blood flow of an extremity in the event of a traumatic wound with significant hemorrhage. The C.A.T. Tourniquet utilizes a durable windlass system with a patented free-moving internal band providing true circumferential pressure to the extremity. Once adequately tightened, bleeding will cease and the windlass is locked into place. A hook and loop windlass retention strap is then applied, securing the windlass to maintain pressure during casualty evacuation. The C.A.T. Tourniquet's unique dual securing system avoids the use of screws and clips which can become difficult to operate under survival stress or where fine motor skills are compromised.

351.4 TRAINING

Personnel shall successfully complete Sutherlin Police Department approved training in the use of C.A.T. tourniquets and QuikClot products prior to issuance.

The Training Sergeant will facilitate training and instruction in the use and care of the contents of the C.A.T. tourniquets and QuikClot products, as directed by the manufacturer.

Sutherlin Police Department

Sutherlin PD Policy Manual

Combat Application Tourniquet (C.A.T.) and QuikClot® Combat Gauze

351.5 MAINTENANCE

The C.A.T. tourniquets and QuikClot products shall be stored and maintained in accordance with the manufacturer's instructions. Do not store the QuikClot products in direct sunlight.

351.6 RESPONSIBILITY OF TRAINING SERGEANT

The Training Sergeant shall be responsible for the issuance of these items and shall see that C.A.T. tourniquet and QuikClot products are provided to replace opened, damaged, defective, or expired products.

351.7 RESPONSIBILITY OF SUPERVISORS

Supervisors shall inspect all issued C.A.T. tourniquets and QuikClot products for damage, defects, or expiration during quarterly inspections. Supervisors shall ensure that all personnel write a report detailing any use of C.A.T. tourniquets, and/or QuikClot products.

351.8 RESPONSIBILITY OF POLICE OFFICERS

Sworn Police Officer personnel assigned to uniformed patrol shall carry a Combat Application Tourniquet (C.A.T.) and QuikClot Combat Gauze on their person while on duty. Officers shall ensure these items are maintained in a serviceable condition at all times. Any loss, damage, or defects shall be immediately brought to the attention of a Supervisor.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Sutherlin Police Department, respond to citizen calls for assistance, act as a deterrent to crime, enforce local ordinances as well as state laws, and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature
- (d) Investigation of both criminal and non-criminal acts
- (e) The apprehension of criminal offenders
- (f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature
- (g) The sharing of information between the Patrol and other bureaus within the Department, as well as other outside governmental agencies
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies
- (i) Traffic direction and control

400.1.2 TERRORISM

It is the goal of the Sutherlin Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Chief of Police to be shared with the department in a timely fashion.

Patrol Function

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow throughout Sutherlin Police Department.

400.2.1 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the Briefing room or records area and will be available for review by all officers. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard, and the written directive clipboard.

400.2.2 BULLETIN BOARDS

A bulletin board will be kept in the Briefing room for display of suspect information, intelligence reports and photographs. New Special Order will be made available for patrol supervisors and will be discussed at Briefings and shift meetings. A copy of the Special Order will be placed on the Briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Sutherlin Police Department's commitment to policing that is fair and objective (ORS 131.920).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

See the Personnel Complaints Policy regarding acceptance of complaints alleging profiling and investigation of such complaints.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial or bias-based profiling to a supervisor.

The Administrative Services should provide LECC, upon request, data regarding stops or contacts as identified in ORS 131.906(5). Data provided may not identify an officer or an individual whose demographic data is collected (ORS 131.906).

401.9 SECTION TITLE

Crime and Disaster Scene Integrity

402.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

402.2 POLICY

It is the policy of the Sutherlin Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

402.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

402.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

402.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

402.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

402.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (ORS 433.156).

402.7 PATROL CAPTAIN RESPONSIBILITIES

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.

Ride-Alongs

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Hazardous Material Response

404.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

PROCEDURES: Responding to BioHazardous Mail

404.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

404.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.

404.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

404.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

Sutherlin Police Department

Sutherlin PD Policy Manual

Hazardous Material Response

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed Oregon Revised Statutes 656.265. If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.

404.4 TRAINING

All sworn personnel shall receive annual training on hazardous materials as mandated by the Oregon Department of Public Safety Standards and Training.

Hostage and Barricade Incidents

405.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

405.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

405.2 POLICY

It is the policy of the Sutherlin Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

405.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

405.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

Hostage and Barricade Incidents

405.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

405.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police.

Sutherlin Police Department

Sutherlin PD Policy Manual

Hostage and Barricade Incidents

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

405.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police.

Hostage and Barricade Incidents

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

405.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department Chief of Police or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

405.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU.

Sutherlin Police Department

Sutherlin PD Policy Manual

Hostage and Barricade Incidents

The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

405.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Sutherland Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

406.2 POLICY

It is the policy of the Sutherland Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

406.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

406.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

406.4.1 SUTHERLIN POLICE DEPARTMENT FACILITY

If the bomb threat is against the Sutherland Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

406.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Sutherland Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

Sutherlin Police Department

Sutherlin PD Policy Manual

Response to Bomb Calls

406.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

406.5 RESPONSE RESOURCES

Initial calls should be made to Oregon State Police for response to an explosive device.

Secondary callouts may be made to the following agencies:

- (a) Emergency Ordnance Disposal (military) " Vancouver Barracks, Vancouver, Washington, ph. (206) 967-5507.
- (b) EOD " Yakima, Washington, ph. (509) 454-8376.

- (a) The location of the facility.

- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.

- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

Sutherlin Police Department

Sutherlin PD Policy Manual

Response to Bomb Calls

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

406.6.1 ASSISTANCE

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

406.7 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

 - 2. Cell phones

Response to Bomb Calls

 5. The areas to be evacuated or cleared.

406.8 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

406.8.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

406.8.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

406.8.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Civil Commitments

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORS 426.228).

408.2 POLICY

It is the policy of the Sutherlin Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

408.3 AUTHORITY

An officer may take a person into custody when the officer has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The officer shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

408.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Sutherlin Police Department

Sutherlin PD Policy Manual

Civil Commitments

408.3.2 EXTREMELY DANGEROUS PERSONS

An officer may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the officer, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) An officer has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The officer shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

408.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

408.4.1 FOREIGN NATIONALS

If an officer takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the officer shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

408.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Civil Commitments

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

408.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

408.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

408.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

408.7.1 REQUIREMENTS

Officers shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

408.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

Sutherlin Police Department

Sutherlin PD Policy Manual

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

408.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

408.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

409.3 TRAINING

Officers shall receive training on the use of the Automated External Defibrillators consistent with the standards set forth by the Oregon Department of Public Safety Standards and Training.

Citation Releases

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Sutherlin Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

410.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

410.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

410.3 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 - 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

410.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.

Sutherlin Police Department

Sutherlin PD Policy Manual

Citation Releases

- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

410.5 POLICY

The Sutherlin Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Entry Without Consent

411.1 PURPOSE AND SCOPE

Officers may make an emergency entry of any premise, without the consent of the person in possession or entitled to possession thereof, if the officers have reasonable cause to believe that entry is required to (reference ORS 133.033): (a) Prevent serious harm to any person or property; (b) Render aid to injured or ill persons; or (c) Assist persons who are mentally incompetent / unable to care for themselves, are unaccompanied by a competent parent or guardian, and may be in a situation where their personal welfare is at risk.

Only uniformed officers should make an emergency forced entry into a structure. Plainclothes officers may follow, but should remain in the vicinity of uniformed officers following the initial entry and when the situation has stabilized.

Officers making an emergency entry into a premise shall document their actions in appropriate case reports, including a detailed description of the damage done as the result of such entry.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Sutherlin Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

412.2 POLICY

The Sutherlin Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

Rapid Response and Deployment

413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

413.2 POLICY

The Sutherland Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

413.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

Sutherlin Police Department

Sutherlin PD Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

413.5 PLANNING

The Patrol Captain should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

413.6 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

Sutherlin Police Department

Sutherlin PD Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Sutherlin Police Department for investigating and enforcing immigration laws.

414.2 POLICY

It is the policy of the Sutherlin Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or Oregon Constitutions.

414.4 ENFORCEMENT

The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8 of the United States Code dealing with illegal entry. This department does not participate in routine immigration investigation and enforcement activities. However, an officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

414.4.1 BASIS FOR CONTACT

Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of an immigration violation shall not be the sole basis for contact, detention or arrest (ORS 181A.820).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges. Notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

Sutherlin Police Department

Sutherlin PD Policy Manual

Immigration Violations

414.6 ICE REQUEST FOR ASSISTANCE

Requests by ICE, or any other federal agency, for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from ICE
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state or local government entity

414.7.1 IMMIGRATION HOLDS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

414.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (2017 Oregon Laws, c. 724 § 1):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time or location of a person's hearings, proceedings or appointments with the Department that are not matters of public record

414.8 U VISA AND T VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by an officer in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by an officer in order for a T visa to be issued.

Sutherlin Police Department

Sutherlin PD Policy Manual

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Patrol supervisor assigned to oversee the handling of any related case. The Patrol supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

Emergency Utility Service

415.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

415.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

415.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

415.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for utility emergencies is maintained by Dispatch.

Patrol Rifles

417.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Sutherlin Police Department will make patrol rifles available to qualified patrol officers as an additional and more immediate tactical resource.

417.2 PATROL RIFLE

417.2.1 DEFINITION

A patrol rifle is an authorized weapon which is owned by the Department and which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and the department armorer.

417.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police, and issued by the Department may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the Bushmaster AR15 .223 or Olympic Arms SM .223, semiautomatic.

417.3.1 RIFLE AMMUNITION

The only ammunition authorized for the patrol rifle is that which has been issued by the Department. This will consist of a quality factory load in a .223 caliber.

417.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster, who shall inspect and service each patrol rifle on a monthly basis.
- (b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
- (d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.
- (e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.
- (f) No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster.

Sutherlin Police Department

Sutherlin PD Policy Manual

Patrol Rifles

417.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed departmental training. This training shall consist of an initial 24-hour patrol rifle user's course and qualification score with a certified patrol rifle instructor. Officers shall thereafter be required to successfully complete quarterly training and qualification conducted by a certified patrol rifle instructor.

Any officer who fails to qualify or who fails to successfully complete two or more department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol officer user's course and qualification.

417.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

417.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Department's Deadly Force Policy, Policy Manual § 300.

417.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

417.9 RIFLE STORAGE

- (a) When not in use, patrol rifles will be stored in the department armory in rifle racks.

Sutherlin Police Department

Sutherlin PD Policy Manual

Patrol Rifles

- (b) All patrol rifles are assigned by serial number to officers
- (c) When not deployed, in-service patrol rifles should be secured in the vehicle in a locked gun rack or locked in the trunk.
- (d) At the end of the assigned officer's shift, the patrol rifle will be returned and secured in the department armory.

Detentions and Photographing Detainees

418.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

418.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or Pat-Down Search - This is the normal type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others (ORS 131.625).

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed, or is about to commit a crime (ORS 131.615).

418.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

Sutherlin Police Department

Sutherlin PD Policy Manual

Detentions and Photographing Detainees

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

418.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Sutherlin Police Department to strengthen our community involvement, community awareness and problem identification.

418.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

Detentions and Photographing Detainees

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

418.4 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (c) The appearance and demeanor of the suspect.
- (d) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (e) Statements made by the suspect, witnesses or other persons.

418.5 FIELD PHOTOGRAPHS

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in, or was about to become involved in, criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

Sutherlin Police Department

Sutherlin PD Policy Manual

Detentions and Photographing Detainees

418.6 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

418.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other memorandum explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander shall review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or memorandum is relevant to criminal street gang enforcement, the Watch Commander will forward the photo and documents to the Gang Unit Supervisor. The Gang Unit Supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for Criminal Street Gang file retention or which are not evidence in an investigation with an assigned case number should be forwarded to the Administrative Services. These photographs will be purged as described in this policy.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Administrative Services in a separate non-booking photograph file in alphabetical order.

418.7.1 PURGING THE FIELD PHOTO FILE

The Public Safety Office Supervisor will be responsible for ensuring that photographs retained by the Administrative Services that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Sutherlin Police Department and the booking file remains in the Administrative Services.

418.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a

Sutherlin Police Department

Sutherlin PD Policy Manual

Detentions and Photographing Detainees

review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

418.8.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her to discuss the matter.

After carefully considering the information available, the Chief of Police or his/her designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Sutherlin Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or d policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original FI was not obtained in accordance with established law or department policy, the original FI may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any involved Sutherlin Police Department personnel violated existing law or department policy, the Chief of Police or designee shall

Sutherlin Police Department

Sutherlin PD Policy Manual

Detentions and Photographing Detainees

initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

Within 30 days of the Chief of Police's determination the person photographed/FI'd will be notified in writing whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Criminal Organizations

419.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Sutherlin Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

419.2 POLICY

The Sutherlin Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

419.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

419.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Administrative Services. Any supporting

Criminal Organizations

documentation for an entry shall be retained by the Administrative Services in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Administrative Services are appropriately marked as intelligence information. The Public Safety Office Supervisor may not purge such documents without the approval of the designated supervisor.

419.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

419.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Administrative Services or Property and Evidence Office, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

419.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

Criminal Organizations

419.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

419.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

419.7 CRIMINAL STREET GANGS

The Patrol supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with criminal street gangs.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

419.8 TRAINING

The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

Sutherlin Police Department

Sutherlin PD Policy Manual

Criminal Organizations

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Clandestine Drug Labs

420.1 PURPOSE AND SCOPE

Clandestine drugs labs pose a serious threat to Department personnel as well as the general public. In responding to clandestine drug labs, the goals are to:

- (a) Stabilize the situation;
- (b) Render the scene safe for specially trained and equipped personnel to later respond for dismantling and cleanup; and,
- (c) Obtain physical evidence to support prosecution. It is the policy of this Department to respond to clandestine drug labs only with specially trained and equipped personnel.

PROCEDURES: 443.01 PRO Responding to Clandestine Drug Labs

Watch Commanders

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

421.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Sergeant is unavailable for duty as Watch Commander, in most instances the senior qualified Master Officer shall be designated as acting Watch Commander. This policy does not preclude designating Master Officers with less seniority as an acting Watch Commander when operational needs require or training permits.

Mobile Audio Video

422.1 PURPOSE AND SCOPE

The Sutherlin Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

422.2 POLICY

It is the policy of the Sutherlin Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

422.2.1 MAV RECORDINGS ARE THE PROPERTY OF THE CITY OF SUTHERLIN

MAV recordings shall not be distributed or shown to anyone outside of the Sutherlin Police Department, the City Attorney's Office, or the District Attorney's Office without the expressed consent of the Chief of Police or designee, or by court order.

Such recordings are property of the City of Sutherlin and shall be handled as any other evidence.

Officers may retain copies of their own MAV recordings for work related purposes. However, these recordings must remain in the custody of the officer and within the confines of the police department. MAV recordings shall not be shown to any unauthorized persons, nor posted on any computer network or website.

422.2.2 MAV-EQUIPPED VEHICLES SHALL NOT BE USED TO JUMP-START OTHER VEHICLES

MAV-equipped vehicles shall not be used to jump-start other vehicles using jumper cables at any time as this may result in damage to the MAV system.

422.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Sutherlin Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

422.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record. Whenever the audio portion is activated, officers should, whenever possible, advise all persons present that they are being recorded in accordance with ORS 165.540(5)(c).

422.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests

Sutherlin Police Department

Sutherlin PD Policy Manual

6. Vehicle searches
 7. Physical or verbal confrontations or use of force
 8. Pedestrian checks
 9. DWI/DUI investigations including field sobriety tests
 10. Consensual encounters
 11. Crimes in progress
 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
1. Domestic violence calls
 2. Disturbance of peace calls
 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

422.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

422.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

422.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.

Sutherlin Police Department

Sutherlin PD Policy Manual

Mobile Audio Video

- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date it was submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

422.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of conduct
- (c) By a supervisor to assess performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings

Sutherlin Police Department

Sutherlin PD Policy Manual

Mobile Audio Video

- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

422.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

422.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

422.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

422.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the Sutherlin Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

Mobile Audio Video

422.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

422.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:

Sutherlin Police Department

1. Maintaining a record of issued media.
 - (e) Ensuring that an adequate supply of recording media is available.
 - (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

422.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Center Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

423.2 POLICY

Sutherland Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.3.1 UNAUTHORIZED SOFTWARE

Officer shall not install any unauthorized software onto any City-owned MDC.

423.4 CONFIDENTIALITY OF MDC COMMUNICATIONS

Officers shall safeguard against divulging any and all information of a confidential nature that is displayed on an MDC screen to any unauthorized persons outside of the police vehicle, or to any citizen, persons in-custody or anyone else seated inside the vehicle.

423.5 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system

Sutherlin Police Department

Sutherlin PD Policy Manual

Mobile Data Center Use

unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

423.5.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.6 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

423.6.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

423.6.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Sutherlin Police Department

Sutherlin PD Policy Manual

Mobile Data Center Use

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.7 EQUIPMENT CONSIDERATIONS

423.7.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

423.7.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Sutherlin Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

424.2 POLICY

The Sutherlin Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

424.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in their official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

424.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, SPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required

Portable Audio/Video Recorders

when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

424.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

Sutherlin Police Department

Sutherlin PD Policy Manual

Portable Audio/Video Recorders

424.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

424.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

424.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

424.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All recordings shall be retained at the Department or by a Department-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

424.6.1 PROHIBITED USE OF BODY-WORN CAMERA RECORDINGS

Recordings from body-worn video cameras shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

424.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

Sutherlin Police Department

Sutherlin PD Policy Manual

Portable Audio/Video Recorders

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

424.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

424.9 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

Portable Audio/Video Recorders

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.

424.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Recordings made from body-worn video cameras no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

424.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

424.10.2 STORAGE OF DATA BY VENDORS

Any contract with a third-party vendor for data storage of recordings from body-worn video cameras must state that all recordings are the property of the Sutherlin Police Department, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Sutherlin Police Department (ORS 133.741).

Medical Marijuana

425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under Oregon's medical marijuana laws (Oregon Medical Marijuana Act, ORS 475B.400 et seq.).

This policy is not intended to address laws and regulations related to recreational use of marijuana.

425.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - Any patient or caregiver who has been issued a valid Registry Identification Card (RIC).

Caregiver (or designated primary caregiver) - An individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition and who is designated as the person responsible for managing the well-being of a person who has been diagnosed with a debilitating medical condition on either that person's application for a RIC or in other written notification submitted to the Oregon Health Authority. Caregiver does not include a person's attending physician; however, it may include an organization or facility that provides hospice, palliative or home health care services. The caregiver may assist the cardholder with any matter related to the medical use of marijuana (ORS 475B.410; ORS 475B.419; 2017 Oregon Laws c. 613 § 10).

Grower - A person, joint venture or cooperative that produces industrial hemp (ORS 571.300).

Handler - A person, joint venture or cooperative that receives industrial hemp for processing into commodities, products or agricultural hemp seed (ORS 571.300).

Mature marijuana plant - A marijuana plant that has flowers (ORS 475B.410).

Medical use of marijuana - The production, processing, possession, delivery, distribution or administration of marijuana, or use of paraphernalia used to administer marijuana to mitigate the symptoms or effects of a debilitating medical condition (ORS 475B.410). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.420.

Patient - A person who has been diagnosed with a debilitating medical condition within the previous 12 months and been advised by his/her attending physician that the medical use of marijuana may mitigate the symptoms or effects of that debilitating medical condition (ORS 475B.480). This includes a person who has been issued a valid RIC for his/her medical condition (ORS 475B.415).

Registry Identification Card (RIC) - A document issued by the Oregon Health Authority under ORS 475B.415 that identifies a person authorized to engage in the medical use of marijuana and, if the person has a designated primary caregiver under ORS 475B.418, the person's designated

Medical Marijuana

primary caregiver (ORS 475B.410). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.420.

Statutory possession and grow site amounts - Amounts authorized by ORS 475B.428 and ORS 475B.430.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.410).

425.2 POLICY

It is the policy of the Sutherlin Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.400). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Sutherlin Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

425.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

425.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

425.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.475).

Sutherlin Police Department

Sutherlin PD Policy Manual

Medical Marijuana

Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.433). However, officers should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

425.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.480):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person's medical use claim appears genuine under the circumstances (ORS 475B.480).

425.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

- (a) Grow sites are regulated in the following manner (ORS 475B.420):
 - 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 - 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.428).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.

Sutherlin Police Department

Sutherlin PD Policy Manual

Medical Marijuana

3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites or processing sites, officers should consider conferring with appropriate legal counsel and the Oregon Health Authority.
 - (e) Registration or proof of registration under ORS 475B.400 to ORS 475B.525 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.490).
 - (f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

425.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475B.478):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.010 to ORS 475B.395), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

425.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.305). Officers may

Sutherlin Police Department

Medical Marijuana

contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

425.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

425.5 PROPERTY AND EVIDENCE OFFICE SUPERVISOR RESPONSIBILITIES

The Property and Evidence Office supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected or injured. The Property and Evidence Office supervisor is not responsible for caring for live marijuana plants (ORS 475B.490).

Marijuana should not be returned to any person unless authorized by the Patrol supervisor and upon advice of city counsel. Any court order to return marijuana should be referred to city counsel.

The Property and Evidence Office supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Patrol supervisor.

Check Cases

426.1 PURPOSE AND SCOPE

The investigation of check cases involving non-sufficient funds (NSF) can be expensive. The banks will charge the Sutherlin Police for the research costs and there is a great number of staff hours invested by officers. Additionally, case law requires that law enforcement prove that the person who wrote the check had knowledge, at the time the check was written, that there were insufficient funds to cover the check.

426.2 POLICY

All of the following criterion must be met before the Sutherlin Police Department will accept a NSF check case for prosecution:

- (a) Photo identification will be required and the information obtained from that identification will be written on the back of the check on the non-endorsed end.
- (b) A check guarantee card must be presented when accepting the check and the card account number information written on the front lower section of the check.
- (c) Once the check investigation is accepted by the Sutherlin Police Department there must NOT be any civil compromise prior to a criminal conviction. Failure to follow this rule may result in no further NSF investigations being handled by this department from that person or business.

Other options available to the person or business include:

- (a) Filing a small claims lawsuit against the check writer in Circuit Court; or,
- (b) Turn the check over to a collection agency for filing procedures.

426.3 INVESTIGATION

Once a case is accepted for investigation, a grand jury subpoena must be (prior approval from the DA's office is necessary) completed and sent to the bank of record for the desired information on that account. When information is obtained from the bank, the investigating officer will review the account information and make a determination whether the account was knowingly overdrawn on the date the check(s) was passed. If the determination is made that the check was knowingly passed, the officer will attempt to contact the suspect for an interview and take the appropriate enforcement action to ensure prosecution.

The Sutherlin Police Department will not accept checks under the following conditions:

- (a) Checks over 90 days old;
- (b) Two party checks;
- (c) Out of State checks;
- (d) Payroll checks.

Check Cases

If the victim has not followed the steps outlined above, or the case does not meet the criteria outlined above, provide the victim(s) of these cases with a copy of the letter regarding how the Sutherlin Police Department will handle non-sufficient funds check cases.

Foot Pursuits

427.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

427.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

Foot Pursuits

427.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders them incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

Foot Pursuits

427.4 RESPONSIBILITIES IN FOOT PURSUITS

427.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officers unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting media aid as needed for officers, suspects or members of the public.

427.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officers who are in a position to intercept a fleeing suspect, or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

Foot Pursuits

427.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

427.5 REPORTING REQUIREMENTS

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Sutherlin Police Department

Sutherlin PD Policy Manual

Foot Pursuits

427.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Bicycle Patrol Unit

428.1 PURPOSE AND SCOPE

The Sutherlin Police Department has established the use of bicycle patrols for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

428.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Day Watch Sergeant and/or Chief of Police.

428.3 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

428.4 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front lights and a horn satisfying the requirements of Oregon Revised Statutes § 815.280(2).

Sutherlin Police Department

Sutherlin PD Policy Manual

Bicycle Patrol Unit

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and user manuals.

Each bicycle shall be equipped with a flashing blue warning light that is visible from the front, sides, or rear of the bicycle. Unless the patrol bicycle is equipped with an emergency light and siren meeting the requirements set forth in the Oregon Revised Statutes and Oregon Administrative Rules, it does not qualify as an emergency vehicle and operators are not exempt from the rules of the road.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Except in the event of an emergency officers shall not remove or add components or modify the patrol bicycle without the expressed approval of the bicycle supervisor.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so patrol bicycles should be properly secured when not in the officer's immediate presence.

428.5 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Oregon Revised Statutes. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

School Resource Officer

429.1 PURPOSE AND SCOPE

Sutherlin Police Department staffs a Police Officer fulltime in Sutherlin schools known as a School Resource Officers (SRO's).

This policy defines the role and relationship within the School District.

429.1.1 ROLE OF THE SCHOOL RESOURCE OFFICER

The role of School Resource Officers is to:

- (a) Interact with students on a daily basis to provide a positive image of police officers and law enforcement, in general;
- (b) Share educational resources for instructional programs dealing with law enforcement, health and safety, and drug and alcohol education;
- (c) Assist counselors and school staff with troubled students;
- (d) Ensure an atmosphere of safety and security on school campuses;
- (e) Facilitate a more coordinated effort in dealing with youth problems involving school, parents, police and other community agencies and organizations; and
- (f) Develop and establish programs of delinquency prevention.

429.1.2 DUTIES OF THE SCHOOL RESOURCE OFFICER

Duties of the School Resource Officer include:

- (a) Establish, develop and maintain a positive rapport with students;
- (b) Establish and maintain security on school campuses;
- (c) Provide classroom presentations on topics of mutual interest to students;
- (d) Assist school counselors with informal counseling to troubled students;
- (e) Assist school staff with supervision at school activities;
- (f) Provide an information resource to students interested in a law enforcement career;
- (g) Investigate criminal activity involving students; and
- (h) Prepare an annual report and analysis of total activities.

Homeless Persons

430.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Sutherlin Police Department recognizes that members of the homeless community are often in need of special protection and services. The Sutherlin Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy sections when serving the homeless community.

430.1.1 POLICY

It is the policy of the Sutherlin Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

430.2 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

430.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.

Sutherlin Police Department

Sutherlin PD Policy Manual

Homeless Persons

- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

430.3 HOMELESS ENCAMPMENTS

Officers who encounter encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not immediately remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

430.3.1 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property, officers shall:

- (a) If individuals are present, advise violators that they are camping on public property and such encampments are illegal.
- (b) Post the area with a notice in English and Spanish advising the violators to vacate within 24 hours. This same notice shall list a local agency that delivers social services to homeless individuals.
- (c) Notify the agency listed on the posting of the campsite's location.
- (d) Obtain a case number and prepare a police report documenting the incident.

The 24-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping violation is occurring or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, or when there is immediate danger to human life or safety (ORS 203.079).

430.3.2 CAMPING ON PRIVATE PROPERTY

Camping on private property without the owner's permission should be handled as a trespass complaint. Owners of private property may allow individuals to camp, provided they do so in a manner consistent with provisions of the Sutherlin Camping Ordinance.

430.3.3 CAMPING IN CITY PARKS

Illegal campers found in City parks during hours the parks are closed may be cited or arrested for violation of park rules.

Homeless Persons

430.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual(s) from the camp site (ORS 203.079(d)).

All property collected for safekeeping shall be stored for a minimum of 30 days. The Property and Evidence Officer shall ensure that reasonable efforts are made to inform the owner of status of the property and inform him/her of how and when such property may be claimed (ORS 203.079(d)).

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer.

430.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if the person consents and approved by a supervisor.

430.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

431.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

431.2 POLICY

The Sutherlin Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

431.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

431.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

431.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

431.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to

Sutherlin Police Department

Sutherlin PD Policy Manual

Public Recording of Law Enforcement Activity

be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Briefing Training

432.1 PURPOSE AND SCOPE

Briefing training is generally conducted before a patrol officer's assigned shift. Briefing training provides an opportunity for important exchange between employees and supervisors. A supervisor generally conducts Briefing training; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- (b) Notifying officers of changes in schedules and assignments
- (c) Notifying officers of new Special Order or changes in Special Order
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

432.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

432.3 RETENTION OF BRIEFING TRAINING RECORDS

Briefing training materials and a curriculum or summary shall be forwarded to the Training Sergeant for inclusion in training records, as appropriate.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY

It is the policy of the Sutherlin Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

433.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

433.8 DOCUMENTATION

All aircraft accidents occurring within the City of Sutherlin shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of SPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS

The Chief of Police (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community.

Sutherlin Police Department

Sutherlin PD Policy Manual

Aircraft Accidents

Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Suspicious Activity Reporting

434.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

434.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

434.2 POLICY

The Sutherlin Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

434.3 RESPONSIBILITIES

The Patrol Captain and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Patrol Captain include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

434.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

434.5 HANDLING INFORMATION

The Administrative Services will forward copies of SARs, in a timely manner, to the following:

- Patrol supervisor
- Crime Analysis Unit
- Other authorized designees

Crisis Intervention Incidents

435.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

435.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

435.2 POLICY

The Sutherlin Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

435.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

435.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Captain to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

435.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Crisis Intervention Incidents

435.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

435.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

435.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Captain.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

435.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

435.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

435.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

Sutherlin Police Department

Sutherlin PD Policy Manual

Crisis Intervention Incidents

435.11 EVALUATION

The Captain designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

435.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

First Amendment Assemblies

436.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

436.2 POLICY

The Sutherlin Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

436.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

436.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

436.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

436.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

436.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Sutherlin Police Department

Sutherlin PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

436.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

First Amendment Assemblies

436.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

436.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

436.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and EMDTs should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Sutherlin Police Department

Sutherlin PD Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

436.8 ARRESTS

The Sutherlin Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

436.9 MEDIA RELATIONS

The Chief of Police should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

436.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

Sutherlin Police Department

Sutherlin PD Policy Manual

First Amendment Assemblies

436.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

436.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

436.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Medical Aid and Response

437.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

437.2 POLICY

It is the policy of the Sutherlin Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

437.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex and age, if known.
 - 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

437.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

437.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

437.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Medical Aid and Response

437.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

437.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Captain should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

Medical Aid and Response

437.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

437.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

437.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

437.8.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training is provided to members authorized to use an AED.

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

437.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Only members who possess a current and valid certification may administer opioid overdose medication or members may administer opioid overdose medication in accordance with protocol specified by the physician who prescribed the overdose medication for use by the member (OAR 333-055-0110; OAR 333-055-0115).

437.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

437.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

Sutherlin Police Department

Sutherlin PD Policy Manual

Medical Aid and Response

The Training Sergeant will ensure that the Public Safety Office Supervisor is provided enough information to meet applicable state reporting requirements.

437.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure training and retraining is provided to members authorized to administer opioid overdose medication. Training shall be coordinated with the Oregon Health Authority, Public Health Division (OAR 333-055-0110).

Civil Disputes

438.1 PURPOSE AND SCOPE

This policy provides members of the Sutherlin Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Oregon law.

438.2 POLICY

The Sutherlin Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

438.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

438.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

438.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

438.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

438.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Emergency Response Team (ERT)

439.1 PURPOSE AND SCOPE

The ERT is comprised of two specialized units: the Negotiation Team and the Tactical Team. The ERT Commander is charged with the overall supervision of both elements of ERT. The ERT Commander may assign team members as acting team leaders based on situations and/or responsibilities that need to be addressed in both real-life and training situations. The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

The Sutherlin Police Department (SPD), with the agreement of the Roseburg Police Department (RPD), will function in a regional support role and participate as part of the RPD team. With the agreement of the RPD Chief of Police, the SPD Chief of Police may assign officers to either the Negotiations Team and/or the Tactical Team at the Chief's discretion.

439.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the ERT are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to Department personnel allowing for appropriate on-the-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

439.1.2 ERT TEAM DEFINED

ERT Team: The ERT is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of agency policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

439.2 AGENCY POLICY

The ERT should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control
- (b) Containment
- (c) Entry/Apprehension/Rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident commanders. Nothing in this policy shall prohibit individual teams from

Emergency Response Team (ERT)

responding to a situation that exceed their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

439.3 TRAINING NEEDS ASSESSMENT

439.3.1 SUPERVISION AND MANAGEMENT TRAINING

When possible, Command personnel who may assume incident command responsibilities should attend a Special Weapons and Training (SWAT) or critical incident commander course or its equivalent. ERT command personnel should attend a SWAT commander or tactical commander course, or its equivalent.

439.3.2 ERT ONGOING TRAINING

Training shall be coordinated by the ERT Commander. In addition to specialized training, the ERT Commander may conduct monthly training exercises to include a review and critique of personnel and their performance in the exercise.

439.3.3 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

439.3.4 SCENARIO BASED TRAINING

ERT should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

439.3.5 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the ERT Commander and the Training Coordinator.

439.4 ON-SCENE DETERMINATION

The ERT should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

439.5 FIREARMS

Weapons and equipment used by ERT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

439.6 EQUIPMENT

The ERT should be adequately equipped to meet the specific mission(s) identified by the agency.

Sutherlin Police Department

Sutherlin PD Policy Manual

Emergency Response Team (ERT)

439.7 MANAGEMENT/SUPERVISION OF ERT

The ERT Commander shall be selected by the Roseburg Chief of Police. The Negotiations Team Leader shall be selected by the Roseburg Chief of Police as well, upon recommendation of the ERT Commander.

439.7.1 TEAM SUPERVISORS

The following represent the supervisor responsibilities for the ERT:

- (a) The Negotiation Team supervisor's primary responsibility is to supervise the operations of the Negotiation Team which will include deployment, training, first line participation, and other duties as directed by the Operations Commander.
- (b) The ERT commander's primary responsibility is to supervise the operations of the ERT, which will include deployment, training, first line participation, and other duties as directed by the Operations Commander.

439.8 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES

The Negotiation Team has been established to provide skilled verbal communicators who may be utilized to attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves, or have suicidal tendencies.

The following procedures serve as directives for the administrative operation of the Negotiation Team.

439.8.1 TRAINING OF NEGOTIATORS

Those officers selected as members of the Negotiation Team should attend the Basic Negotiators Course prior to primary use in an actual crisis situation. Untrained officers may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the Negotiation Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the unit.

439.9 OPERATION GUIDELINES FOR EMERGENCY RESPONSE TEAM

The following procedures serve as guidelines for the operational deployment of the Emergency Response Team.

Sutherlin Police Department

Sutherlin PD Policy Manual

Emergency Response Team (ERT)

439.9.1 ON-SCENE DETERMINATION

The supervisor in charge on the scene of a particular event will assess whether the ERT is to respond to the scene. Upon final determination by the Watch Commander, he/she will notify the ERT Commander.

439.9.2 MOBILIZATION OF ERT

The Watch Commander should make the request for the ERT. The Watch Commander will then notify the Operations Division Commander as soon as practical.

The Watch Commander should advise the ERT Commander with as much of the following information which is available at the time:

- (a) The number of suspects, known weapons and resources.
- (b) If the suspect is in control of hostages.
- (c) If the suspect is barricaded.
- (d) The type of crime involved.
- (e) If the suspect has threatened or attempted suicide.
- (f) The location of the command post and a safe approach to it.
- (g) The extent of any perimeter and the number of officers involved.
- (h) Any other important facts critical to the immediate situation, and whether the suspect has refused an order to surrender.

The ERT Commander or supervisor shall then call selected officers to respond.

439.9.3 FIELD UNIT RESPONSIBILITIES

While waiting for the ERT, field personnel should, if safe, practicable, and sufficient resources exist, accomplish the following:

- (a) Establish an inner and outer perimeter.
- (b) Establish a command post outside of the inner perimeter
- (c) Evacuate any injured persons or citizens in the zone of danger.
- (d) Attempt to establish preliminary communication with the suspect.
- (e) Be prepared to brief the ERT Commander on the situation.
- (f) Plan for and stage anticipated resources.

439.9.4 COMMUNICATION WITH ERT

All of those persons who are non-ERT personnel should refrain from any non-emergency contact or interference with any member of the unit during active negotiations. Operations require the utmost in concentration by involved personnel and, as a result, no one should interrupt or communicate with ERT personnel directly.

Sutherlin Police Department

Emergency Response Team (ERT)

439.9.5 OUTSIDE AGENCY REQUESTS

Requests by field personnel for assistance from outside agency crisis units must be approved by the on-duty Watch Commander. Deployment of the Roseburg Police Department ERT in response to requests by other agencies must be authorized by a Division Commander.

439.10 ERT ADMINISTRATIVE PROCEDURES

The ERT was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics; for example, in such situations as cases where suspects have taken hostages and/or barricaded themselves. Also included are prolonged or predictable situations in which persons armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the ERT.

439.10.1 TEAM EVALUATION

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the ERT Commander. The performance and efficiency level, as established by the Commander, will be met and maintained by ERT Team members. Any member of the ERT who performs or functions at a level less than satisfactory shall be subject to dismissal from the team.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Sutherlin Police Department. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in Sutherlin Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Sutherlin Police Department

Sutherlin PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to ORS 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Sutherlin Police Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Sergeant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Sutherlin Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The Chief of Police will be responsible for proper investigation and reporting of motor vehicle collisions. Traffic collisions will be documented using the Oregon Police Traffic Crash Report. The Chief of Police will receive all changes in the state manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to the Watch Commander for approval and data entry into the Records Management System. The Chief of Police will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Patrol Captain, or other persons as required. The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Operations Division Commander and the Oregon Traffic Safety Commission.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS INVOLVING CITY/COUNTY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Captain.

Photographs of the collision scene and vehicle damage shall be taken.

501.4.2 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the City limits of Sutherlin resulting in a serious injury or fatality, the Chief of Police or the Watch Commander may notify the Oregon State Police for assistance.

The term serious injury is defined as any injury that results in hospitalization.

Sutherlin Police Department

Sutherlin PD Policy Manual

Traffic Collision Reporting

501.4.3 TRAFFIC COLLISIONS INVOLVING OTHER CITY/COUNTY EMPLOYEES OR OFFICIALS

The Chief of Police or Watch Commander may request assistance from the Oregon State Police for the investigation of any traffic collision involving any Sutherlin official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or an officer issues a citation for a traffic violation. A Miscellaneous Report may be taken at the discretion of any supervisor.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

- (a) There is a death, or injury to any person involved in the collision.
- (b) An officer issues a citation for a violation of the Vehicle Code.
- (c) The accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).

- (e) The collision meets the criteria for operators to submit a State Accident Report to the Department of Motor Vehicles.
- (f) An involved party requests a traffic collision report.

501.4.6 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

501.5 NOTIFICATION OF TRAFFIC DIVISION SUPERVISION

In the event of a serious injury or death related traffic collision, the involved Supervisor shall notify the Chief of Police and request the Oregon State Police to investigate the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.

Vehicle Towing

502.1 PURPOSE AND SCOPE

Vehicle Towing

3. Any other reason as defined by Oregon Revised Statute 133.033.

502.1.3 EXCEPTIONS TO TOWING OR IMPOUNDING A VEHICLE

- (b) The vehicle is parked on private property on which the registered owner or operator is legally residing
- (c) The property owner is present in the vehicle at the time of the stop, is in possession of a valid operator's license and is legally able to operate the vehicle
- (d) A passenger in the vehicle other than the registered owner is present at the time of the stop, has a valid operator's license and is willing, legally able and permission from the owner to operate the vehicle or
- (e) The vehicle is legally parked at a time and place where the likelihood of it being subject to theft and / or vandalism is remote and neither traffic flow nor public safety is impeded.

502.2 RESPONSIBILITIES

The responsibilities of those officers impounding a vehicle are as follows.

502.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway (ORS 819.120 (2)(b)).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Officers impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Administrative Services as soon as practicable after the vehicle is stored.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Administrative Services, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

Vehicle Towing

502.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.

502.2.3 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Police Department should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

502.2.4 NOTICE TO OWNERS

Once the vehicle is impounded, records personnel shall mail a copy of the impound report along with information describing the location of the vehicle and the procedures for its release to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and

Vehicle Towing

either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

502.3 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Department will not be responsible for theft or damages.

502.4 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS

Officers should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding officer to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537).

Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence. If a recovered stolen vehicle is towed, the officer shall share the owner's contact information, including the person's home address and telephone number, with the towing service that assumes control of the vehicle (2017 Oregon Laws, c.523, § 3).

Vehicle Towing

502.5 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 - 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers.
 - 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.
- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.
- (f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.
- (g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

Vehicle Towing

502.5.1 PURPOSE OF VEHICLE INVENTORY

The vehicle inventory is not a search for evidence of a crime, but instead to:

- (a) Locate weapons or instruments that pose a hazard to the safety of the officer(s) or tow operator, or that could facilitate escape by an arrestee
- (b) Locate hazardous materials, toxic substances, flammables and explosives that would pose a threat to the officer, tow operator or the public at large
- (c) Identify property to establish accountability and avoid spurious claims of ownership of the property
- (d) Document any significant damage to the vehicle
- (e) Assist in the prevention of theft of property and in locating stolen property and
- (f) Reduce the danger to all persons and property.

The inventory shall be conducted in a manner to protect and secure the property for the benefit of the owner. Property shall be safeguarded during the time it is in Sutherlin Police Department custody and control (including custody and control of the towing contractor) and returned to the owner in the condition in which it was received. The investigating officer shall thoroughly and articulately document circumstances justifying towing of the vehicle, surrounding community caretaking concerns in the Incident Report.

502.6 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

502.7 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

Sutherlin PD Policy Manual

Vehicle Towing

502.8 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the Sutherlin Police Department administrative fee and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.

Vehicles Towed as Evidence

503.1 PURPOSE AND SCOPE

This policy defines Department responsibilities for towing and seizure of vehicles for evidentiary purposes.

503.2 POLICY

Vehicles seized as evidence shall be towed to a secured location and secured as any other evidence. The secured location shall be determined by a Supervisor and it may include the City Shops or the Douglas County Sheriff's Office impound yard. Use of the Sheriff's facility requires approval by the Sheriff's Department. Department personnel shall maintain chain of custody and make reasonable effort to secure and preserve the condition of the vehicle and its contents for storage. Officers shall notify Records of the evidence tow, along with the vehicle information and location of storage as soon as practicable following the tow.

Records shall promptly enter the towed vehicle information into the computerized LEDS system. The investigating officer shall notify Records promptly if an evidence tow status changes to an impoundment under Oregon Revised Statute 809.720. Upon receipt and service of a search warrant for the vehicle, a thorough vehicle inventory shall be conducted at that time, pursuant to previous vehicle inventory procedures. A Towed Vehicle Inventory Report shall also be completed and a copy left with the searched vehicle.

Vehicle Impound Hearings

504.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

504.2 IMPOUND HEARING

When a vehicle is impounded by any member of the Sutherlin Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent.

504.2.1 HEARING PROCEDURES

When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to Municipal Court, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

The Municipal Court Judge, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The Municipal Court will provide notice of the hearing to the person requesting the hearing, to the impounding officer and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

The Municipal Court Judge shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and department policy. The Judge shall then render a decision. The officer who caused the removal of the vehicle may submit an affidavit to Municipal Court in lieu of a personal appearance.

If the Municipal Court Judge decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the Municipal Court Judge decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Day Watch Sergeant for reimbursement by this department to the appropriate party.

Impaired Driving

505.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

505.2 POLICY

The Sutherlin Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

505.2.1 ALCOHOL RELATED CRASH REPORTS

Officers investigating DUI crashes with injuries shall promptly complete an Alcohol Related Crash Incident Report of all of the following criteria have been met upon conclusion of the accident investigation: (a) Police investigate any motor vehicle accident where someone other than the operator is injured or incurs property damage, (b) The operator appears to have consumed alcoholic beverages, (c) A citation is issued against the operator that is related to the consumption of alcoholic liquor or could have been issued if the operator had survived, and (d) The provider of the alcoholic liquor is alleged to be a licensee or permittee of the Oregon Liquor Control Commission.

Completed Alcohol Related Crash Incident Reports shall be sent to the Oregon Liquor Control Commission via Records.

505.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Chief of Police will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.

Impaired Driving

- (f) Any prior related convictions in Oregon or another jurisdiction.

505.4 FIELD TESTS

The Chief of Police should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

505.5 CHEMICAL TESTS

A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

- (a) The arresting officer has reasonable grounds to believe that the person was DUI.
- (b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
- (c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage (ORS 813.131).
- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUI.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

505.5.1 BREATH SAMPLES

The Chief of Police should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Chief of Police.

505.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Impaired Driving

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

505.5.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

505.5.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

505.5.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of cannabis, a controlled substance, an inhalant or any combination of cannabis, an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

505.5.6 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is an issue or of the person's blood or urine if the presence of cannabis, a controlled substance or an inhalant in the person's body is an issue (ORS 813.150).

505.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

Impaired Driving

505.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

505.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

505.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

Sutherlin Police Department

Sutherlin PD Policy Manual

Impaired Driving

3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

505.7 ARREST AND INVESTIGATION

505.7.1 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in his/her blood, the investigating officer shall cause the following items to be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form
- Any confiscated license or permit belonging to the person
- A copy of the written report that complies with ORS 813.120

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

505.7.2 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting officer may charge the person with a separate offense (ORS 813.095).

505.8 ADMINISTRATIVE SERVICES RESPONSIBILITIES

The Public Safety Office Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

505.9 ADMINISTRATIVE HEARINGS

The Public Safety Office Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Sutherlin Police Department

Sutherlin PD Policy Manual

Impaired Driving

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

505.10 TRAINING

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

506.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

506.2 RESPONSIBILITIES

The Chief of Police shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Administrative Services shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

506.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Chief of Police. Upon a review of the circumstances involving the issuance of the traffic citation, the Chief of Police may recommend dismissal of the traffic citation to the Municipal Court Judge.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Chief of Police for review.

506.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Chief of Police.

506.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Chief of Police. The Chief of Police shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

506.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Administrative Services.

Sutherlin Police Department

Sutherlin PD Policy Manual

Traffic Citations

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Administrative Services.

506.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Juveniles shall be cited into Municipal Court same as adults, except:

- (a) Felony traffic crimes charges are cited into Circuit Court, Juvenile Bureau and;
- (b) Juveniles under 16 years of age are cited into Municipal Court on Thursdays at 5:00 pm, to be accompanied by a parent or guardian.

Disabled Vehicles

507.1 PURPOSE AND SCOPE

Public safety, and the Sutherlin Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

507.2 POLICY

It is the policy of the Sutherlin Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

507.3 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

507.4 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

507.4.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

507.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

507.4.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

Locked Vehicles

508.1 PURPOSE AND SCOPE

Officers of the Sutherlin Police Department are not permitted to use tools or other devices to unlock vehicles under non-emergency circumstances. Officers may use that degree of force necessary to unlock or open a vehicle for emergency purposes.

72-Hour Parking Violations

509.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the ORS or Sutherlin City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of ORS 819.110.

509.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Sutherlin Abandoned and/or Storing Parking Ordinance shall be marked and noted by the investigating officer.

- (a) A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted by the investigating officer. An abandoned Tow "Red Sticker" shall be prominently attached to a window in a manner that does not block a driver's visibility.
- (b) If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation with an advisement sent to the Chief of Police advising the case is still under investigation.

The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

509.2.1 VEHICLE IMPOUND

Any vehicle in violation shall be impounded by the authorized towing service and an Impounded Vehicle Report shall be completed by the officer authorizing the towing of the vehicle.

The Impounded Vehicle Report form shall be submitted to the Administrative Services immediately following the towing of the vehicle. It shall be the responsibility of the Administrative Services to enter the vehicle into LEDS.

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Administrative Services to determine the names and addresses of any individuals having an interest in the vehicle through DMV. Records personnel shall mail a copy of the approved Vehicle Impound Report form along with information describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, to the legal and registered owners of the stored vehicle within 48 hours after it has been impounded, unless the vehicle has been previously released (ORS 819.180(1)).

Vehicles Impounded under this section may be subject to hearing procedures outlined in the Vehicle Towing Policy.

72-Hour Parking Violations

509.3 VEHICLE DISPOSAL

If, after 30 days from the custody, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a vehicle impound hearing has been made, the Department may provide the lien holder storing the vehicle with authorization to dispose of any vehicle which has been appraised at a value of \$500 or less.

If the vehicle is appraised at more than \$500, the vehicle and contents shall be sold at public auction (ORS 819.210).

509.3.1 APPRAISAL

Vehicles disposed of under this policy must be appraised by an appraiser certified by the Department of Transportation (ORS 819.215).

509.4 IMPOUND HEARING

When a vehicle is stored under this section by any member of the Sutherlin Police Department, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

509.4.1 HEARING PRIOR TO IMPOUNDMENT

If an interested person requests a hearing prior to the impoundment of the vehicle, the vehicle will not be towed until the hearing is held, unless it constitutes a hazard.

Escort Services

510.1 PURPOSE AND SCOPE

The Sutherlin Police Department should not provide emergency response escort services for any other vehicle.

In a medical emergency, an officer may transport an injured person in his / her vehicle or summon an ambulance for transport.

Nonemergency escorts for parades, special events, oversized loads, etc. may be provided upon approval by a supervisor. Persons requesting such escort services shall secure authorized permits prior to the event.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Sutherlin Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted (ORS 133.400):

- (a) In connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707; or
- (b) With a juvenile under 18 years of age in connection with an investigation into a felony or an allegation that the juvenile being interviewed committed an act that would be a felony if committed by an adult.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Patrol supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Investigation and Prosecution

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while

Sutherlin Police Department

Sutherlin PD Policy Manual

Investigation and Prosecution

on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Captain or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Asset Forfeiture

Definitions related to this policy include:

However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Sutherlin Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

601.3 ASSET SEIZURE

Sutherlin Police Department

Sutherlin PD Policy Manual

Asset Forfeiture

601.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Civil forfeiture
 - 1. Property that is subject to a court order (ORS 131A.060).
 - 2. Property that is not subject to a court order if (ORS 131A.065):
 - (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
 - (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
 - (c) The property is directly or indirectly dangerous to the health or safety of any person.
 - (d) An owner consents to the seizure.
- (b) Criminal forfeiture
 - (a) Property that is subject to a court order (ORS 131.561).

 - (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
 - (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an "innocent owner") (ORS 131.558)

Sutherlin Police Department

Sutherlin PD Policy Manual

Asset Forfeiture

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Office supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.

 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

Informants

602.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Sutherlin Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Sutherlin Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

602.2 POLICY

The Sutherlin Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

602.3 USE OF INFORMANTS

602.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

602.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

Sutherlin Police Department

Sutherlin PD Policy Manual

Informants

602.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

602.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Captain, Patrol supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Sutherlin Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Patrol supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Patrol supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

602.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and,

Sutherlin Police Department

Sutherlin PD Policy Manual

Informants

if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

602.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Patrol. The Patrol supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Captain, Patrol supervisor or their authorized designees.

The Patrol Captain should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Patrol supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

602.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

Sutherlin Police Department

The Chief of Police will request periodic audits of the Confidential Fund by the Day Shift Sergeant.

602.7 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Patrol supervisor will discuss the above factors with the Patrol Captain and recommend the type and level of payment subject to approval by the Chief of Police.

602.7.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a Patrol buy/expense fund.

Sutherlin Police Department

Sutherlin PD Policy Manual

Informants

1. The Patrol supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 1. The check shall list the case numbers related to and supporting the payment.
 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 4. Authorization signatures from the Chief of Police and the City Manager are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 1. The cash transfer form shall include the following:
 - (d) Date
 - (e) Payment amount
 - (f) Sutherlin Police Department case number
 - (g) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 1. The cash transfer form shall be signed by the informant.
 2. The cash transfer form will be kept in the informant's file.

602.7.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

602.7.3 AUDIT OF PAYMENTS

The Patrol supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

Sutherlin Police Department

Sutherlin PD Policy Manual

Informants

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identifications

603.1 PURPOSE AND SCOPE

Sutherlin Police Department uses the following as objective investigative tools for criminal investigations where eyewitness identifications are used, pursuant to contemporary legal guidelines and this policy:

- (a) Field Show-Up
- (b) Live Line-Up and
- (c) Blind Sequential Photographic Line-Up.

FORMS:

- 609.01 FRM Field Show-Up Admonishment
- 609.02 FRM Live Line-Up Admonishment
- 609.03 FRM Blind Sequential Photo Line-Up Admonishment

603.1.1 DEFINITIONS

- (a) **Field Show-Up** - This is a one-on-one identification procedure most often used immediately after a criminal event where a possible suspect is stopped a short distance geographically from the crime scene.
- (b) **Live Line-Up** - This is a procedure where several individuals, including the suspect, are staged for the purpose of viewing by the eyewitness.
- (c) **Blind Sequential Photographic Line-Up** - This is a procedure where a group of single photographs is shown to an eyewitness one at a time. This process is conducted by an officer who has no knowledge of the identity of the suspect or which photograph is of the suspected person.
- (d) **Filler** - This is an individual, either photograph or in-person, that is of the same gender and possesses like characteristics of the known suspect , or suspect in question.

One or more fillers are used to ensure accuracy and objectivity in an eyewitness identification procedure.

603.2 JUVENILE PHOTO LINE-UPS

Photographic line-ups for juvenile suspects may be constructed using other juvenile photographs furnished by Douglas County Community Justice Juvenile Department.

In such case, no adult subjects may be used as fillers when the suspect is also a juvenile.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Sutherland Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Patrol supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Sutherlin Police Department

Sutherlin PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Eyewitness Identification

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Sutherlin Police Department

Sutherlin PD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

606.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Sutherlin Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

606.2 POLICY

The Sutherlin Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Sutherlin Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

606.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Sutherlin Police Department

Sutherlin PD Policy Manual

Brady Material Disclosure

606.4 DISCLOSURE OF PERSONAL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

606.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

606.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Unmanned Aerial System (UAS) Operations

607.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

607.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means. For the purposes of this policy, a UAS includes a drone, as defined by ORS 837.300.

607.2 POLICY

Unmanned aerial systems may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

607.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

607.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Sutherlin Police Department

Sutherlin PD Policy Manual

Unmanned Aerial System (UAS) Operations

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security and access to data collected by the UAS (2016 Oregon Laws, C.72, § 7).
- Developing protocols if a third party is used for the storage of data, including handling, security and access to the data by the third party (2016 Oregon Laws, C.72, § 7).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (2016 Oregon Laws, C.72, § 7).
- Publishing the department policies and procedures regarding the use, storage (including third party storage), accessing, sharing and retention of data collected by the UAS, including the text of ORS 192.501 on the department website or other publicly accessible system (2016 Oregon Laws, C.72, § 7).

Unmanned Aerial System (UAS) Operations

607.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

The UAS shall only be operated by the Department (ORS 837.320; ORS 837.330; ORS 837.335):

- (a) Pursuant to a valid warrant authorizing its use.
- (b) When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- (c) With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- (d) As part of search and rescue activities, as defined in ORS 404.200.
- (e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.
 - 1. A report shall be prepared documenting the factual basis for the belief.
 - 2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.
- (f) During a state of emergency declared by the Governor, if:
 - 1. The UAS is used for preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination.
 - 2. The UAS is operated only in the geographical area specified in the Governor's proclamation.
- (g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, as provided by ORS 837.340.
- (h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

607.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.

Sutherlin Police Department

Sutherlin PD Policy Manual

Unmanned Aerial System (UAS) Operations

- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
- To harass, intimidate or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized (ORS 837.365).

The UAS shall not be used in any way which causes interference with an aircraft that is in the air, taking off or landing (2016 Oregon Laws, C.72 § 5).

607.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule (2016 Oregon Laws, C.72, § 7).

607.8 REPORTING

The Administrative Services supervisor shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of UAS use and the purpose for the use, and indicates how the public can access the department's policies and procedures regarding the use of data resulting from the use of UAS as required by ORS 837.360.

Warrant Service

608.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

608.2 POLICY

It is the policy of the Sutherlin Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

608.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

608.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

608.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

608.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

608.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).

Warrant Service

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

608.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

608.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

608.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members

Sutherlin Police Department

Sutherlin PD Policy Manual

Warrant Service

- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Sutherlin Police Department are utilized appropriately. Any concerns regarding the requested use of Sutherlin Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Sutherlin Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Sutherlin Police Department when assisting outside agencies or serving a warrant outside Sutherlin Police Department jurisdiction.

608.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.12 TRAINING

The Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

609.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

609.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

609.2 POLICY

It is the policy of the Sutherlin Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

609.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

609.4 RISK ASSESSMENT

609.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Sutherlin Police Department

Sutherlin PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

609.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

609.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Emergency Response Team (ERT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Sutherlin Police Department

8. Canines
 9. Property and Evidence Office or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

609.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

609.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
- 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
- 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
 - 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

609.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

609.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Sutherlin Police Department

Sutherlin PD Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

609.8 ERT PARTICIPATION

If the operations director determines that ERT participation is appropriate, the director and the ERT supervisor shall work together to develop a written plan. The ERT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the ERT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

609.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

609.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any ERT debriefing.

Sutherlin Police Department

Sutherlin PD Policy Manual

Operations Planning and Deconfliction

609.11 TRAINING

The Training Sergeant should ensure officers and ERT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Sexual Assault Investigations

610.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

610.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

610.2 POLICY

It is the policy of the Sutherlin Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

610.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

Sexual Assault Investigations

610.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

610.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Patrol supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

610.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

610.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change

Sutherlin Police Department

Sutherlin PD Policy Manual

Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

610.7.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

610.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (2017 Oregon Laws, c. 349, § 1).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (2016 Oregon Laws, c.89, § 4).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

610.8.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Department that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Department receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (2016 Oregon Laws, c.89, § 4).

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (2017 Oregon Laws, c.361, § 4).

Sexual Assault Investigations

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

610.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

610.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Patrol supervisor.

Classification of a sexual assault case as unfounded requires the Patrol supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

610.10 CASE REVIEW

The Patrol supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

Sutherlin Police Department

Sutherlin PD Policy Manual

Department-Owned and Personal Property

700.3 DAMAGE TO PROPERTY OF ANOTHER PERSON

Anyone who intentionally or unintentionally damages or causes to be damaged the real or personal property of another while performing any law enforcement function shall promptly report the damage through his/her chain of command.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Captain, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Captain which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

700.4 RETURN OF CITY PROPERTY UPON SEPARATION

Upon separation of employment from the City of Sutherlin, employees shall return all issued property to the custody of the City.

Any employee utilizing property and materials belonging to the City of Sutherlin for personal use, gain or other profit may be subject to disciplinary action and/or criminal prosecution for misapplication of entrusted property under Oregon Revised Statutes 165.095.

The Day Watch Sergeant and/or in his absence the Chief of Police shall verify all returns of property to the City of Sutherlin for all employees. For Sergeants, return of property shall be conducted by the Chief of Police.

700.5 POLICY

Sutherlin Police Department

Sutherlin PD Policy Manual

Department-Owned and Personal Property

700.6 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or the appropriate Captain. The member should submit a request that includes the description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as a part of work.

700.6.1 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage to, or loss of, personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Captain, which shall include the result of the investigation and whether the reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Citydepartment responsible for issuing payments.

Facilities Security

701.1 PURPOSE AND SCOPE

The Police facility located at 126 East Central Avenue at City Hall shall be maintained as secure at all times, with access limited to authorized personnel, only. This facility shall be inaccessible to the general public at all times without an escort of a police and/or City Hall employee. City Hall employees do have access to police facilities during business hours.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.1.1 OFF-DUTY ACCESS TO LE INFORMATION SYSTEMS

Employees may be granted access certain law enforcement information systems, including Law Enforcement Data System (LEDS), National Crime Information Center (NCIC), and Oregon Department of Motor Vehicles (DMV) using Department-issued communications devices and are reimbursed via a stipend, pursuant to Administrative Regulations.

In such cases, employees shall access such systems pursuant to all requirements of those systems. Access and use of such systems shall be conducted responsibly and while maintaining required confidentiality of all such information. Each employee shall be held directly responsible for misuse and careless handling resulting in breeches of confidentiality and violation of rules of access and use of those systems, whereby the employee may be subject to disciplinary action.

Access to law enforcement information systems is strictly prohibited on all personally computers and computerized information devices that are not stipend-reimbursed.

702.2 POLICY

The Sutherlin Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

Personal Communication Devices

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.

Personal Communication Devices

- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Sutherlin Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

- (c) Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

Vehicle Use

704.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Sutherlin to provide assigned take-home vehicles.

704.2 POLICY

The Sutherlin Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

704.3 USE OF VEHICLES

704.3.1 SHIFT ASSIGNED VEHICLES

The Watch Commander shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

704.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

Sutherlin Police Department

Sutherlin PD Policy Manual

704.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

704.3.5 MOBILE DIGITAL COMPUTER

Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify Dispatch. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

704.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Captain approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

704.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

704.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

704.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

704.4.1 ON-DUTY USE

- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

704.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Sutherlin is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Sutherlin may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Captain gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Chief of Police or Captains and there is a high probability that the member will be called back to duty.

 2. All weapons shall be secured while the vehicle is unattended.
 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for the care and maintenance of the vehicle.

704.4.4 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Sutherlin Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Sutherlin Police Department

Sutherlin PD Policy Manual

Vehicle Use

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

704.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

704.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various bureaus and their use is restricted to the respective bureau and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the bureau for that purpose. Any use of unmarked vehicles by those who are not assigned to the bureau to which the vehicle is assigned shall also be recorded with the Watch Commander on the shift assignment roster.

704.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. 708.3 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

708.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall

- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

709.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

Property and Evidence

800.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

800.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Property obtained by the Department for safekeeping such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

800.3 PROPERTY HANDLING

Any employee who first comes possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

800.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Sutherlin Police Department

Sutherlin PD Policy Manual

- (b) Denote the date and place the officer's initials on the evidence tape sealing the packaged item(s).
- (c) If the item(s) do not fit within a bag, the officer will affix a tag or tape directly on the item with the above listed information.

- (e) Evidence that is placed into a temporary evidence locker is ready to be stored in the evidence room. Evidence that is placed in to a short term locker remains accessible to an officer until such time as his/her access is no longer needed, at which time the item is transferred to a temporary locker.
- (f) Upon placing evidence within a temporary locker, the officer will place the EIS Property Submission Report and/or yellow page of the Property Receipt form in the property officer's mailbox for processing. The property officer shall then store the item within the evidence room or other designated storage area and denote the location on the chain of custody form.

800.3.2 NARCOTICS AND DANGEROUS DRUGS

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor. The Oregon State Police bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. 800.3.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The Property and Evidence Officer will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

800.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession, via a short term locker, until it is properly weighed, packaged, tagged. 804.2 POLICY

Members of the Sutherlin Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

804.4.1 ACCESS TO OREGON STATE PATROL OFFENDER INFORMATION

Access to Oregon State Patrol (OSP) criminal offender information may be granted when the information is to be used for the administration of criminal justice, employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs (OAR 257-010-0025).

804.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Public Safety Office Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Administrative Services to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk. In those instances, cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. Plain text transmission of an entire record (summary or full) is prohibited.

Animal Control

805.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for animal control officers and Sutherlin Police Department personnel in dealing with animal control related calls for service and to set forth procedures regarding animal control services, the handling of injured animals, and the abatement of animal nuisances.

805.2 ANIMAL CONTROL OFFICER RESPONSIBILITY

The Douglas County Animal Control Officer (ACO) is responsible for enforcing local ordinances relating to animals, and for appropriately resolving or referring animal problems as outlined in this policy.

Requests for assistance by the animal control officer shall be acknowledged and responded to promptly.

805.3 OFFICER RESPONSIBILITY

During hours when the animal control officer is off-duty, or if the animal control officer is otherwise unavailable, the following animal-related calls for service will be handled by the appropriate on-duty officer.

An officer may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of an animal control officer. Due to the hazards of handling animals without proper equipment, a responding officer generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of an animal control officer. The following are examples of when an officer may consider acting before the arrival of the animal control officer:

- (a) When there is a threat to the public safety.
- (b) When an animal has bitten someone, officers should take measures to confine the animal and prevent further injury.

The transporting employee shall ensure the animal has sufficient food, water, and bedding.

Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

805.3.3 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Officers shall obtain and forward to the ACO as much information as possible regarding the nature of the complaint including identity of the complaining person, owner information (if possible) and location of the problem. Officers will also document any actions taken and citation(s) issued in any related report.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the animal control officer may be called to duty to handle. If the animal control officer is unavailable, a supervisor may contact the Douglas County Sheriff's Office to request they call out their Animal Control Officer to handle this urgent emergency request for service.

805.4 DECEASED ANIMALS

Deceased animals on public property will be removed and properly disposed of by the animal control officer. Field officers will remove deceased animals when the animal control officer is not on duty. The deceased animals may be transported to a designated Public Works receptacle. Public works should be notified when a deceased animal is placed in a receptacle so the receptacle can be emptied in a timely manner.

- (a) For health and sanitary reasons, deceased animals should be placed in a sealed plastic bag prior to placing in the ACO truck.
- (b) No Officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.

Large animals such as deer, elk, coyotes, etc., should be moved to the side of the roadway, if possible, for later removal by the Road Department.

805.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of the Sutherlin Police Department, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below.

Sutherlin Police Department

Sutherlin PD Policy Manual

Animal Control

- (b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency & Critical Care Services Clinic.
- (c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
 - 1. When the need to euthanize a seriously injured or dangerous animal exists, Policy Manual section 300.8 (Force Against Animals) shall be followed. The decision to euthanize a seriously injured animal will rest with the on scene officer.

805.5.1 INJURED WILDLIFE

Injured wildlife should be referred to the Oregon Department of Fish and Wildlife or Oregon State Police, Fish and Wildlife Division.

805.6 CITATIONS

It should be at the discretion of the officer or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation of the Sutherlin Municipal Code or the Oregon Revised Statute.

805.7 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

805.8 POLICY

It is the policy of the Sutherlin Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

Animal Control

805.9 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to those cited in ORS 133.379 (animal abuse, animal neglect).

805.11 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

805.12 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

805.13 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

805.14 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured domesticated animal shall only be euthanized with the approval of a supervisor.

805.15 RESCUE OF ANIMALS IN VEHICLES

A member who has a good faith belief that entry into a motor vehicle is necessary because a domestic animal inside the vehicle is in imminent danger of suffering harm may enter the vehicle to remove the animal (2017 Oregon Laws, c.424). Members should:

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Sutherland Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.5.1 RATING DEFINITIONS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked Needs Improvement or Exceeds Expectations shall be substantiated in the rater comments section.

In addition the rating Supervisor should discuss short and long term training/skills needs and goals of the employee being rated with a goal to help the employee progress in obtaining those goals that are reasonable and capable of being funded.

Step 1. Immediate Supervisor: The grievant shall discuss the grievance first with his immediate supervisor with the objective of informally resolving the grievance. The report will include the basis of the grievances, the findings of the grievances, and an analysis to determine trends or patterns of issues that could be remedied through training, policy modification, or correction of personnel performance.

The report should not contain any identifying information from any individual grievance. The Training Sergeant should promptly notify the Chief of Police if the report identifies any policy manual content that may warrant a critical revision.

Anti-Retaliation

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1003.2 POLICY

The Sutherlin Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1003.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1003.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1003.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1003.7 WHISTLE-BLOWING

Oregon law protects members who disclose or threaten to disclose information that the member reasonably believes is evidence of (ORS 659A.203):

- (a) A violation of federal, state or local law, rule or regulation.
- (b) Mismanagement, gross waste of funds, abuse of authority or substantial and specific danger to public health and safety.
- (c) A person who is receiving public assistance is subject to a felony or misdemeanor warrant.

Members are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1003.8 RECORDS RETENTION AND RELEASE

The Public Safety Office Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1003.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.270).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

ORS 166.270 carries specific prohibitions on the carrying of firearms or other weapons upon a felony conviction in the State of Oregon, any other state or under federal law.

ORS 107.095(5) addresses when a restraining order can lead to a violation of the firearms prohibitions of 18 USC § 922. Employees that are or have become subject to such an order shall promptly report that information to a supervisor.

1004.3 OTHER CRIMINAL CONVICTIONS

OAR 259-008-0010(4) prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1004.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired

officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1006.2 POLICY

1006.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

1006.3.1 NOTIFICATION

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Department (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1006.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources Director as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1006.5 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1006.6 REQUIRED NOTICES

The Human Resources Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Sutherlin Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1007.2 POLICY

The Sutherlin Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 - 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Administration (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1007.5 POST EXPOSURE

1007.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1007.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

Sutherlin Police Department

Sutherlin PD Policy Manual

Communicable Diseases

1007.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1007.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1007.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; 2017 Oregon Laws, c.696).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Communicable Diseases

1007.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1007.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Sutherlin Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY

The Sutherlin Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (ORS 433.845; ORS 433.850).

1008.3 SMOKING AND TOBACCO USE

Smoking and smokeless tobacco use by members is prohibited anytime members are in public view representing the Sutherlin Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes inside City facilities and vehicles. Smoking and smokeless tobacco by products will not be left or discarded inside department facilities or vehicles.

1008.4 ADDITIONAL PROHIBITIONS

Visitors and the public shall not be allowed to smoke in any department facility (ORS 433.845).

1008.4.1 NOTICE

The Chief of Police or the authorized designee shall ensure that proper signage prohibiting smoking is posted at each entrance and exit to the department facilities (ORS 433.850; OAR 333-015-0040).

Personnel Complaints

1009.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Sutherlin Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.2 POLICY

The Sutherlin Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1009.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1009.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Personnel Complaints

1009.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1009.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1009.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1009.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1009.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

Personnel Complaints

1009.5.1 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Bias-Based Policing Policy (ORS 131.920).

1009.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1009.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Captain or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.
- (k) Providing the complainant with periodic updates on the status of the investigation, as appropriate.

1009.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to employees covered by the provisions of ORS 236.350 through ORS 236.360.

- (a) Interviews of an accused employee shall be conducted during reasonable (normal waking) hours and preferably when the employee is on-duty, unless the seriousness of the investigation requires otherwise. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Sutherlin Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview.
- (e) Prior to any interview, an employee should be informed of the nature of the investigation and of facts reasonably sufficient to inform the employee of the circumstances surrounding the allegations under investigation.
- (f) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (g) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (h) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - (a) An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable

Personnel Complaints

steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

- (b) No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the employee prior to any subsequent interview.
- (j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (k) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation.
- (l) As soon as it is determined that the employee may be charged with a criminal offense, the employee shall be informed of the employee's right to consult with criminal defense counsel with respect to the criminal charge.
- (m) All employees shall provide complete and truthful responses to questions posed during interviews.
- (n) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1009.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Sutherlin Police Department

Sutherlin PD Policy Manual

Personnel Complaints

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1009.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1009.6.5 COMPLETION OF INVESTIGATIONS

The Administration Supervisor shall ensure that investigations are completed and peace officers are provided notification of intended discipline no later than six months from the date of the first interview. The Chief of Police or Administration Supervisor may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the Department gives written notice explaining the reason for the extension to the peace officer and the peace officer's chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

- (a) The investigation involves a peace officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the peace officer.
- (c) The peace officer, in writing, waives the limit.
- (d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
- (e) The investigation involves more than one peace officer and requires a reasonable extension of time.

Sutherlin Police Department

Sutherlin PD Policy Manual

Personnel Complaints

- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
- (g) The investigation involves a matter in civil litigation in which the peace officer is a named defendant or the peace officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.
- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1009.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1009.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

1009.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

Sutherlin Police Department

Sutherlin PD Policy Manual

Personnel Complaints

The Sutherlin Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1009.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1009.10.1 CAPTAIN RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Captain of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Captain may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Captain may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Captain shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1009.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Captain for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Sutherlin Police Department

Sutherlin PD Policy Manual

Personnel Complaints

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1009.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (ORS 181A.830).

If the complaint is related to profiling, the complainant shall be notified in writing with a statement of the final disposition within a reasonable time after the conclusion of the investigation (ORS 131.920).

1009.10.4 NOTICE REQUIREMENTS

If an investigation of an officer of this department results from a complaint, the Department may disclose to the complainant the disposition of the complaint and if necessary provide a written summary of the information obtained in the investigation (ORS 181A.830).

1009.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1009.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

1009.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Safety Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.4 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Sutherlin Police Department

Sutherlin PD Policy Manual

Safety Belts

1010.5 POLICY

It is the policy of the Sutherlin Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1010.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1010.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the Sutherlin Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.2.1 SWORN PERSONNEL IN CIVILIAN ATTIRE

All on-duty officers wearing civilian attire shall wear soft body armor under the following circumstances:

- (a) While in the immediate vicinity of a high-risk situation;

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR

compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1011.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

Lactation Break Policy

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1017.2 POLICY

It is the policy of this department to provide reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child 18 months or younger in compliance with state law and the Fair Labor Standards Act (29 USC § 207 and ORS 653.077).

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

Employees desiring to take a lactation break shall notify communications or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Department will make reasonable efforts to provide lactating employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Employees occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other employees should avoid interrupting a lactating employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

1017.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the department shall clearly label it as such and shall remove it when the employee ends her shift. Alternatively the Department will make reasonable provisions to provide a place for the employee to store her own cooler for the purpose of storing expressed milk.

Payroll Record Procedures

1018.1 PURPOSE AND SCOPE

Payroll records are submitted to Administration on a bi-weekly basis for the payment of wages.

1018.1.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS

Employees are responsible for the accurate and timely submission of payroll records for the payment of wages.

1018.1.2 TIME REQUIREMENTS

All employees are paid on a semi-monthly basis. Payroll records shall be completed and submitted to Day Watch Sergeant and in his absence to the Chief of Police no later than 9:00 a.m. on the morning they are due unless specified otherwise.

Overtime Compensation Requests

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Collective Bargaining Agreement (CBA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the established limit for compensatory time.

Overtime worked beyond the compensatory time cap will be paid monetarily.

This policy shall not conflict with the Collective Bargaining Agreement.

1019.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to Administration. Failure to submit a request for overtime compensation in a timely manner may be handled as a performance issue.

1019.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor. Employees submitting overtime cards for on-call pay when off duty shall submit cards to their supervisor on the first day after returning for work.

1019.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

Sutherlin Police Department

Sutherlin PD Policy Manual

Overtime Compensation Requests

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the Chief of Police for final approval.

1019.2.3 DAY WATCH SERGEANTS RESPONSIBILITY

Captains, after approving payment, will then forward the form to the Chief of Police for review.

1019.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., Court, Minimum call back for staffing on time off, etc.). The supervisor will enter the actual time to be paid.

1019.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1.0 hour

1019.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

1020.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

The Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the

- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department

1020.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

No member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1020.3.2 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Day Watch Sergeant, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1020.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material should report the change.

1020.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Sutherlin Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

By accepting outside employment, the employee agrees to the following terms and conditions:

- (c) Employees will arrange with the outside employer for the protection of liability insurance, worker's compensation insurance (or to establish an exemption from the worker's compensation provisions). 1020.8 LIMITATIONS TO OUTSIDE EMPLOYMENT

Work hours for all outside employment shall not conflict with the employee's duty schedule at the Sutherlin Police Department.

Permission for outside employment may be revoked by the Chief of Police where it is determined that such outside employment is not in the best interest of the Sutherlin Police Department, or creates a conflict of interest.

Employees must be in good standing with the Sutherlin Police Department to be eligible to apply for or continue outside employment. Employees must maintain a "standard or better" performance evaluation rating, overall. Employees working under Performance Improvement Plans are not eligible for application or continued work in any outside employment until all terms of the Performance Improvement Plan have been fulfilled and the plan has been removed.

Employees that fail to perform adequately while on-duty, or who receive disciplinary action related to the outside employment may have permission revoked by the Chief of Police.

Emergency call-outs take priority over outside employment. Employees shall be subject to call-out in emergency situations and may be expected to leave their outside employment to respond to duty at the Sutherlin Police Department.

Employees who wish to dispute denials of outside employment may file a grievance after all other city processes have been exhausted.

1020.8.1 MILITARY OBLIGATIONS

The Sutherlin Police Department has no influence or authority over military obligations, which is determined by federal law. Military obligations for employees that are members of any branch of the United States military or any unit of the Oregon National Guard, whether active or reserve status shall take precedence over the City of Sutherlin.

1020.8.2 OUTSIDE SELF-EMPLOYMENT

Outside self-employment shall also be approved as any other outside employment. Self-employment is acceptable as long as it meets the described requirements for outside employment and does not interfere with the employee's on-duty work schedule at the Sutherlin Police Department.

Occupational Disease and Work-Related Injury Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Sutherlin Police Department (ORS 656.005(7); ORS 656.802).

1021.2 POLICY

The Sutherlin Police Department will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1021.3.3 CAPTAIN RESPONSIBILITIES

The Captain who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and

Sutherlin Police Department

Sutherlin PD Policy Manual

Occupational Disease and Work-Related Injury Reporting

the Administration Captain to ensure any required Oregon Occupational Safety and Health Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the department's insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010).

1021.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1021.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Captain through the chain of command and a copy sent to the Administration Captain.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1021.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Upon receipt, the Captain will review each Performance History Audit Report and determine whether it should be provided to an officer's immediate supervisor for further consideration. The officer's immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues which may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Captain of such recommendation. If the Captain concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

Employee Speech, Expression and Social Networking

1031.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1031.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1031.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Sutherlin Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1031.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Sutherlin Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates.

Sutherlin Police Department

Sutherlin PD Policy Manual

Employee Speech, Expression and Social Networking

Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1031.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Sutherlin Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Sutherlin Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Sutherlin Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Criminal Justice Code of Ethics as adopted by the Sutherlin Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express

authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Sutherlin Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1031.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Sutherlin Police Department or identify themselves in any way that could be reasonably perceived as representing the Sutherlin Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Sutherlin Police Department.

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1031.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1031.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

Military Leave

1032.1 PURPOSE AND SCOPE

Sutherlin Police Department grants military leave and honors all obligations to all employees that are enlisted in the National Guard and reserve military, pursuant to Oregon Revised Statutes 408.238290 and the Uniformed Services and Employment and Re-employment Rights Act of 1994 (USERRA).

PROCEDURES: 1061.01 PRO Repatriation Orientation Training Schedule

1032.2 REPATRIATION ORIENTATION

The Sutherlin Police Department reorients employees returning from lengthy military obligations in either combat or non-combat environments.

The Department acknowledges that employees returning from military deployments may have been subjected to traumatic events. It is the goal of this policy to facilitate the transition from the military environment to the law enforcement profession, and make this a smooth process that meets the needs of the returning veteran. It is common for returning veterans to experience significant changes in their cognitive and psychological functions as a result of these events, both acutely and in the long term. As the employee may or may not be experiencing some or all of these changes, it is this Department's intent to provide every available resource to the employee for the employee's benefit in the event the employee seeks to obtain such assistance.

This orientation program shall be tailored to the individual needs of the employee and should be based on the length of deployment and specifics of the assignment the employee is returning to.

This policy shall not be in violation of the Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) or Title 38 of the United States Code.

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

The Administration Captain will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1033.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Captain shall ensure that the appropriate documentation is completed for each inspection.

1033.7.1 EQUIPMENT

Line-of-Duty Deaths

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Sutherlin Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1035.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1035.2 POLICY

It is the policy of the Sutherlin Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1035.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Chief of Police section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve

Sutherlin Police Department

Sutherlin PD Policy Manual

Line-of-Duty Deaths

the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1035.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Sutherlin Police Department

Sutherlin PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Sutherlin Police Department members may be apprised that survivor notifications are complete.

1035.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1035.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include, but are not limited to:

Sutherlin Police Department

Sutherlin PD Policy Manual

Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

 - 3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
 - 4. The return of some personal effects may be delayed due to ongoing investigations.

- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1035.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

The CISM coordinator should work with the Chief of Police or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death. Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.
