### AUTISM AWARENESS MONTH & WORLD AUTISM AWARENESS DAY

**WHEREAS**, autism spectrum disorder is a neurological and developmental disorder that affects communication and behavior; and

**WHEREAS**, autism is an urgent public health crisis that demands support from all levels of government; and

WHEREAS, symptoms of autism may present themselves in a variety of combinations, and can result in significant lifelong impairment of an individual's ability to learn, develop healthy interactive behaviors, understand and nonverbal communication; and

WHEREAS, the Centers for Disease Control and Prevention reports that one in 44 school-aged children have been identified with autism spectrum disorder; and

**WHEREAS**, West Virginia is committed to ensuring that people living with autism have access to lifelong care and services needed to pursue their full potential and happiness; and

WHEREAS, the Upshur County Commission is honored to take part in the annual observance of Autism Awareness Month and World Autism Day in the hope that it will lead to a better understanding of the disorder;

**NOW, THEREFORE,** the Upshur County Commission does hereby recognize April, 2023 as Autism Awareness Month and April 2, 2023 as World Autism Awareness Day in Upshur County, West Virginia, and we call this observance to the attention of all our citizens.

Kristie G. Tenney, President

Samuel R. Nolte, Upshur County Commissioner

Douglas K. Bush, Upshur County Commissioner

### CHILD ABUSE PREVENTION AND AWARENESS MONTH APRIL 2023

WHEREAS, during child abuse and neglect prevention month, it is important to talk about what each and every one of us can do to make sure that children in our community grow up healthy, safe, and loved;

**WHEREAS**, child abuse and neglect are a symptom of a larger problem – the lack of resources and support for families in our community, and the majority of child abuse cases stem from situations and conditions that are preventable in an engaged and supportive community;

**WHEREAS**, when the well-being of children and families becomes the priority of everyone in the community, the number of child abuse and neglect cases will decrease, and other good things will happen such as better health outcomes, improved school performance, etc.;

WHEREAS, child abuse and neglect can be reduced by making sure each family has the support they need to raise their children in a healthy environment;

**WHEREAS**, this month, it is important that every member of our community consider what they can do to improve our collective well-being, which can be achieved by volunteering, making donations, or advocating for family-friendly policies and programs – everyone can take their turn making a difference.

**WHEREAS**, child abuse prevention month is an especially good time to talk about the five Protective Factors (Knowledge of Parenting and Child Development; Parental Resilience; Social Connections; Social and Emotional Development of Children; and Concrete Support in Times of Need) and how, when present, they increase the health and well-being of children and families.

NOW THEREFORE, THE UPSHUR COUNTY COMMISSION does hereby proclaim the month of April as Child Abuse Prevention and Awareness Month in Upshur County and call upon all citizens, community agencies, faith groups, medical facilities, and businesses to increase their participation in our efforts to support families, thereby preventing child abuse and strengthening the communities in which we live.

Signed on March 30, 2023

RE: Commission Appointment to the Upshur County Fire Board, Inc.

### Commissioners:

This letter serves as my official interest in your vacant appointment to the Upshur County Fire Board, Inc. I've been a lifelong resident of Upshur County, and have graduated from West Virginia Wesleyan College in 2012 with a degree in Environmental Studies. Since my graduation, I have focused my efforts into my family business at the Lumber Company. This makes me a third-generation owner of Davidson Lumber Company located in Kanawha Head. I believe that if I am appointed to the vacant seat, I will contribute my knowledge of environmental studies to ensure the Fire Board continues to provide safety to Upshur County. I am honored to be considered for the vacant seat. If you should have any questions, please do not hesitate to contact me.

Sincerely,

Jesse Darinboni

Jesse Davidson

#### Grant Number: 18cycUpshu2021

#### 1. Cost Comparison:

The Request for Proposals for the rehabilitation of the porch on the Upshur County Former Jail Facility was advertised in the following manner: (1) as a Class II legal advertisement in the Record Delta, and the Charleston Gazette on July 19, 2022 and July 26, 2022, (2) the specifications were e-mailed to several construction companies that previously bid on projects, (3) posted information on the Upshur County Commission website, (4) posted the RFP on the bulletin board at the Upshur County Courthouse and Upshur County Administrative Annex, (5) listed on a local electronic media platform, mybuckhannon.com and (6) listed on the Blue Book Building & Construction Network. Representatives from only one company attended the mandatory pre-bid meeting on August 9, 2022, despite these efforts. The pre-bid meeting sign-in sheet is attached as "Exhibit A".

One bid submission was received prior to the deadline and was opened and reviewed during a regularly scheduled Commission Meeting held on August 18, 2022. The only submitted bid proposal included a Base Bid and two Alternates. See "Exhibit B". The amounts of each are as follows: Base Bid: Porch Masonry Rehabilitation of \$53,880.00; Alternate 1: Paint Lead Abatement costing an additional \$13,331.00 and Alternate 2: Porch Roof Renovation costing an additional \$14,356.00.

Paint Lead Abatement was not necessary for this project. Paint lead testing commenced in April 2021 upon starting Phase I of the jail facility rehabilitation. The results were negative for lead and therefore no abatement was necessary for Phase I of the project. Those same results were acceptable for the porch rehabilitation and subsequentially lead abatement was not necessary. The Upshur County Commission did approve Alternate 2, the porch roof renovation costing an additional \$14,356.00.

The bid met all specifications standards set forth within the Request for Proposals. The Upshur County Commission accepted the bid from Trisco Systems, Inc. in the base amount of \$53,880.00 and Alternate 2 in the amount of \$14,356.00 Appropriate Commission Meeting Minutes are attached as "Exhibit C". The contract approved by the Upshur County Commission dated August 18, 2022 is attached as "Exhibit D".

#### 2. Quality of Workmanship:

Telephone: (304) 472-0535 Telecopier: (304) 473-2802

TDD Numbers Business: 472-9550

The quality of the workmanship of the project exceeded expectations. The Contractor completed all work as specified and outlined within Section 1 of the contract agreement.

#### 3. Quality of Materials Used:

The Upshur County Commission is overall satisfied with the quality of the materials used. The mortar joints that were replaced within the specified area are of superior quality and will provide optimum long-lasting structural integrity. The stone cap head joints were repaired as to secure and maintain their integrity and to keep them strong, tough and durable. The colormatching mortar nicely matches the existing consistency and color of the current brick veneer and mortar giving the project a cohesive appearance with the main portion of the building. The replacement of the shingled roof was also completed using high quality materials including underlayment, flashing and asphalt roofing shingles to match the newly replaced roof as completed under Phase II of this project. The appearance is visually appealing and the rehabilitation of the porch is complementary to the structure.

#### 4. Employee/Courthouse visitor's benefits:

The Courthouse is the focal point when travelling on Main Street and adorns the Downtown Buckhannon Historic District; therefore, in an effort to maintain the historic aesthetics of the area, preserving the adjacent former jail facility is of utmost importance.

This facility is available for all judicial and elected official offices to use as storage space and serves as the election room. Available property located within close proximity to the Courthouse is scarce; therefore, the Commission must maintain and maximize the potential use of each county owned property. Completing the former jail facility porch fulfills the goal of full restoration of this building was imperative to extending the life of this spacious multi-purpose building.

#### 5. Timeliness of contractors/materials:

Trisco Systems, Inc. was very prompt in providing the required paperwork and commencing work on the masonry portion of the project in a timely manner. The masonry portion of the project commenced on November 1, 2022 and was completed within one week.

The sub-contractor that agreed to complete the roofing portion of the project began much later than anticipated. The sub-contractor caused a delay that exceeded the timeline for the project; therefore, forcing the Upshur County Commission to request an extension of the completion date for the total project. The previously anticipated completion date was December

Telephone: (304) 472-0535 Telecopier: (304) 473-2802

TDD Numbers Business: 472-9550

31, 2022; however, the West Virginia Courthouse Facilities Improvement Authority graciously granted an extension to March 31, 2023 at their meeting held February 24, 2023. See "Exhibit E". Work commenced on the roof replacement the week of February 13, 2023 and was completed within 2-3 days.

#### 6. Problem areas:

The largest obstacle throughout this project was getting the sub-contractor on-site. Administrative staff often requested updates from the contractor and sub-contractor to receive information regarding the timeline and getting the work completed timely. The job was small in scope which led to the delay in priority from the sub-contractor.

#### 7. County applicants project overview/recommendations:

Of course, the Upshur County Commission would have liked to receive a better response to the Request for Bids; however, the project was completed satisfactorily. It is the Upshur County Commission's belief that due diligence was made in obtaining as much interest in the project as possible. The completed project consisted of the following:

- (1) The brick veneer was cleaned appropriately.
- (2) All deteriorated, fractured or defective mortar joints were removed and a new closely matching consistency and color mortar was installed satisfactorily.
- (3) Masonry repairs included removal and replacement of all damaged, defective, fractured or missing brick/stone units.
- (4) Stone cap head joints were repaired and secured to maintain their integrity. An existing joint material was evacuated and cleaned then a bond breaker or new backer rod was installed. Finally, a urethane sealant, applied per industry practices, was applied.
- (5) Surface-conditioning agents were applied to the bare masonry, followed by two coats of elastomeric masonry coating to the designated area.
- (6) Lead paint assessment was reviewed from the April 2021 Asbestos Report completed during Phase II of the total project.
- (7) The porch roof was renovated, including; removal of existing porch roofing materials to install new underlayment, flashing, and asphalt roofing shingles.

Telephone: (304) 472-0535 Telecopier: (304) 473-2802

TDD Numbers Business: 472-9550

#### 8. Statement:

The Upshur County Commission followed all contract stipulations as set forth in the Agreement entered into on August 18, 2022 and contained within the Special Conditions and Assurances. All applicable federal and state laws, rules, regulations and policies were complied with during this project. The Commission further attempted to receive competitive bids through several different advertising outlets. Duties were commenced on or about November 1, 2022 for a period of about one week and commenced again the week of February 13, 2023 for 1-2 days.

The completed WV SHPO Information Sheet for Section 106 Review Projects was submitted to the Deputy State Historic Preservation Officer on June 7, 2022. Correspondence from the Deputy State Historic Preservation Officer (SHPO) dated July 12, 2022 stated the proposed work will likely adhere to *The Secretary of the Interior's Standards for the Treatment of Historic Property* and would therefore have no adverse effect to the historic characteristics of the building and the district. See "Exhibit F".

Kristie Tenney Upshur County Commission Upshur County Administration Annex 91 West Main Street, Suite 201 Buckhannon, WV 26201

Dear President Tenney,

We are writing today from the Upshur County Homeless and Housing Coalition in response to the article published in My Buckhannon on March 16, 2023 entitled, "Residents express concerns to city council about homelessness, vagrancy downtown." The Homeless and Housing Coalition shares in the concern surrounding homelessness in Buckhannon and Upshur County and would like to be a part of the solution. The mission of The Upshur County Homeless and Housing Coalition is to serve the homeless and those at risk of homelessness by working together to provide temporary emergency and permanent housing with supportive services.

The Upshur County Homeless and Housing Coalition participate in the annual Point In Time Homeless Count sponsored by the US Department of Housing and Urban Development (HUD). This is a one day snap shot of homelessness in a community. According to the January 2023 homeless count, there were 27 "literally homeless" individuals sleeping either in a hotel paid for by one of the Coalition organizations (3) or unsheltered (24) sleeping in a car, tent, on the street, in the woods, or in an abandoned building. This is a significant increase over the same count one year ago.

Additionally, a *Built for Zero* Initiative led by the WV Coalition to End Homelessness/Balance of State Continuum of Care is underway in our region. This initiative is designed to help communities reduce chronic homelessness to a "functional zero" – a similar initiative has been successful in reducing veteran homelessness in recent years.

We would like to extend an invitation for city/county officials, city council/county commission representatives, and the city police/county sheriff's office, health/mental health, substance use disorder providers and other caring persons in the County to join the Coalition. The next two meetings will be held at the Parish House, May 3, 2023 and June 14, 2023 at 1:30pm.

Current active members of the Coalition include The Upshur Family Resource Network, Upshur Parish House/Crosslines, Mountain CAP of WV, The Salvation Army, Volunteers in Police Service, Free Meals Appalachia, representatives from the Pallottine Foundation of Buckhannon, mental health providers, and others.

Together this group has worked proactively to provide support to those who are homeless including providing emergency assistance, food, clothing, sleeping bags, and personal hygiene products; as well as rapid rehousing assistance - including finding housing within one month or less, help paying for housing short term, and providing connections to jobs and services so people can stay in housing.

For example, a Buckhannon family of three without a permanent residence, were staying with family and friends until all options were exhausted and they were left living in a tent during the winter 2022-2023. Coalition members helped the family to secure copies of birth certificates and social security documents necessary to obtain a photo ID, which is a requirement to apply for housing and jobs. After being connected to a landlord and receiving a security deposit and rental assistance, the family is successfully housed, the parents and teenager are now able to shower, eat warm meals, rest safe and warm at night, and the teenager is attending school regularly and doing well.

During 2021, Upshur County was faced with two apartment building fires in a short time period (Adrian and Main Street). Upshur County Homeless and Housing Coalition pulled together and were quickly on the ground helping families. After the Red Cross provided temporary support, the Coalition worked with 18 families providing emergency items, clothing, furniture vouchers, rapid rehousing, and rental assistance preventing homelessness.

This month a Buckhannon woman was released from jail in Elkins, and walked back to Buckhannon with nowhere to stay when she arrived. Coalition members connected her with temporary housing in a hotel and within 10 days she moved into a permanent housing unit. Now she is working with case managers to assist her with seeking employment and planning for maintaining her housing long term.

While these examples demonstrate some of the possibilities and resources available for homeless people in our community, there are still gaps in services and barriers to permanent housing which must be addressed. The addition of members from the City of Buckhannon, Upshur County and other interested parties to the Upshur County Homeless and Housing Coalition will benefit those we serve and the community at large.

To accept this invitation to join us or for more information please reach out to Kathy McMurray, Chair of the Upshur County Homeless and Housing Coalition at <u>kmcmurray@mountaincapwv.org.</u>

Sincerely,

Kathy McMurray
