This addendum is being issued to clarify a conflict and provide two (2) additional days to provide bids for the correct materials.

It was noted that there is a conflict between the Technical Specification and the Bid Plan set with regard to the interior coating for DIP pipes and fitting. Specifically, between Technical Specification Section 1560 Part 2 Ductile-Iron Pressure Pipes and Pipe Fittings E and Note No. 16 of the General Notes Detail on Sheet D4 of the Bid Plan set.

The following clarification is provided; Note No. 16 of the General Notes Detail on Sheet D4 of the Bid Plan set supersedes the Technical Specifications.
