The purpose of this addendum is to provide proposers with the Selection Committee final rankings.

In addition, the initial cost proposal scores were calculated incorrectly. These scores have been adjusted using the proper scoring method as stated in Article VI, Section 2.255 Competitive Procurements of the County Procurement Ordinance 2015-2 .

When price is included as part of an evaluation, the lowest price proposal will receive the maximum weighted score for the price criteria. Scoring of other proposals is based on the ratio of that proposal's price in relation to the lowest price. The ratio will be multiplied by the score assigned for the pricing criteria. For example:

Lowest price \$10.00 assigned maximum score of 25 points

Next lowest price \$11.00

\$10.00 divided by \$11.00 equals 0.90 Multiply maximum score of 25 by 0.90 equals 22.5 points

Next lowest price score is 22.5 points
