All building projects, regardless of how small, require the submittal of a Plot Plan. A sample Plot Plan is attached to this application along with a Plot Plan template to use in creating a Plot Plan.

If you need assistance in preparing a Plot Plan, a “Plot Plan Requirements” guide is available in our office, or you may contact our office at 920-262-4060. The Building, Safety and Zoning Department staff will assist you in any way we can.

GENERAL GUIDELINES

Prior to an Owner/Applicant completing and submitting an *Application for Building Permit*, the city encourages the Owner/Applicant to investigate and consider the following:

- 1) Does your project require erosion control?
(See *City of Watertown Municipal Code Chapter 288, Article 1 - Erosion and Sediment Control.*)
- 2) Is your project subject to any deed restrictions/subdivision covenants or any other title restrictions?
(Your homeowner’s association, developer or real estate broker may be able to assist you with this determination and any needed guidance.)

- 3) Does this project include any excavation within twenty feet (20') of a public right-of-way tree?
(If yes, please contact the City Forestry Department at 920-262-8080.)
- 4) If this project is an expansion of the existing footprint (i.e., building addition), is it in compliance with the following setback requirements?
 - a. Front and rear yard setbacks of twenty-five feet (25').
 - b. Side yard setback of 10% of lot width or a minimum of eight feet (8'), maximum of fourteen feet (14').
 - c. Outside all easements. *

** It is the responsibility of the applicant to verify the existence of easements and properly label them on the Plot Plan. Structures are prohibited from being constructed within easements.*
- 5) Is this a renovation that disturbs more than two square feet (2 s.f.) of paint in a home or apartment complex built before 1978? Is it the intent of the owner to hire an outside contractor to perform this work?
(If so, please contact the Watertown Health Department at 920-262-8090 for assistance and information on lead-based paint.)

HISTORIC PRESERVATION

- 1) Is this project within the Downtown Historic District?
- 2) If yes, are your plans including exterior improvements to your building?
(If you answered "yes" to the above two questions, the Historic Preservation Commission will need to review your project prior to issuance of a Building Permit.)

By making application, the Owner/Applicant acknowledges, agrees, and understands that it is the responsibility of the Owner/Applicant to verify all the information provided to the city and to conduct the due diligence as encouraged above and as may otherwise be necessary. The Owner/Applicant is advised that he or she is responsible for the accuracy and sufficiency of all information supplied to the city. The Owner/Applicant acknowledges, agrees and understands that the city is not responsible for errors, omissions or misrepresentations made by the Owner/Applicant. The city and its staff can only provide procedural guidance and reference. The City and its staff cannot provide legal advice.
